Hi Vidisha – glad you were able to obtain the current RMP. They changed the facility name on their RMP after the 2009 submission and I think that was a bit confusing.

Jim

Hi Jim,

Please abort my request below. I just received a copy of the 2018 RMP.

Please take care,

Vidisha

Subject: RMP Request

Hi Jim,

I hope this email finds you well. It has been a while since we touched base. I am writing because the CSB is in the process of determining whether to deploy a team to investigate the Intercontinental Terminals Company, ITC incident in Deer Park, TX and would like the most recent RMP on file. I looked on the https://cdx.epa.gov/CDX/MyCDX database, but could only find the 2009 RMP. If you have the latest version, I hear there is a 2018 submission, would you mind sharing a copy with us.

Incident: https://www.bloomberg.com/news/articles/2019-03-21/texas-city-residents-warned-to-stay-indoors-on-benzene-levels

Thank you so much.

Take Care,
Vidisha
