No I have not . I think the discussion will be making a list of what we need and how we need it.

Good morning Karen and Roger,

I set up an Outlook meeting for 9-11am this morning for a meeting with Andrew Hartten. Did you receive any further materials? Thanks!

Best wishes,
Heather

Heather A. Shoven | Enforcement Team Leader | U.S. Environmental Protection Agency, Region 5 Ground Water and Drinking Water Branch | 77 W. Jackson Blvd (WG-15J) | Chicago, IL 60604 | 312-886-0153

Karen,

I can make 9-11 on Thursday work. I would probably include my primary technical resource from AECOM, who has been involved since 2001.

Andrew

Andrew- I've attached the topics we'd like to go over with you and any other technical folks. We plan to have Roger and I and Heather Shoven from Region 5 on the call when set up. Heather indicated she's be available 9-11 EST Thursday morning as best. If that works with you folks. I've attached a call in number we can use for a conference call Ex. 6 Personal Privacy (PP) Ex. 6 Personal Privacy (PP)

As you'll see we're trying to determine data gaps and current status of treatment, etc. at various areas. Hopefully Thursday morning works with you. If not, Wednesday afternoon or Thursday afternoon are good with us, but will need to check with Heather.

Hello Karen and Roger,

I was asked to help schedule a meeting of all necessary resources, legal, etc. If you'd like to provide EPA open dates/times to have a discussion (phone?), I can then work with the Chemours resources on matching up good dates.

We will have a new outside counsel involved. Libby Stennes, who was involved before, may need to take time off for medical reasons. The new attorney is Mike Meloy of Manko Gold. He will work with Bradley Aulick, Chemours attorney. I do not know yet if a DuPont resource will be assigned.

Thanks.....Andrew
