Dear Team,

Please note one of the files sent to us by C6 is marked "confidential". I sent these files to you on Friday May 14th (see note below). We do not know why that is or what expectation C6 has of that note, so I have just sent them a note to explain what they mean by "Confidential". In the meantime please do not circulate the comments. Let me know if you have any questions.

Thanks, Michele

Michele, please let me know if the attached .doc files make it through EPA's server.

Michele and David, please find attached a redlined Word version of the Draft UIC Permit that includes our edits and a separate document that chronicles our questions and comments regarding specific sections of the permit. Please let me know if you have any questions or require clarification. Thanks.
