Okay, thanks Karen. Jane and Gene, since we're talking at 3:30 tomorrow, do you want to cancel the call?

Also, Gene, thanks for the New Development measure info again. I talked with Don, and the response was just what he needed. It was also useful for me to make sure I let the rest of the EPA TMDL folks know about how to take into account New Development. The only thing Don wanted to confirm were all the MS4 communities in the Oregon coastal nonpoint management area. If you have a list handy, that would be great, but no worries otherwise, because we can compile a list and share it with you to confirm we've got all the MS4 communities.

Hi Everyone,

It looks like the first and third Wednesdays generally work for all of us on CZARA and TMDL litigation issues. Let's keep this on the calendars, and we'll adjust if we need to. I'm hoping this will be useful for all of us as we work through all of the issues.

Let's do 10-10:30AM CZARA and 10:30-11AM TMDL litigation to start off. Jayne and I plan to be on for the whole hour, so we can move to TMDL litigation if there isn't as much to go over on CZARA. Jane and Karen, I don't know if both of you want to be on the whole hour, but maybe at the beginning of the call, we can check in with each other if we should adjust times for CZARA or TMDL litigation. Looking forward to all of us talking again - Jenny
