Mary, attached is the briefing sheet that was developed by HQ staff for Betsy Southerland's pre-brief on the California Drought Case on Monday. We've schedule 30 minutes to go over it with you Monday morning.
Also attached for your reference is a one-page excerpt of the definitions from the South Carolina Water Withdrawal Rule so that we can point out the differences to what is being reviewed in CA vs. what we're reviewing for SC. We'll be setting up a separate briefing for you on that issue in the not too distant future with options for your consideration.
