SUMMARY OF COMMUNICATION

I called Mr. Burke in response to his March 14, 1983 letter. He stated that in order for US EPA to enter Riverport Terminal property he wants a hold harmless agreement against all claims and liabilities relating to EPA's activities at the site. He gave me his counsel's name FRANK Pellegrini 314/241-7445 if I wish to have a U.S. EPA attorney discuss this matter with him.

I told Mr. Burke that I would send him a letter in about two weeks after discussing this matter with my attorney & will also include our work schedule and contractor's names.
