Re: **Scapa Tapes North America (Carlstadt), Inc.**
746 Gotham Parkway, Carlstadt, New Jersey 07072
EPA's 10/16/02 § 104(e) CERCLA Request for Information
Berry's Creek Study Area

Dear Mr. Ausubel:

This firm is environmental counsel to Scapa Tapes North America (Carlstadt), Inc. ("Scapa"). In that regard, enclosed please find Scapa's Response to EPA's Request for Information (including Schedules A–E) regarding the Berry's Creek Study Area. Please note that on or about October 31, 2002 Clay Monroe, Esq. granted Scapa a thirty (30) day extension (through December 20, 2002) in which to respond to EPA's Request. As directed, as you can see, I have provided Mr. Monroe with a copy of Scapa's Response (including Schedules A-E). Please also note that Scapa has attached a facsimile signature page to the Certification of Answers. I will forward you an original executed and notarized signature page to the Certification next week.

Thank you for your attention to the above matters. Please contact the undersigned counsel if you have any questions or if you require any additional information or documentation at this time.

Very truly yours,

Michael J. Naughton

REQUEST FOR INFORMATION

1. a. State the correct legal name and mailing address of your Company.
Scapa Tapes North America (Carlstadt) Inc.
746 Gotham Parkway
Carlstadt, NJ 07072

b. Identify the legal status of your Company (corporation, partnership, sole proprietorship, specify if other) and the state in which your Company was organized or formed.
Corporation, incorporated in the state of NJ.

c. State the name(s) and address(es) of the President, Chairman of the Board, and the Chief Executive Officer of your Company.
Stuart H. Ganslaw, President
c/o Scapa Tapes North America Inc.
111 Great Pond Drive
Windsor, CT 06095

There is no Chairman of the Board or Chief Executive Officer

d. If your Company is a subsidiary or affiliate of another corporation, or has subsidiaries, identify each such entity and its relationship to your Company, and state the name(s) and address(es) of each such entity's President, Chairman of the Board, and Chief Executive Officer.
The Company is a wholly-owned subsidiary of Scapa North America Inc. Stuart H. Ganslaw is the President of Scapa North America Inc. Scapa North America Inc. does not have a Chairman of the Board or a Chief Executive Officer. The address of Scapa North America Inc. is 111 Great Pond Drive, Windsor, CT 06095

e. Identify the state and date of incorporation and the agent for service of process in the state of incorporation and in the State of New Jersey for your Company and for each entity identified in your response to question 1.d., above.
Scapa Tapes North America (Carlstadt) Inc. was incorporated in New Jersey on December 10, 1976. Its agent for service of process is Carmen Tirella, 746 Gotham Parkway, Carlstadt, NJ 07072.

Scapa North America Inc. was incorporated in Connecticut on March 23, 2001. Its agent for service of process in Connecticut is CT Corporation System, One Comercial Plaza, Hartford, Connecticut 06103. It does not have an agent for service of process in New Jersey.

f. If your Company is a successor to, or has been succeeded by another entity, identify such other entity and provide the same information requested in question 1.e., above.
The Company is not a successor to any other entity and it has not been succeeded by any other entity. The current name of the Company, Scapa Tapes North America (Carlstadt) Inc., is the result of an amendment to the Company's articles of incorporation changing the name from Finite Industries, Inc.

2. Provide a description of the Site, i.e. the property or properties in Carlstadt, Bergen County, New Jersey, which your Company owned or owns, or upon which it operated or leased, or currently operates or leases. Include Block and Lot numbers, names of streets or physical features bounding the property(ies), and acreage.
Block number 123, Lot number 38. The property is located on the corner of Gotham Parkway and Universal Place. The address is 736-746 Gotham Parkway. The lot is approximately .99 acres.

The facility is comprised of two separate buildings, connected by a common Loading dock. The building is approximately 27,000 square feet.

3. Provide a narrative description of the nature of the Company's business. If the nature of the Company's business changed over time, please explain how it changed, (including any name changes) and approximately when the changes occurred.
The business manufactures specialty coatings, adhesives and tapes. The largest portion of the business is the purchase of adhesives, and films, and applying the adhesive onto the film. This business has remained constant over the years, with very little change.

4. Please specify the time period during which the Company leased, owned, and/or operated the Site. If the Company leased, owned or operated at portions of the Site, specify the time periods of such involvement, and appropriate block and lot numbers. If your Company ever leased the Site, provide copies of leases, names, current addresses and telephone numbers of each owner of the Site during the period the Company leased the Site.
The Company has operated at the Site since 1977. From August 1, 1981 through the date in 1997 when the Company purchased the Site, the Company leased the Site from 746 Associates, a New Jersey partnership of Robert G. Freidenrich (see response to Question # 13 for Mr. Freidenrich's last known address), Jerry Lippman and Paul Shalita. (Copy of 8/1/81 Lease Agreement is attached).

5. Describe the Site at the time the Company took possession of it. If there was any business at the Site, explain the nature of that business.

The purchase of all of the capital stock of the Company by Scapa Investments, Inc. (the predecessor in interest to Scapa North America Inc., the parent entity referred to in response to Questions # 1.d above) on December 31, 1996, triggered New Jersey's Industrial Site Recovery Act, ("ISRA") N.J.S.A. 13:1K-6 et seq. (Case # 96501). A detailed description of the Company's operations are included in the Preliminary Assessment Report filed by the Company as part of the ISRA compliance. It is our understanding that Robert Freidenrich, the previous owner of the Company, is providing a similar response to EPA and that response should include a detailed description of the Company's operations at the time it began business at the Site.

6. Describe in detail the nature of the activities conducted by the Company at the Site from the time the Company began operations at the Site until the present time, including:

   a. The services performed at the Site;
   We primarily produce specialty tapes and adhesives during a coating process. We also mix adhesives for other divisions to apply coating at their facilities. The majority of our products are sourced from outside suppliers, and applied onto a variety of substrates. These substrates are passed through a coating application , and pulled through an oven, where the adhesive is fully dried and cured. The vapors are collected and channeled into a permitted thermal ozidizer and incinerated.

   b. All products which the Company manufactured, supplied, or sold which resulted from activities at the Site;
   Product produced is either adhesives, which are sold in drums, or finished specialty tapes.

   c. Research and development activities; and
   Research and Development takes places as it relates to the above.

   d. The time period during which those activities occurred.
   The time period for these activities is from 1977 through the current period. There has been no change in the nature of the Company's business since 1977.

7. Did your Company cease operations at the Site? If so, when? Describe the circumstances that precipitated your Company's decision to cease operations at the Site.
No, the Company has not ceased operations.

8. Did your Company generate hazardous wastes at the Site, or does your Company currently do so? Please describe your Company's treatment, storage and/or disposal practices for any hazardous wastes generated at the Site.
Yes, the Company does generate some hazardous waste as a result of its use of hazardous materials during the coating process. This waste is accumulated slowly. These materials are separated into various waste streams, and collected and disposed of through proper channels, and in accordance with all applicable federal and state laws and regulations, including, but not limited to, N.J.S.A. 7:26G-1.1 et seq. Drums of such wastes are shipped through our brokers, ECA, picked up by an approved carrier, and shipped to South Carolina to:

OMNI
Southeastern Chemical & Solvent
755 Industrial Road
PO Box 1755
Sumtec SC 29151.

At Southeastern, the waste is utilized as a fuels blend, and burned during a cement process.

9. Provide a list of all local, state and federal environmental permits ever granted for the Site or any part thereof (e.g., RCRA permits, NPDES permits, etc.).
Reference Schedule A - Permit History

10. List all hazardous substances (as defined in the "Instructions"), which were, or are, used, stored, or handled at the Site.
Refer to Schedule B - Right to Know Reports

11. State when and where each substance identified in your response to Question 10 was, or is, used, stored, or handled at the Site and the volume of each substance.
Refer to Schedule B - Right to Know Reports

12. Describe in detail how and where the hazardous wastes, industrial wastes, and hazardous substances generated, handled, treated, and stored at the Site were, or are, disposed of. If any hazardous wastes, hazardous substances, or industrial wastes were, or are, taken off-site for disposal or treatment, state the names and addresses of the transporters and the disposal facility used.
See Company's response to Question # 8 above; see also Schedule C – Hazardous Waste Manifests

13. Who determined, or determines, where to treat, store, and/or dispose of the hazardous substances and/or hazardous wastes handled at the Site? Provide the names and current or last known addresses of any entities or individuals which made such determination.
Robert Freidenrich (President of Finite Industries, Inc., 1977-1995)

128 East 92nd St.
New York, NY 10128

Ken Taranto (President of Finite Industries, Inc., 1995-1996)
26 Highview Road
Madison, CT 06443

Sat Khurana (Operations Manager of Scapa Tapes North America (Carlstadt) Inc., 1997-1998)
9 Cypress Lane
Marlboro, NJ 07746

Carmen Tirella (Operations Manager of Scapa Tapes North America (Carlstadt) Inc., 1998-2002)
9 Hazel Terrace
Nutley NJ 07110

14. Describe in detail the remedial activities conducted at the Site under CERCLA, the Recourse Conservation and Recovery ACT (RCRA), and/or laws of the State of New Jersey. Describe your Company's involvement in the remedial activities. **There have not been any remedial activities conducted at the Site under CERCLA or RCRA.**

There was a toluene spill (see Response to Question # 15 below), the investigation and remediation of which was conducted under the New Jersey Spill Compensation & Control Act, N.J.S.A. 58:10-23.11 et seq. Also, as noted above, ISRA was triggered by the sale of the capital stock of the Company from the Company's former owner to its current owner (ISRA Case # 96501).

