ILLINOIS EPA

ENVIRONMENTAL PROTECTION AGENCY STATE OF ILLINOIS
INTER-OFFICE CORRESPONDENCE

DATE: 10/28/81

MEMO TO: File # 1631210 1

FROM: PMMcCarthy

SUBJECT: St. Clair COUNTY – D.L.P.C. Inspection
Sauget / Sauget

GENERAL REMARKS: P.C. Mann of this office joined me on this inspection - Observed that this site is not in compliance with PCB 77-84 - All filled areas were to be final covered by Feb. 24, 1981 however no areas of spread and leveled cover were observed - Active operations continue in the northern portions of the northern site - Random dumping continues at the northern end of the southern site - neither site is restricted - Observed and sampled leachate at point (A) It was observed and photographed - was flowing into the Mississippi - Observed approximately three flow areas, each containing approximately four flows - (B) is other leaching areas -

Note: the leaching was first observed on 10/13/81 - however sampling could not be arranged until today -
