I couldn't open the document you sent. Here is another version. Sam, when you get a chance, let's talk about some visuals...I think it would be good to have a map or google earth photo that shows the mine and the extent of potential impacts.
Rich and Kathy, here is a draft of the briefing paper for Rosemont. We've tried to front-load the document with our three top issues: what is the project, what are the impacts, and who are the stakeholders. The rest is important information, but I'm not sure how much time he'll have to read it or for us to go over it. Please let me know your comments by tomorrow afternoon; I'd like to gets this to Mike and company by COB tomorrow.