15. Identify all leaks, spills, or releases into the environment of any hazardous substances, pollutants, or contaminants that have occurred, or are occurring, at or from the Site. Specifically identify and address any leaks, spills, or releases to the Berry's Creek Study Area. Identify:

a. when such releases occurred;
A release occurred on July 24, 1986.

b. How the releases occurred
(See Schedule D – Initial Incident Report)

c. the amount of each hazardous substances, pollutants, or contaminants so released (for substances contained in any sewage effluent from the Site,

provide discharge monitoring reports or other data indicating discharge concentrations and loads, as available);
Approximately 100 gallons of toluene was accidentally spilled in one isolated incident.

d. where such releases occurred;
In the rear of the building. See Incident Report annexed as Schedule D which describes the location, source and extent of spill.

e. where such releases entered the Berry's Creek Study Area, if applicable; and
This spill was contained immediately, and did not reach Berry's Creek itself. Evidence of the extensive remediation is available. (See Schedule E, Remediation Records)

f. The pathway by which such releases entered the Berry's Creek Study Area, including any storm sewers, pipes, or other conveyances discharging to a water body or wetland; or via surface runoff, groundwater discharge, or any spills, leaks, or disposal activities.
See Incident Report annexed as Schedule D which describes the location, source and extent of spill.

16. Please complete the form on page 5, below. Indicate on the form whether each of the chemicals listed has ever been released from the Site to the Berry's Creek Study Area, including creeks, ditches, or other water bodies, or wetlands. Follow all additional instructions on the form. In addition, please answer Question 15, above, specifically addressing any chemicals for which you answered "yes".
Two items were checked, Toluene and Hydrocarbons
(See Schedule F – Hazardous Material Checklist)

17. Identify all companies, firms, facilities, and individuals (hereafter referred to as "customers") from whom your Company obtained, or obtains, materials containing Industrial Waste as defined in Number 6 of the Definitions and whose Industrial Waste was, or is, treated, stored, handled or disposed of at the Site. For each such customer:
We believe that there is a typo in Question # 17 and it should refer to "Industrial Waste as defined in Number 7" not "Number 6". With that amendment, the Company does not treat, store, handle or dispose of Industrial Waste at the Site for any customers.

a. Describe the relationship (the nature of services rendered and products purchased or sold) between your Company and the customer;
N/A

b. Provide copies of any agreements and/or contracts between your Company and the customer;

N/A

c. Provide the name and address of each customer who sent such materials, including contact person(s) within said customer;
N/A

d. Provide shipping and transaction records pertaining to such Industrial Wastes sent by each customer, including but not limited to invoices, delivery receipts, receipts acknowledging payment, ledgers reflecting receipt of payment, bills of lading, weight tickets, and purchase orders; and
N/A

e. Provide the name and address of all companies and individuals who transported, or transport, Industrial Wastes to the Site.
N/A

18. For each customers' Industrial Wastes handled, treated, stored, or disposed of at the Site, describe:
N/A

i. the volume;
ii. the nature;
iii. chemical composition;
iv. color;
v. smell;
vi. physical state (e.g., solid, liquid);
vii. any other distinctive characteristics; and
viii. the years during which each customer's materials were handled, treated, stored, or disposed of at the Site.

19. Please supply any additional information or documents that may be relevant or useful to identify other companies or sources that sent industrial wastes to the Site.
N/A

20. Please state the name, title and address of each individual who assisted or was consulted in the preparation of your response to this Request for Information and correlate each individual to the question on which he or she was consulted.

LEASE

THIS LEASE, made as of the 28th day of August, 1981, by and between 746 ASSOCIATES, a New Jersey Partnership, consisting of ROBERT G. FRIEDENRICH, JERRY LIPPMAN and PAUL SHALITA (hereinafter called the "Landlord") and FINITE INDUSTRIES, INC. a New Jersey Corporation with its principal office in Carlstadt, New Jersey (hereinafter called the "Tenant).

W I T N E S S E T H:

1. LEASE. Landlord does hereby lease and demise to Tenant for a period of ten (10) years commencing on September 1, 1981 and ending on August 31, 1991, the land and buildings located at 736 and 746 Gotham Parkway, in the Borough of Carlstadt, County of Bergen and State of New Jersey, as more particularly described on Exhibit A attached hereto and made a part hereof (hereinafter called the "Premises").

2. BASIC NET RENTAL.

(a) During the term of this Lease, Tenant shall pay to the Landlord the sum of $700,000.00 payable in monthly installments of $5,833.33 in advance on the first day of each month, commencing September 1, 1981.

(b) The Tenant has deposited with the Landlord the sum of $35,000.00 as security for the Tenant's performance of the agreements and conditions contained in this Lease. This deposit shall be returned to the Tenant after the termination of this Lease, provided the Tenant has fully carried out the agreements and conditions in this Lease.

3. CONDITION OF PREMISES. At the commencement of the term the Tenant shall accept the buildings and improvements on the Pre-

mises in their existing condition. No representation, statement or warranty, expressed or implied, has been made by or on behalf of the Landlord as to such condition. In no event shall Landlord be liable for any defect in such property or for any limitation on its use.

4. USE OF PREMISES. Tenant shall use and occupy the Premises for any purpose necessary to the conduct of its business, provided such use and occupancy shall not be for any illegal or unlawful purpose or for any purpose which shall be deemed by Landlord to be extra-hazardous.

5. ASSIGNMENT; SUBLETTING. Tenant shall not assign this lease nor sublet all or any part of the Premises without the prior written consent of Landlord, which consent shall not be unreasonably withheld. Any such permitted sublease shall be subject to all the terms and conditions of this Lease and no sublease shall relieve Tenant of any of its obligations hereunder.

6. ALTERATIONS. Tenant shall have the right to make at its own cost and expense modernizations, changes, improvements, additions, installations and renovations in the Premises, but only with the prior written consent of Landlord. Any such alterations shall become the property of Landlord upon the expiration or termination of this lease.

7. INSURANCE. Tenant shall at its own cost and expense pay the premiums on all insurance which Landlord may reasonably require in connection with the Premises, including, by way of example, the following: Fire, demolition, sprinkler leakage, extended coverage, explosion, comprehensive general liability and property damage; such policy shall be payable, in case of loss, to Landlord or as Landlord

otherwise directs.

8. FIRE OR OTHER CASUALTY.

(a) Except as otherwise herein specifically provided, no destruction or damage to any building or improvement on the Premises by fire or other casualty, shall entitle Tenant to surrender the Premises, terminate this Lease, violate any provisions hereof, or cause any abatement of rent. In the event that any building on the Premises shall be damaged or destroyed by fire or other casualty at any time during the term of this lease, the Tenant shall, at its sole expense, forthwith cause the damage to be repaired with all reasonable dispatch, and shall be entitled to obtain from the Landlord any sum received, as insurance for such damages as and if it is paid over to the Landlord, to be paid by Landlord in the manner hereinafter set forth.

(b) Before the Tenant shall proceed with such repairs or with the erection of such new building, Tenant shall furnish to Landlord plans and specifications therefor, prepared, approved and supervised by an architect named by the Tenant and approved in writing by the Landlord, together with a copy of the contract for such repairs or construction made with a reputable and responsible contractor who shall be approved by the Landlord. Tenant shall comply with all applicable governmental laws and regulations and shall complete all work in a first-class workmanlike manner, so that the buildings upon the Premises after such rebuilding and repairing

shall be buildings of the same general character and at least equal in size and value to the buildings on the Premises immediately before such loss, damage, or destruction, and Tenant will pay therefor so that the Premises and the buildings situated thereon shall be free and clear of all liens and encumbrances.

(c) Landlord and Tenant shall make available, subject to approval and release of mortgagee then encumbering the premises, the net sums received, if any, under insurance policies covering such loss, which policies are required to be carried by the Tenant. Said insurance proceeds shall be made available to the party or parties whom Tenant may employ to repair, replace or rebuild the said demised premises, or to Tenant, as Tenant shall make and pay for such repairs, and replacements, or in reimbursement for work and materials actually incorporated in the demised premises and paid by Tenant. Such monies shall be paid to the Tenant or parties employed by the Tenant upon the requisition of the architect in charge of such work. Provided, however, that in each instance of requisition aforesaid, prior to completion of such work, said architect shall also certify to the Landlord, and at Landlord's request, to any mortgagee that the cost of the then remaining work necessary for completion thereof does not exceed the balance of said insurance proceeds as will remain after payment over the amount of the sums so requisitioned, and that such work has been prosecuted in accordance with the plans and specifications therefor. If, in the course of such work, any mechanic's or other lien or notice of intention or order for the payment of money shall be filed against the demised premises or against

Landlord or Tenant or any contractor of Tenant and not removed or released, or if Tenant shall default in the performance of any of the agreements, terms, covenants or conditions hereof, Landlord shall not be obligated to make any payment of such insurance proceeds until and unless such lien or order shall have been fully bonded, satisfied, cancelled, discharged of record or complied with and/or until such default shall have been cured. If the net amount of such insurance proceeds shall be insufficient for the proper and effective repair, replacement or rebuilding of such damaged or destroyed buildings, improvements and equipment, Tenant shall pay the additional sums required, and if the amount of such insurance proceeds shall be in excess of the cost thereof, the excess shall be paid to and retained by Landlord.

