Tina:

Here are some ideas for us on the next meeting. Look at the first two bullets.

Helena, MT 59620-0901

List all companies, the capital cost for meeting NC, the O&M cost for meeting NC, and the annualized cost of meeting NC.

WERF study shows that diminishing returns come in between WERF Level 3 and 4 for , and WERF Level 4 and 5 for .

Agenda:

1) What existing EPA guidance on private firms can we use?

Profit test

2) What new ideas can we bring to the table?
    a. Are there any silver bullets (findings) that would make life easy and data collection minimal or unnecessary?
    b. Focus on "tipping points" for companies
    c. Focus on essential industries in Montana with wide-reaching impacts such as the refineries which supply almost all of Montana's liquid products
3) Data concerns
    a. What data needed
    b. Legal concerns
