Dear Mr. Hodgkiss:

In accordance with 16 TAC § 11.139, Uranium Energy Corp. ("UEC") submits the following:

(1) a spreadsheet listing the exploration holes drilled by UEC under Permit No. 123a during the 2007-2008 permit term; for each exploration hole, the UEC lease and hole number, GPS designation (northing and easting coordinates), driller's total depth, the date drilled, and the date plugged are provided;
(2) a map showing the locations of the exploration holes; and
(3) an affidavit attesting that the plugging and reclamation requirements for each exploration hole have been satisfied. (*The signed, original plugging reports are kept in UEC's Austin office. We would be happy to provide you with copies upon request.)*

UEC has attached one copy of the table that has the GPS coordinates redacted and another copy that displays the GPS coordinates. The copy that has the coordinates displayed is for TRC review. UEC is requesting to keep the non-redacted and the corresponding map confidential. Please refer to the letter dated April 7, 2008 from UEC regarding confidentiality.

Please contact me if you have any questions or if you would like copies of the individual plugging reports.

Sincerely,