(d) Notwithstanding any of the foregoing provisions, the Landlord shall have the option to terminate the lease in the event that (i) the damage results in Total Destruction of the building; or, (ii) the holder of any mortgage on the fee shall require that the proceeds of fire insurance policies be paid in reduction or payment of such mortgages.

(e) If Landlord shall be receiving payments from an insurer under a policy of rent insurance provided by Tenant, at its expense, there will be partial abatement of rent by reason of damage or destruction of the building or buildings on the Premises by fire, the elements or any other cause or by reason of the Premises being rendered wholly or partly untenantable because of such damage or

destruction, which shall continue until said Premises are made tenantable, such abatement to be only to the extent of the proceeds received by the Landlord under such policy.

* * *

THE REMAINDER OF THIS PAGE IS INTENTIONALLY NOT USED

9. REPAIRS. Tenant shall, at all times during the term of this lease, and at its own cost and expense, put, keep, replace and maintain the Premises in good repair and good and substantial order and condition, reasonable wear and tear excepted. Tenant shall also, at its own cost and expense, keep and maintain in good repair and good order and safe condition, and free from dirt, snow, ice, rubbish and other obstructions or encumbrances, the parking areas, sidewalks and curbs appurtenant to the Premises.

10. SERVICES. Landlord shall not be required to furnish any services or facilities or to make any repairs or alterations in or to the Premises. Tenant hereby assumes the full and sole responsibility for the conditions, operations, repair, replacement, maintenance and management of the Premises.

11. ADDITIONAL RENTAL: TAXES, ASSESSMENTS, ETC. During the term of this lease, Tenant shall, as additional rent, pay and discharge as and when due and payable without penalty:

(a) All real estate taxes assessed, levied or imposed by the Borough of Carlstadt or any fire district tax or sewer district tax upon the Premises.

(b) All taxes, duties, assessments, water and sewer rental charges, and all other charges of a similar nature, and each and every installment thereof, which shall or may during the term be charged, laid, levied, assessed or imposed upon, or become due and payable, or liens, upon or in respect of the Premises, together with all interest and penalties thereon, under or by virtue of

any present or future laws, rules, regulations, ordinances, orders, requirements or directions or all governmental authorities whatsoever, and all water rents, water rates and charges for water, steam, heat, gas, oil, hot water, electricity, light and power, or other service or services, furnished to the Premises, or the occupants thereof during the term hereof.

(c) Tenant shall have the right to contest or review by legal proceedings, or in such other manner as it may deem suitable (which, if instituted, shall be conducted promptly at its own expense, and free of all expense to Landlord and, if necessary, in the name of Landlord), any tax, assessment, water or sewer rental charge or other charge aforementioned, upon condition that before instituting any such proceedings, if the contested items shall have become payable and shall not have been paid, Tenant shall furnish to Landlord a surety company bond (the premiums on which shall be paid by the Tenant) or other security satisfactory to Landlord, sufficient to cover the amount of the contested items, with interest and penalties, for the period which such proceedings may reasonably be expected to take, securing the payment of such contested items, interest and penalties, and all costs in connection therewith when and if finally determined. Notwithstanding the furnishing of any such bond or security, Tenant shall pay all such items before the time when the demised premises or any part thereof might be forfeited. The legal proceedings herein referred to shall include appropriate appeals from any judgments, decrees or orders, and certiorari proceedings and appeals from orders therein, but all such proceedings

shall be begun as soon as reasonably possible after the imposition or assessment of any contested items and shall be prosecuted to final adjudication with reasonable dispatch. Landlord shall cooperate with Tenant in instituting and prosecuting any such proceedings to such extent as may be necessary. In the event of any reduction, cancellation or discharge, Tenant shall pay the amount finally levied or assessed against the Premises or adjudicated to be due and payable on any such contested item and if there shall be any refund with respect thereto, Tenant shall be entitled to the same.

12. "NET" LEASE. This is a "net" lease, and except as otherwise specifically provided in this Lease, it is the intention of the parties that Landlord shall receive the annual net rent herein reserved free from all taxes, charges, expenses, damages and deductions of every description, and that the Tenant shall pay all the above items and expenses and damages which, except for the execution and delivery of this Lease, would have been chargeable against the Premises and payable by the Landlord. Tenant, however, shall not be under any obligation to pay any franchise, excise or income tax which is or may become payable by Landlord or which may be imposed against Landlord or against the rents payable hereunder or upon the income or profits of Landlord by reason of any law now in force or hereafter enacted, unless such taxes are a result of a change in the means of taxation of realty from the method now in effect to a different method, such as taxation on a gross rental basis, and then only to the extent such change is in substitution for the present method of taxation or is specifically in lieu of increases in the

rates of taxation under the present method.

13. WASTE. Tenant shall commit no waste or damage to the Premises, nor suffer the same to be committed thereon, and at the termination of this Lease, or any extension thereof, shall quit and surrender the Premises to Landlord in substantially the same condition as when the same were received, reasonable wear and tear, normal depreciation, damage by fire or other unavoidable casualties, and approved improvements, alterations and additions excepted.

14. CONDEMNATION. If all or substantially all of the Premises are taken in condemnation proceedings or by any right of eminent domain for public or quasi-public use, this Lease or the term hereby granted shall terminate and expire on the date when possession shall be taken by the condemning authority, and the rent and other payments herein reserved and required shall be apportioned and paid in full to that date. If such proceeding results in the taking of only a part of the Premises then that part of the annual net rent and other payments herein reserved and required which is earned up to the date of such taking shall be paid, and the annual net rent thereafter shall be apportioned by the parties according to proportionate fair rental value of the Premises remaining and shall constitute the reserved net rent for the remaining portion of the term. In the event of disagreement by the parties, the net rent shall be determined in accordance with the paragraph entitled "Arbitration". In the case of such partial taking, Tenant shall, at its own expense as speedily as circumstances permit, restore the Premises and the buildings thereon to an architectural unit as nearly like that in existence prior to the taking as possible. The Landlord

shall be entitled to the entire award for such taking, but the Landlord shall pay to the Tenant the cost of restoration up to a sum equal to the separate award for consequential damages or the amount of the award allocated to the taking of the structures, whichever is greater, in either case, net of all expenses incurred in the collection thereof. Landlord shall make such payments to Tenant, and Tenant shall make such restoration, in the same manner as provided in Paragraph 8 of this Lease for repairs due to fire or other casualty.

15. INDEMNITY. Tenant shall indemnify and save harmless Landlord from and against any and all liabilities, losses, damages, suits, penalties, claims and demands of every kind and nature, including reasonable counsel fees, by or on behalf of any person, party or governmental authority, arising out of any accident, injury or damage which shall happen in, upon or about the Premises or appurtenances, however occurring (except injury or damage caused by Landlord or his agents), or for any matter or thing growing out of the Tenant's occupation, maintenance, repair, alteration, use or operation of the Premises or appurtenances during the term of this Lease.

16. ADDITIONAL RENTALS. All taxes, costs and expenses which Tenant assumes or agrees to pay hereunder shall be deemed to be additional rent, and in the event of nonpayment thereof Landlord shall have all the rights and remedies herein provided for in the case of nonpayment of rent or breach of a condition.

17. DEFAULT.

(a) In the event Tenant shall default in making any payment required hereunder or default in complying with any provisions hereof, and if such default shall continue for a period of ten (10) days after notice thereof by Landlord to Tenant, Landlord may (but shall not be obligated to) make any such payment or comply with any such provision, and all sums so expended by Landlord shall be deemed to be additional rental, together with Landlord's reasonable expenses and reasonable attorneys' fees incurred in connection therewith, and Landlord shall have the right to enter the Premises for the purpose of correcting or remedying such default, but no such payment by Landlord shall be deemed to be a waiver of Tenant's default nor shall it affect any remedy of Landlord by reason of such default.

(b) Anything herein contained to the contrary notwithstanding; (i) In the event any installment of basic net rent or additional rent shall be in arrears and unpaid by Tenant for a period of ten (10) days after the same shall become due and payable, it shall be a default under this lease; or (ii) In the event any other payment herein required of Tenant shall be in arrears and unpaid by Tenant for a period of thirty (30) days after the same shall become due and payable, or in the event Tenant shall default in the performance of any of the other covenants and agreements of this lease and shall fail to correct such default within thirty (30) days after written notice thereof from Landlord, or in the event a petition in bankruptcy or for a receiver is filed by or against Tenant, or if the Tenant shall make an assignment for the benefit of creditors or if Tenant's interest

herein shall be sold under execution or if Tenant shall abandon the Premises, it shall be a default under this lease.

