Talked to older Hankins
He wanted to know what would be done + when
Or how long the fence would be up
I told him I couldn't tell him when
but something would happen
He asked where they going to remove the stuff
I said we would probably
remove the soil in there or cover it
He was satisfied
I told him we would let him know
when something else was going to
happen at the site
He thanked me
I thanked him.
