①

Carl Smith / Pillsbury
1) [illegible] rail Agrobusiness

use Mississippi / Ohio Rivers

position

Property –
lease from Riverport terminal and Fleeting Co.
112 N Port St St. Louis

option to buy

filling in land

building tracks found material
in landfill July 1980

found drum in panhandle east
east of Sauget Toxic Dump ~~not between~~
halfway between
May '80 Monsanto removed drums

panhandle stop construction of track

began moving coke from
the site ooze bubble to surface
after discovery of drum

look like paint sludge
polymer

(temporary)

Maintenance Dredge -
to keep barge lanes open

W.B Papageorger Monsanto contact for
Pillsbury

Dredging will have to be conducted

- Sampling protocols for dredge spoils

Dave Berro how deep? might have to ~~[illegible]~~ core

Letter to Pillsbury - request
for site access

review / scope of work / for Pillsbury

if decide to do work themselves

Attorney question -
IPL, why isn't Illinois representative

[send sites that Illinois is considering for $F consideration to Carl Smith Newspaper Article]