(c) If any event of default occurs, Landlord shall have the right without any previous demand or notice whatever, to reenter or take possession of the Premises, and such reentry or taking of possession shall, at the option of the Landlord, end and terminate this Lease.

(d) Any termination by the Landlord under this Clause 17, shall not end the obligation of Tenant to pay rent to the end of the term.

(e) It is agreed that if Landlord shall give notice to Tenant of a default which cannot be corrected within the said thirty (30) day period, such default shall be deemed to have been cured if Tenant shall begin the correction of the said default within said period, and shall diligently prosecute the correction thereof.

18. GOVERNMENTAL REGULATIONS. Tenant shall, at its sole cost and expense, promptly comply with and conform to all present and future statutes, ordinances, orders, regulations and requirements of the Federal, State and local governments that are applicable to the Premises, and shall save Landlord harmless from all fines, penalties and costs for violation of or non-compliance with the same.

19. LIENS. Tenant shall have no power to do any act or make any contract which may create or be the foundation for any lien, mortgage or other encumbrance upon the reversion or other estate of Landlord, or of any interest of Landlord in the Premises or in the buildings or improvements thereon, it being agreed that should Tenant cause any improvements, alterations or repairs to be

made to the Premises, or material furnished or labor performed therein or thereon, neither Landlord nor the Premises shall under any circumstances be liable for the payment of any expense incurred or for the value of any work done or material furnished thereto; but all such improvements, alterations, and repairs, and material and labor, shall be made, furnished and performed at Tenant's expense, and Tenant shall be solely and wholly responsible to contractors, laborers, and materialmen for furnishing labor and material thereto. If any mechanic's or other lien, charge or order for the payment of money shall be filed against the Premises or any buildings or improvements thereon, or against Landlord (whether or not such lien, charge or order is valid or enforceable as such), Tenant shall, at its own cost and expense, cause the same to be cancelled and discharged of record or bonded within ten (10) days after the date of filing thereof, and Tenant shall indemnify and save harmless Landlord from and against all losses, claims and damages, including reasonable counsel fees, resulting therefrom.

20. WAIVERS. The failure of Landlord to insist on strict performance of any of the covenants or conditions of this Lease, or to exercise any option herein conferred in any one or more instances, shall not constitute a waiver or relinquishment of any such rights with respect to subsequent defaults, but the same shall be and remain in full force and effect.

21. LANDLORD'S COVENANTS. Landlord covenants that Landlord is the owner of the Premises and entitled to enter into this Lease

with Tenant. Landlord further covenants and agrees that upon Tenant's paying said rent and performing all the covenants and conditions herein contained on Tenant's part to be observed and performed, Tenant shall and may peaceably and quietly have, hold and enjoy the Premises hereby demised for the term aforesaid, subject, however, to the terms of this Lease.

22. SUBORDINATION TO MORTGAGE. The Tenant hereby waives and surrenders any and all rights of prior lien which the Tenant has or ought to have by virtue of this Lease over any mortgage or mortgages which are or hereafter shall be placed upon the Premises, or any part thereof, and in particular a mortgage to the New Jersey Economic Development Authority of even date herewith. Tenant agrees to execute any and all papers necessary to effect such waiver and surrender. The Tenant and Landlord agree that such mortgage or mortgages shall take precedence over this Lease and shall be entitled to the same rights and benefits at law and in equity as such mortgage or mortgages would have had if executed, delivered and recorded prior to the execution of this Lease; provided, however, that with respect to any mortgage entered into after the date of this Lease, such mortgagee or mortgagees shall first agree not to disturb the Tenant's use and occupancy of the Premises so long as the Tenant is not in default under any of the terms or covenants contained in this Lease.

23. RIGHT OF ENTRY. The Landlord and duly authorized agents of Landlord have the right to enter the Premises on reasonable advance notice during business hours for inspection purposes, for the

purposes of showing the Premises to prospective purchasers, mortgagees, or tenants, or for any other reasonable requirements of the Landlord.

24. NOTICE OF LEASE. At the option of either party, the Landlord and the Tenant shall execute a short form of Lease for recording purposes, which shall be subject to the approval of counsel for the Landlord and Tenant.

25. OTHER AGREEMENTS. This Lease shall supersede and render of no further force or effect any prior leases, oral or written, between the parties hereto pertaining to the Premises.

26. ARBITRATION. Except as hereinafter provided, any dispute relating to the interpretation, validity or performance of this Agreement, or any dispute arising out of this Agreement which cannot be resolved by any party upon thirty (30) days written notice by either party, shall be settled by arbitration in the City of Englewood, New Jersey in accordance with the rules then prevailing of the American Arbitration Association, and judgment upon the award rendered by the arbitrators may be entered in any court of competent jurisdiction. If, however, Tenant shall default in the payment or rent, including additional rent, Landlord shall have immediately available all the remedies set forth in this Lease for such defaults and Landlord shall not be required to submit such a matter to arbitration before exercising any or all of such remedies. It is the purpose of this Agreement, and the intent of the parties hereto, to make the submission to arbitration of any dispute or controversy arising out of this Agreement an express condition precedent

to any legal or equitable action or proceeding of any nature whatsoever. The cost of any arbitration proceeding under this Paragraph shall be shared equally by the partics to such a dispute.

27. AMENDMENT. This Agreement may be amended at any time by mutual agreement of the parties hereto by an endorsement to this Agreement signed by each of them

28. BENEFIT. This Lease and the provisions hereof shall bind and inure to the benefit of the parties hereto, and their respective heirs, legal representatives, successors and assigns.

29. APPLICABLE LAW. The parties hereto understand, intend, agree and declare that this Lease in all its parts, including the making, consideration, execution and construction hereof, and the remedies with respect to any breach or breaches thereof, is to be governed by the laws of the State of New Jersey.

IN WITNESS WHEREOF, the parties have hereunto set their hands and seals, the day and year first above written.

Designation of Equipment: STORAGE TANK

Effective: 12-28-1989 **Status:** Renewed **Status Date:** 01-18-2001 **Expiration:** 12-28-2004

Certificate to Operate Control Apparatus and/or Equipment

This five year certificate is being issued under the authority of Chapter 106, P.L. 1967 (N.J.S.A.26:2C-9.2). The possession of this document does not relieve you from the obligation of complying with all provisions of the New Jersey Administrative Code, Title 7, Chapter 27.

The equipment covered by this certificate may be subject to at least one periodic compliance inspection, pursuant to N.J.A.C. 7:27-8.8(C). Pursuant to N.J.A.C. 7:27-8.11, you will be invoiced for a $200 fee after each periodic inspection that is conducted. You may also be subject to fees for services that are performed by the department in accordance with the conditions of approval of this document. If you fail to pay a fee, the department may assess civil administrative penalties and/or revoke this certificate.

Pursuant to N.J.A.C. 7:27-6.7(F), the department may modify the conditions of approval of this certificate at the time of renewal or at any time when the certificate is in force, if deemed necessary to protect human health, welfare or the environment.

In accordance with N.J.S.A. 54:4-3.56 to 3.58, you may be entitled to an exemption from taxation if your equipment is taxed and is considered to be an air pollution control device. A tax exemption application may be obtained from the Bureau of New Source Review.

In accordance with N.J.A.C. 7:27-8.3(D), you shall make this certificate readily available for inspection on the operating premises.

The equipment covered by this certificate may be subject to at least one periodic compliance inspection, pursuant to N.J.A.C. 7:27-8.8(C). Pursuant to N.J.A.C. 7:27-8.11, you will be invoiced for a $200 fee after each periodic inspection that is conducted. You may also be subject to fees for services that are performed by the department in accordance with the conditions of approval of this document. If you fail to pay a fee, the department may assess civil administrative penalties and/or revoke this certificate.

Pursuant to N.J.A.C. 7:27-6.7(F), the department may modify the conditions of approval of this certificate at the time of renewal or at any time when the certificate is in force, if deemed necessary to protect human health, welfare or the environment.

In accordance with N.J.S.A. 54:4-3.56 to 3.58, you may be entitled to an exemption from taxation if your equipment is taxed and is considered to be an air pollution control device. A tax exemption application may be obtained from the Bureau of New Source Review.

In accordance with N.J.A.C. 7:27-8.3(D), you shall make this certificate readily available for inspection on the operating premises.

Air Permit Renewal Certificate

Schedule A, Question 9

SAFETYSTU
Version 4.0

Facility: 00917
Permit ID: PCP960009

Mailing Address:
FINITE INDUSTRIES INC
746 GOTHAM PKWY

Carlstadt, NJ 07072

Plant Location:
FINITE INDUSTRIES INC
746 GOTHAM PARKWAY

Carlstadt, NJ .

Designation of Equipment: HOOD FOR COL

Effective: 12-28-1993

Status: Approved Continuing Temporary
Status Date: 12-28-1993

Expiration: 05-04-2003

Certificate to Operate Control Apparatus and/or Equipment

This five year certificate is being issued under the authority of Chapter 106, P.L. 1967 (N.J.S.A.26:2C-9.2). The possession of this document does not relieve you from the obligation of complying with all provisions of the New Jersey Administrative Code, Title 7, Chapter 27.

