Great, thanks! I sent an invitation. Let me know if that time works. I'm in W/T/F next week.

Hi Libby, yes, I think that would be good. I am out of the office this week, in Idaho now for my first visit to the FMC site. David will be attending the meeting with me tomorrow too. I'm returning Wednesday and I will be working from home on Thursday and Friday. If you want to check our calendars for the following week that would be good. Thanks!

Hi Heather and Jan,

Since we just got the FMC RFO, do you have time to sit down (or have a call) for scoping? Since we're both decently new to this, I figure it would be good to go over some of the scope and work you anticipate for the next year.

Thanks!
Libby
