Alan – here's stuff for the Forestry slide. Let me or Greg know if you want to touch base on any of this today. We're in meetings much of the time so I'd suggest sending an email – probably to me – and I can pull us out of our meetings to talk with you if necessary. Thanks for putting this together – hope all goes well tonight!

- Forestry
  - Forest Practices Act sets up an enforceable program/process to achieve and maintain water quality standards
  - Science-based; regulatory and voluntary programs; ongoing evaluation and course correction