The equipment covered by this certificate may be subject to at least one periodic compliance inspection, pursuant to N.J.A.C. 7:27-8.8(C). Pursuant to N.J.A.C. 7:27-8.11, you will be invoiced for a $200 fee after each periodic inspection that is conducted. You may also be subject to fees for services that are performed by the department in accordance with the conditions of approval of this document. If you fail to pay a fee, the department may assess civil administrative penalties and/or revoke this certificate.

Pursuant to N.J.A.C. 7:27-6.7(F), the department may modify the conditions of approval of this certificate at the time of renewal or at any time when the certificate is in force, if deemed necessary to protect human health, welfare or the environment.

In accordance with N.J.S.A. 54:4-3.56 to 3.58, you may be entitled to an exemption from taxation if your equipment is taxed and is considered to be an air pollution control device. A tax exemption application may be obtained from the Bureau of New Source Review.

In accordance with N.J.A.C. 7:27-8.3(D), you shall make this certificate readily available for inspection on the operating premises.

NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION

COMMUNITY RIGHT TO KNOW SURVEY FOR 1999

For State and Federal Community Right to Know Reporting

Facility ID: N/A SIC: 2672 NAIC: 322222 (A) Facility Location:

SCAPA TAPES NORTH AMERICA
746 GOTHAM PARKWAY
CARLSTADT, NJ 07072

746 GOTHAM PKWY
CARLSTADT, NJ 07072

(B) Does this facility Produce, Store, or Use Environmental Hazardous Substance on Table A:	(D) Number of employees at facility: 38
1. In any quantity? Yes (X) () No	(E) Number of facilities in New Jersey: 1
2. Above thresholds? Yes (X) () No	(F) Federal EIN: N/A
(C) Facility Status: Active	(G) If you are claiming an R&D lab exemption for this facility, enter your approval number here. N/A

(H) Are you reporting pursuant only to Section 312 of the Federal Emergency Planning and Community Right ot Know Act(EPCRA/SARA, Title III)?

Yes (X) No ()

(I) FACILITY EMERGENCY CONTACT:

Name: CARMEN TIRELLA Title:
Facility Phone Number: (201) 939-0565 Emergency Contact Phone: (973) 542-0067

(J) CERTIFICATION OF OWNER/OPERATOR OR AUTHORIZED REPRESENTATIVE -- I certify under penalty of law that I have personally examined and am familiar with the information submitted in this document and all attachments and that based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the submitted information is true, accurate, and complete.

PART 2
1999 CEHMICAL INVENTORY REPORT

Reporting Period: January 1 - December 31, 1999

SUBSTANCE DESCRIPTION	HAZARDS	INVENTORY INFORMATION	
Name: BENZOYL PEROXIDE	(X) Fire	Container type	BG - Bottles or Jugs (glass)
Substance Number: 0215	( ) Sudden release of pressure	Max. daily inventory	12 - 101 to 1,000 pounds
CAS Number: 94-36-0	(X) Reactive	Avg. daily inventory	12 - 101 to 1,000 pounds
DOT Number: 2085	(X) Acute health effects	Days on site	365
Pure (X) or Mixture ( )	(X) Chronic health effects	Storage pressure	01 - Ambient pressure
Solid (X) Liquid ( ) or Gas ( )	( ) None per MSDS	Storage temperature	06 - Less than ambient temperature but not cryogenic (freezing conditions)
Trade Secret: ( ) Location(s)	AREA D		
Name: ETHYL BENZENE	(X) Fire	Container type	DS - Steel Drum
Substance Number: 0851	( ) Sudden release of pressure	Max. daily inventory	10 - 1 to 10 pounds
CAS Number: 100-41-4	( ) Reactive	Avg. daily inventory	10 - 1 to 10 pounds
DOT Number: 1175	(X) Acute health effects	Days on site	365
Pure ( ) or Mixture (X)	(X) Chronic health effects	Storage pressure	01 - Ambient pressure
Solid ( ) Liquid (X) or Gas ( )	( ) None per MSDS	Storage temperature	04 - Ambient temperature
Trade Secret: ( ) Location(s)	AREAS A & B		
Name: HAZARDOUS WASTE	(X) Fire	Container type	DS - Steel Drum
Substance Number: 2444	( ) Sudden release of pressure	Max. daily inventory	14 - 10,001 to 50,000 pounds
CAS Number:	( ) Reactive	Avg. daily inventory	13 - 1,001 to 10,000 pounds
DOT Number: 1993	(X) Acute health effects	Days on site	365
Pure ( ) or Mixture (X)	(X) Chronic health effects	Storage pressure	01 - Ambient pressure
Solid ( ) Liquid (X) or Gas ( )	( ) None per MSDS	Storage temperature	04 - Ambient temperature

1998 CHEMICAL INVENTORY REPORT

Reporting Period: January 1- December 31, 1998

Please type all responses.
Photocopy this page if you need additional forms.
Read instructions carefully before completing this form.

Substance 1

SUBSTANCE DESCRIPTION
Name: Toluene
Substance Number: 1866
CAS Number: 108-88-3
DOT Number: 1294
Pure ( ) or Mixture (X) *Check one*
Solid ( ) Liquid (X) or Gas ( ) *Check one*
Trade Secret: ( ) *Check if claiming*

HAZARDS (Check all that apply)
(X) Fire
( ) Sudden release of pressure
( ) Reactive
(X) Acute health effects
(X) Chronic health effects
( ) None per MSDS

INVENTORY INFORMATION
Container Type: TA
Max. daily inventory: 14
Avg. daily inventory: 14
Days on site: 365
Storage pressure: 01
Storage temperature: 04
Location(s) Area B Tank (see site plan attached)

Substance 2

SUBSTANCE DESCRIPTION
Name: Toluene
Substance Number: 1866
CAS Number: 108-88-3
DOT Number: 1294
Pure (X) or Mixture ( ) *Check one*
Solid ( ) Liquid (X) or Gas ( ) *Check one*
Trade Secret: ( ) *Check if claiming*

HAZARDS (Check all that apply)
(X) Fire
( ) Sudden release of pressure
( ) Reactive
(X) Acute health effects
(X) Chronic health effects
( ) None per MSDS

INVENTORY INFORMATION
Container Type: TA
Max. daily inventory: 14
Avg. daily inventory: 14
Days on site: 365
Storage pressure: 01
Storage temperature: 04
Location(s) Area A Tank(see site plan attached)

Substance 3

SUBSTANCE DESCRIPTION
Name: Toluene
Substance Number: 1866
CAS Number: 108-88-3
DOT Number: 1294
Pure (X) or Mixture ( ) *Check one*
Solid ( ) Liquid (X) or Gas ( ) *Check one*
Trade Secret: ( ) *Check if claiming*

HAZARDS (Check all that apply)
(X) Fire
( ) Sudden release of pressure
( ) Reactive
(X) Acute health effects
(X) Chronic health effects
( ) None per MSDS

INVENTORY INFORMATION
Container Type: DS
Max. daily inventory: 13
Avg. daily inventory: 13
Days on site: 365
Storage pressure: 01
Storage temperature: 04
Location(s) Area A,B (see site plan attached)

Substance 4

SUBSTANCE DESCRIPTION
Name: Toluene
Substance Number: 1866
CAS Number: 108-88-3
DOT Number: 1294
Pure ( ) or Mixture (X) *Check one*
Solid ( ) Liquid (X) or Gas ( ) *Check one*
Trade Secret: ( ) *Check if claiming*

HAZARDS (Check all that apply)
(X) Fire
( ) Sudden release of pressure
( ) Reactive
(X) Acute health effects
(X) Chronic health effects
( ) None per MSDS

INVENTORY INFORMATION
Container Type: DS
Max. daily inventory: 15
Avg. daily inventory: 15
Days on site: 365
Storage pressure: 01
Storage temperature: 04
Location(s) Areas A,B,C,E(see site plan attached)

Substance 5

SUBSTANCE DESCRIPTION
Name: Hazardous Waste
Substance Number: 2444
CAS Number:
DOT Number: 1993
Pure ( ) or Mixture (X) *Check one*
Solid ( ) Liquid (X) or Gas ( ) *Check one*
Trade Secret: ( ) *Check if claiming*

HAZARDS (Check all that apply)
(X) Fire
( ) Sudden release of pressure
( ) Reactive
(X) Acute health effects
(X) Chronic health effects
( ) None per MSDS

INVENTORY INFORMATION
Container Type: DS
Max. daily inventory: 14
Avg. daily inventory: 13
Days on site: 365
Storage pressure: 01
Storage temperature: 04
Location(s) Area C(see site plan attached)

COMMUNITY RIGHT TO KNOW SURVEY FOR 1997

Schedule B, Questions 10 & 11

For State and Federal Community Right to Know Reporting

Please type this form.

THIS PAGE MUST BE COMPLETED, SIGNED, AND RETURNED.

4 3 3 5 5 8 0 0 0 0 0 2 6 7 2

ATTN: TODD LEWIS
FINITE INDUSTRIES INC.
746 GOTHAM PKWY
CARLSTADT, NJ 07072-2414

(A) FACILITY LOCATION

4 3 3 5 5 8 0 0 0 0 0 0 2 0 5

746 GOTHAM PKWY., CARLSTADT

See instructions if information on these forms is incorrect.

