ATSDR
Board of Forestry
Or Farm Bureau
Industrial Aviation applicators
DuPont
Ag Supplier
Industry
Weyerhaeuser
Forest industries
Boise Cascade
Syngenta
Oregonians for Food & Shelter

Anxiety/concerns of the resident that industry will be targeted.
Atrazine is under reviewed, WHO has raised the MCL (50fold?)
Random, unbiased participation is necessary for industry to take the results seriously
If there is validity to human doing industry will want to know.
The pre & post aerial application component is not to specify only that pathway. Instead the study is designed to examine all potential (measurable) pathways
Wey When will the state make a records request?
* State will try to include additional community perspectives *
