Erica

I hope everything is well in Chicago.

I took a quick look at the forms you sent in. a couple of things jumped out at me. You do not have provide anything before the Dallas meeting, but you probably need to provide us with some additional information.

- Question 1a: Normally, the regions provide a little background/site history for the site to put the site in context so that people can understand what the site is and why we are listing. We send these forms through our chain-of-command and to OPM. Making things understandable prevents alot of follow-up questions
- Bankruptcy: I spoke to Bob. The documentation for bankruptcy is normally a document from the court, or the company's petition for bankruptcy, or some other form that would document that the company is out of business or has an inability to pay. This is very important for a RCRA site. As you know, we received comments from the USS lead related to this issue.

Give me a call.

Thanks