(B) Does this facility **Produce, Store or Use** any Environmental HazardousSubstances listed on Table A:

	Yes	No
1. in any quantity?	X	
2. above thresholds?	X	

(C) Briefly describe the nature of the operations or business conducted at this facility: Manufacture of pressure-sensitive adhesive tapes

(D) Number of employees at facility: 36

(E) Number of facilities in New Jersey: 1

(F) Federal EIN: 22-2141844

(G) If you are claiming an R&D lab exemption for this facility, enter your approval number here. _____

(H) Check box if facility is reporting pursuant only to Section 312 of the Federal Emergency Planning and Community Right to Know Act (EPCRA/SARA, Title III) ☐

(I) FACILITY EMERGENCY CONTACT

Name Todd Lewis Title Process Engineer

Facility Phone Number (201) 939-0565 Emergency Contact Phone Number (201) 939-0566

☐ NOTE: Check box only if the facility information in boxes A, D, E, I or J has changed since your last submittal.

(Electronic Submittal Only)

PART 2
1996 CHEMICAL INVENTORY REPORT

Reporting Period: January 1 - December 31, 1996

Please type all responses.
Photocopy this page if you need additional forms.
Read instructions carefully before completing this form.

SUBSTANCE 1

Name: TOLUENE
Substance Number: 1866
CAS Number: 108-88-3
DOT Number: 1294
Pure ( ) or Mixture (X) *Check one*
Solid ( ) Liquid (X) or Gas ( ) *Check one*
Trade Secret: ( ) *Check if claiming*

HAZARDS (Check all that apply)
(X) Fire
( ) Sudden release of pressure
( ) Reactive
(X) Acute health effects
(X) Chronic health effects
( ) None per MSDS

INVENTORY INFORMATION
Container Type TA
Max. daily inventory 14
Avg. daily inventory 13
Days on site 365
Storage pressure 01
Storage temperature 04

Location(s) Area B tank (See site plan attached)

SUBSTANCE 2

Name: TOLUENE
Substance Number: 1866
CAS Number: 108-88-3
DOT Number: 1294
Pure ( ) or Mixture (X) *Check one*
Solid ( ) Liquid (X) or Gas ( ) *Check one*
Trade Secret: ( ) *Check if claiming*

HAZARDS (Check all that apply)
(X) Fire
( ) Sudden release of pressure
( ) Reactive
(X) Acute health effects
(X) Chronic health effects
( ) None per MSDS

INVENTORY INFORMATION
Container Type DS
Max. daily inventory 14
Avg. daily inventory 13
Days on site 365
Storage pressure 01
Storage temperature 04

Location(s) Areas A, B, C, E (See site plan attached)

SUBSTANCE 3

Name: TOLUENE
Substance Number: 1866
CAS Number: 108-88-3
DOT Number: 1294
Pure ( ) or Mixture (X) *Check one*
Solid ( ) Liquid (X) or Gas ( ) *Check one*
Trade Secret: ( ) *Check if claiming*

HAZARDS (Check all that apply)
(X) Fire
( ) Sudden release of pressure
( ) Reactive
(X) Acute health effects
(X) Chronic health effects
( ) None per MSDS

INVENTORY INFORMATION
Container Type CN
Max. daily inventory 12
Avg. daily inventory 11
Days on site 315
Storage pressure 01
Storage temperature 04

Location(s) Areas A, B (See site plan attached)

SUBSTANCE 4

Name: XYLENE
Substance Number: 2014
CAS Number: 1330-20-7
DOT Number: 1307
Pure (X) or Mixture ( ) *Check one*
Solid ( ) Liquid (X) or Gas ( ) *Check one*
Trade Secret: ( ) *Check if claiming*

HAZARDS (Check all that apply)
(X) Fire
( ) Sudden release of pressure
( ) Reactive
(X) Acute health effects
(X) Chronic health effects
( ) None per MSDS

INVENTORY INFORMATION
Container Type DS
Max. daily inventory 13
Avg. daily inventory 13
Days on site 365
Storage pressure 01
Storage temperature 04

Location(s) Areas A, B (See site plan attached)

SUBSTANCE 5

Name: XYLENE
Substance Number: 2014
CAS Number: 1330-20-7
DOT Number: 1307
Pure ( ) or Mixture (X) *Check one*
Solid ( ) Liquid (X) or Gas ( ) *Check one*
Trade Secret: ( ) *Check if claiming*

HAZARDS (Check all that apply)
(X) Fire
( ) Sudden release of pressure
( ) Reactive
(X) Acute health effects
(X) Chronic health effects
( ) None per MSDS

INVENTORY INFORMATION
Container Type TA
Max. daily inventory 13
Avg. daily inventory 13
Days on site 365
Storage pressure 01
Storage temperature 04

Location(s) Area B Tank (See site plan attached)

