Dear Mr. Vornberg:

Enclosed are the sampling results for the slag pile in Granite City, Illinois that I promised during our July 15, 1992 telephone conversation. You also asked for a copy of the Superfund off-site policy. This is outlined in Section 121 (d)(3) of CERCLA (Superfund law).

If you have any questions or need further information, please contact me at (312) 886-4742.

Sincerely,

Brad Bradley
