Liz, Mindy, et al.
I have gone through and reviewed all of the HQ equities. There are about a dozen that I want to discuss further with Mindy before deciding their disposition. I will plan to do that when we are both back in the office Jan 3 (provided we are not shut down). Everything else looked good to go.

Thanks both of you!

Tim – would you mind connecting with Elizabeth Goldmann on this and she'll get you access. There are 46 documents, so if you are able to review next week, that will probably be ok.

Hi Russ,
I forgot to mention this to you earlier. R9 is managing a Rosemont FOIA and is looking to us to review emails with OW equities. Can you please ID someone who can do the review in Relativity and can work with Elizabeth?

Thanks,
Mindy

Hi Mindy,

I am following up on FOIA R9-2018-008976, Rosemont Copper Mine. I have completed our R9 404 review and identified approximately 46 HQ documents ready for HQ review. Separately, OFA has initiated HQ review of documents with HQ custodians

In relativity, this FOIA has searches located on the left side of the screen. In particular under the **404 search** is a **404 search HQ equities** where the 46 documents are located. Custodians include: Clay Miller, Russ Kaiser, Tim Landers, Lee Foresgren.

Let me know who will be assigned to complete the HQ review and we will get them access to this FOIA on relativity.

We have requested an extension from the FOIA requestor and waiting for a response.

Thanks, Elizabeth

Hi Mindy,

This morning I received a FOIA request from the Rosemont Coppery Company requesting records from November 9, 2016 to June 21, 2018 (see attached). This will require a search of records on relativity. Could you please provide me a list of HQ custodians? I appreciate your attention to this time sensitive request.

Thank you!

Elizabeth