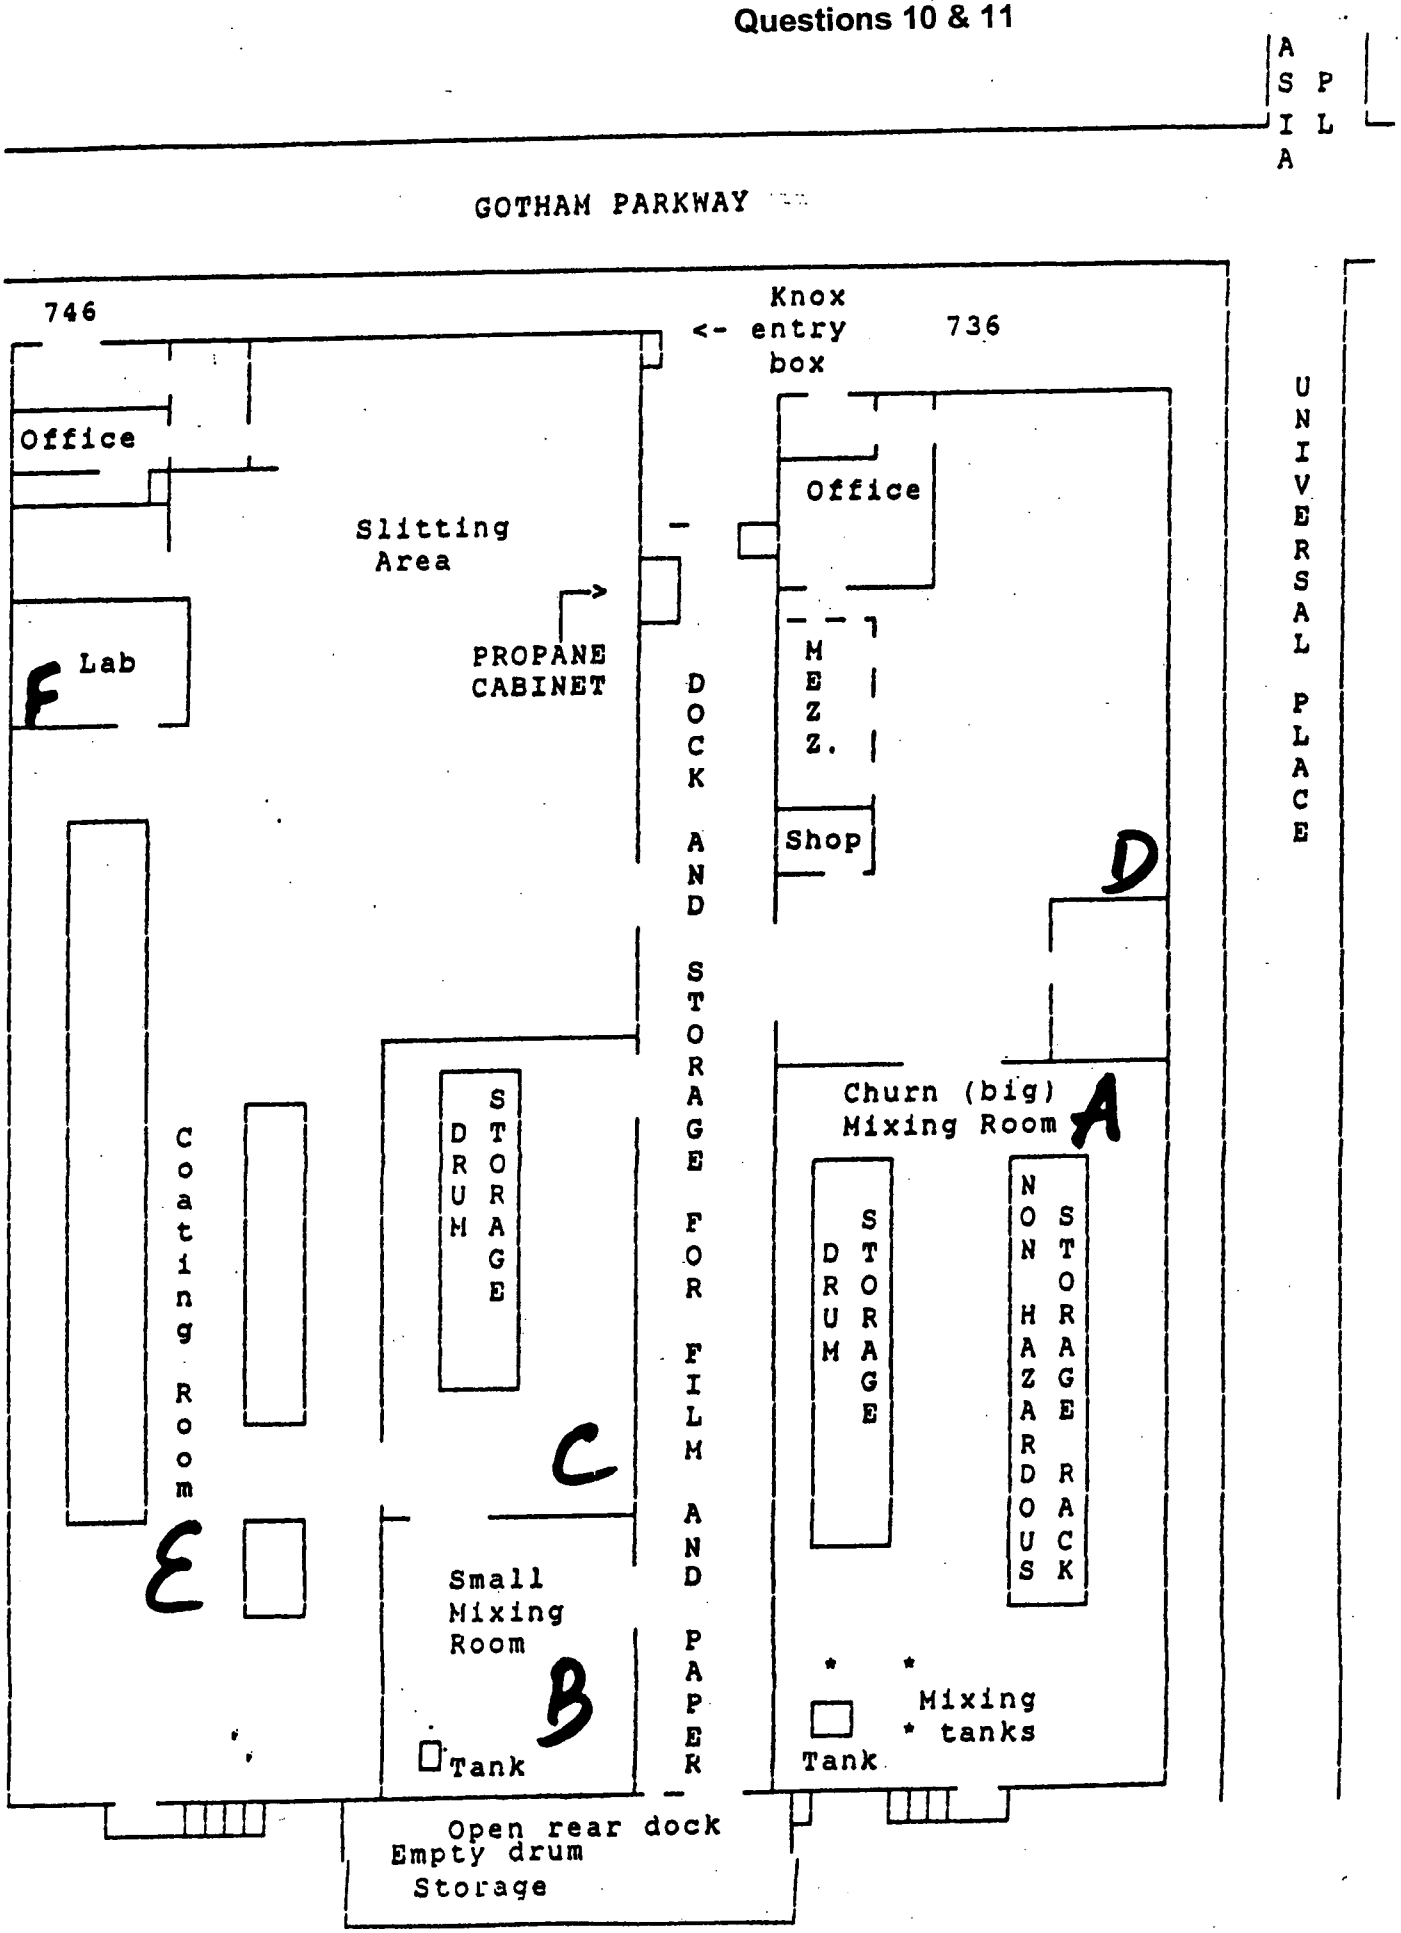
Schedule B,
Questions 10 & 11



Schedule B,
Questions 10 & 11

20 February 1996

Community Right to Know Cordinator
Carlstadt Fire Dept.
500 Madison Street
Carlstadt, NJ 07072

To Whom It May Concern:

As I do not feel the RTK survey accurately represents the hazards at this facility, I would like to describe the locations and contents of the areas in which the hazardous materials are to be found.

Please refer to the map included with the survey report. The only significant hazard is flammability of the materials.

Area A contains a ***maximum*** of 366 55 gallon drums in the indicated drum storage rack, and an additional 240 drums in the corner opposite the mixing tanks. The storage tank shown has a capacity of 4000 gallons, but normally is about half full. The mixing tanks have an operating capacity of about 500 gallons, each. Normally, only one is in use at a time.

Area B contains a 2800 gallon storage tank. The volume of the contents is highly variable. There are usually six storage drums of solvent, and several in process drums.

Area C contains a ***maximum*** of 366 55 gallon drums.

Area E normally contains two to three drums in process, and two to three 5 to ten gallon supply tanks to the machine.

Very truly yours,

William I. Roth
Director of Regulatory Affairs

9/89

Schedule B,
Questions 10 & 11

State of New Jersey
DEPARTMENT OF ENVIRONMENTAL PROTECTION

COMMUNITY RIGHT TO KNOW SURVEY FOR 1989

to satisfy requirements under SARA, Title III, Section 312 and New Jersey Community Right to Know

NJEIN | SIC | COUNTY/MUNIC. | DUE DATE

43355800000--3069--0205
FINITE INDUSTRIES INC
746 GOTHAM PKWY
CARLSTADT, NJ 07072

PEEL HERE

Indicate changes to mailing address on label

IMPORTANT: A separate survey must be completed for each facility.

(A) FACILITY LOCATION
If the facility or township location is different than the mailing address on the label, enter location address or township below.
Same

Check here if you would like your survey mailed to above address ☐

(B) Does this facility use, store, or produce any hazardous materials which must be reported under the N.J. Worker & Community Right to Know Act or Section 312, Title III of the Superfund Amendments and Reauthorization Act?
☒ Yes ☐ No
(See Reportable Substances and Thresholds)

(C) Briefly describe the nature of the operations or business conducted at this facility: Manufacture of pressure-sensitive adhesive tapes

(D) Number of employees at facility: 43

(E) *Number of facilities in New Jersey*: 1

(F) *Dun and Bradstreet No.*: 08 189 5161

(G) *Check the box if you were granted a R&D exemption last year or if you wish to receive an application questionnaire.* ☐

(H) CERTIFICATION OF OWNER/OPERATOR OR AUTHORIZED REPRESENTATIVE — I certify under penalty of law that I have personally examined and am familiar with the information submitted in this document, and that based on my inquiry of those individuals responsible for obtaining the information, I believe that the submitted information is true, accurate, and complete.

Signature William I. Roth Date 28 Feb 90 Phone Number (201) 939.0565

Name (Print) William I. Roth Title Chief Chemist

(I) POLICE AND FIRE DEPARTMENT — Enter the respective phone numbers, names and addresses (including Zip Code) of your local police and fire departments in the spaces below.

POLICE DEPT. Phone Number (201) 438-4300
Name Carlstadt Police Dept
Address 500 Madison St
Municipality Carlstadt Zip 07072

FIRE DEPT. Phone Number (201) 438-4300
Name Carlstadt Fire Dept
Address 500 Madison St
Municipality Carlstadt Zip 07072

(J) FACILITY EMERGENCY CONTACT
Name William Roth Title Chief Chemist
Facility Phone Number 201.939.0565 Emergency Contact Phone Number (201) 548.3706

NOTE: Make copies of this survey! The law requires that you send a copy to your County Lead Agency, Local Emergency Planning Committee and your local police and fire departments.

Questions 10 & 11

File

DEQ-094
9/88

State of New Jersey
DEPARTMENT OF ENVIRONMENTAL PROTECTION

COMMUNITY RIGHT TO KNOW SURVEY FOR 1988

to satisfy requirements under SARA, Title III, Section 312 and New Jersey Community Right to Know

NJEIN | SIC | COUNTY/MUNIC. | DUE DATE

PLACE PEEL HERE

43355900000--3060--0205--990301
FINITE INDUSTRIES INC
746 GOTHAM PKWY
CARLSTADT NJ 07072

Indicate changes to mailing address on label

IMPORTANT: A separate survey must be completed for each facility.

