A 2

3-15-74

153969

To: Paul Tandler
From: Dave Cornell
Subject: Sewer Repair - N.W. Corner Bldg. 80

I Have Verbally Notified Bob Conreaux & Geo. Perschbacher That H.H. Hall Will Begin Excavation Monday Morning (3-18-74). They (H.H. Hall) Would Prefer That The Aisleway Be Closed To All Traffic.

Chuck Hummel Has Been Advised Of The Need To Shut Down The Lift Station & The Possibility Of Needing Auxilary Pumping During The Anode Casting Cycle. He Has Arranged To Rent A Large Pump & Will Have It, Along With An Operator Available As Required.
