Governor Jim Edgar
Springfield, Ill.
Dear Sir,

I am writing to you with the hope that you will be able to help the people of Cahokia with a problem that we have had for a long time - several years, in fact. I am refering to "DEAD CREEK" - not a pretty name but an accurate one. This so-called creek is a hazar. to our environment. It has been proven to be very toxic and I'm sure it is a breeding ground for mosquitos and other insects as well. Cahokia has had many promises over the years for a clean-up of Dead Creek. My question to you is: When is it going to be cleane and safe for our environment? - And is there an allocation in the Super Fund for this project.

Our mayor, Mike King has been trying for a long time to do

008335

something about this problem but his hands are tied - and we need your help on this. Please don't forget us! - We are proud of our village and want to continue to be proud.

Thank you for your consideration to this matter.

Sincerely,
Mrs. Doris Kaestner
