Matt,
Thanks for the letter. We have not received it to my knowledge. We have just received the UAA from GP Crossett. It is of course very large and I think it would be best to send you a copy of the CD. So we can get that off to you today. I received it on the 27th. Good luck. If you have any questions give us a ring. We will begin writing our comments internally on the 24th.

Sarah

Subject: Comments on 2013 Arkansas Department of Environmental Quality Triennial Review

Sarah,

We just received the attached letter from Tulane Law Clinic on Christmas Eve. It's regarding Coffee Creek and Mossy Lake. I wasn't sure if ADEQ was CC'd on the letter?

The letter is requesting a response from EPA. I thought I would check with you all to see if there had been any news regarding the progress of the write-up of the UAA work or a projected timeline?

Any information on the status of this work would be beneficial as we prepare for a response.

Thanks, and happy new year!

Matt