(A) FACILITY LOCATION
If the facility location is different than the mailing address on the label, enter facility address below.
Same

Check here if you would like your survey mailed to above address ☐

(B) Does this facility use, store, or produce any hazardous materials at quantities which must be reported under the N.J. Worker & Community Right to Know Act or Section 312, Title III of the Superfund Amendments and Reauthorization Act? ☒ Yes ☐ No
(See Instructions for reporting thresholds)

(C) Briefly describe the nature of the operations or business conducted at this facility: Manufacture of pressure-sensitive tapes

(D) Number of employees at facility: 36

(E) Number of facilities in New Jersey: 1

(F) Dun and Bradstreet No. 01-818-9516

(G) Check the box if a Research and Development Exemption Claim is being made for any portion of this facility. ☐

(H) CERTIFICATION OF OWNER/OPERATOR OR AUTHORIZED REPRESENTATIVE — I certify under penalty of law that I have personally examined and am familiar with the information submitted in this document, and that based on my inquiry of those individuals responsible for obtaining the information, I believe that the submitted information is true, accurate, and complete.

Signature William I Roth Date 20 Jan 89 Phone Number (201) 939-0565

Name (Print) William I Roth Title Chief Chemist

(I) POLICE AND FIRE DEPARTMENT — Enter the respective phone numbers, names and addresses (including Zip Code) of your local police and fire departments in the spaces below.

POLICE DEPT. Phone Number (201) 438-4300
Name Carlstadt Police Dept
Address 500 Madison St
Municipality Carlstadt, NJ Zip Code 07072

FIRE DEPT. Phone Number (201) 438-4300
Name Carlstadt Fire Dept
Address 500 Madison St
Municipality Carlstadt, NJ Zip Code 07072

(J) FACILITY EMERGENCY CONTACT
Name William Roth Title Chief Chemist
Facility Phone Number (201) 939-0565 Emergency Contact Phone Number (201) 548-3706

NOTE: Make copies of this survey! The law requires that you send a copy to your County Lead Agency, Local Emergency Planning Committee and your local police and fire departments.
(County agency and local committee addresses in Instructions)

MU: CARLSTADT BORO

Indicate changes to mailing address on label.

FACILITY LOCATION

If the facility location is different from the mailing address on the label, enter facility address below.

Same

Check here if you would like your survey mailed to the above address. ☐

APPLICABILITY

Do you have ten (10) or more full-time employees? ☒ Yes ☐ No

Do you manufacture, process, or import any chemicals covered by Section 313 of SARA in quantities greater than 75,000 lbs.? (See Form R Instructions) Do you otherwise use any of the chemicals in quantities greater than 10,000 lbs.? ☒ Yes ☐ No

If you have checked "No" to either of the above questions, you do not need to complete Sections A or B. Simply sign the certification statement below (Item #5) and return this page to the above address.

SECTION A GENERAL FACILITY INFORMATION

1. NJPDES Number N/A
2. APEDS Plant ID 00917
3. DPCC ID Number N/A
4. Lot # 65 Block # 123
5. CERTIFICATION OF OWNER/OPERATOR OR AUTHORIZED REPRESENTATIVE — I certify under penalty of law that I have personally examined and am familiar with the information submitted in this document, and that based on my inquiry of those individuals responsible for obtaining the information, I believe that the submitted information is true, accurate, and complete.

Signature William I. Roth Date 26 Aug 88 Phone Number (201) 939-0565

Name (Print) William I. Roth Title Chief Chemist

RIGHT TO KNOW SUPPLEMENTAL INFORMATION

SECTION B - *Complete one Section B Form for each Environmental Hazardous Substance that meets the reporting thresholds established under SARA Title III, Section 313.*

Photocopy this sheet if you need additional forms.

1. NJEIN 433558000
2. Environmental Hazardous Substance *(See Appendix B Instructions)* Toluene
3. RTK Substance Number 1866 4. CAS Number 108-88-3

THROUGHPUT QUANTITY INFORMATION

5. Starting inventory 3500 lbs
6. Quantity produced on site 0 lbs/yr
7. Quantity brought on site 543515 lbs/yr
8. Quantity consumed on site 0 lbs/yr
9. Quantity shipped off site (as or in product) 0 lbs/yr
10. Ending inventory 3500 lbs
11. Date chemical was first used on site 1978
12. **REQUIRED INFORMATION ON WASTE MINIMIZATION**

Indicate actions taken to reduce the amount of the chemical being released from the facility. See the instructions for completing Form R, Part III, Section 8, Pg. 8 for coded items and an explanation of what information to include.

A. Type of modification (enter code)	B. Quantity of the chemical in the wastestream prior to treatment/disposal			C. Index	D. Reason for action (enter code)
	Current reporting year (lbs/yr)	Prior year (lbs/yr)	Or percent change		
M1	543515	542317	0 %	1.2	R2

13. **DISPOSAL OF WASTES CONTAINING THE ENVIRONMENTAL HAZARDOUS SUBSTANCE**

List below any waste haulers that have been used in the reporting year:

☒ **Off-site location** EPA Identification Number (RCRA ID No.) NJD010010813 4717

Hauler Name: Nappi Trucking Corp

Street Address: Route 34 Box 510

City: Matawan County: Monmouth

Public reporting burden for this collection of information is estimated to average: 37 minutes for generators, 15 minutes for transporters, and 10 minutes for treatment storage and disposal facilities. This includes time for reviewing instructions, gathering data, and completing and reviewing the form. Send comments regarding the burden estimate, including suggestions for reducing this burden, to Chief, Information Policy Branch, PM-223, U.S. Environmental Protection Agency, 401 M St., S.W., Washington, D.C. 20460; and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, D.C. 20503.

GENERATOR

16. **GENERATOR'S CERTIFICATION:** I hereby declare that the contents of this consignment are fully and accurately described above by proper shipping name and are classified, packed, marked, and labeled, and are in all respects in proper condition for transport by highway according to applicable international and national government regulations and the laws of the State of South Carolina.

If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threat to human health and the environment; OR, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford.

GENERATOR

16. **GENERATOR'S CERTIFICATION:** I hereby declare that the contents of this consignment are fully and accurately described above by proper shipping name and are classified, packed, marked, and labeled, and are in all respects in proper condition for transport by highway according to applicable international and national government regulations and the laws of the State of South Carolina.

If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threat to human health and the environment; OR, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford.

Public reporting burden for this collection of information is estimated to average 37 minutes for generators, 15 minutes for transporters, and 10 minutes for treatment storage and disposal facilities. This includes time for reviewing instructions, gathering data, and completing and reviewing the form. Send comments regarding the burden estimate, including suggestions for reducing this burden, to Chief, Information Policy Branch, PM-223, U.S. Environmental Protection Agency, 401 M St., S.W., Washington, D.C. 20460; and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, D.C. 20503.

GENERATOR

16. GENERATOR'S CERTIFICATION: I hereby declare that the contents of this consignment are fully and accurately described above by proper shipping name and are classified, packed, marked, and labeled, and are in all respects in proper condition for transport by highway according to applicable international and national government regulations and the laws of the State of South Carolina.

If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threat to human health and the environment; OR, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford.

Public reporting burden for this collection of information is estimated to average 37 minutes for generators, 15 minutes for transporters, and 10 minutes for treatment storage and disposal facilities. This includes time for reading instructions, gathering data, and completing and reviewing the form. Send comments regarding the burden estimate, including suggestions for reducing this burden, to Chief, Information Policy Branch, PM-223 U.S. Environmental Protection Agency, 401 M St., S.W., Washington, D.C. 20460, and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, D.C. 20503

GENERATOR

16. GENERATOR'S CERTIFICATION: I hereby declare that the contents of this consignment are fully and accurately described above by proper shipping name and are classified, packed, marked, and labeled, and are in all respects in proper condition for transport by highway according to applicable international and national government regulations and the laws of the State of South Carolina.
EMERGENCY CONTACT - 352-323-3500

If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threat to human health and the environment; OR, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford.

Public reporting burden for this collection of information is estimated to average 30 minutes for generators, 15 minutes for transporters, and 10 minutes for treatment storage and disposal facilities. This includes time for reviewing instructions, gathering data, and completing and reviewing the form. Send comments regarding the burden estimate, including suggestions for reducing this burden, to Chief, Information Policy Branch, PM-223, U.S. Environmental Protection Agency, 401 M St., S.W., Washington, D.C. 20460; and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, D.C. 20503.

16. **GENERATOR'S CERTIFICATION:** I hereby declare that the contents of this consignment are fully and accurately described above by proper shipping name and are classified, packed, marked, and labeled, and are in all respects in proper condition for transport by highway according to applicable international and national government regulations and the laws of the State of South Carolina.

If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threat to human health and the environment; OR, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford.

Public reporting burden for this collection of information is estimated to average 37 minutes for generators, 15 minutes for transporters, and 10 minutes for treatment storage and disposal facilities. This includes time for reviewing instructions, gathering data, and completing and reviewing the form. Send comments regarding the burden estimate, including suggestions for reducing this burden, to Chief, Information Policy Branch, PM-223, U.S. Environmental Protection Agency, 401 M St., S.W., Washington, D.C. 20460; and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, D.C. 20503.

GENERATOR

16. **GENERATOR'S CERTIFICATION:** I hereby declare that the contents of this consignment are fully and accurately described above by proper shipping name and are classified, packed, marked, and labeled, and are in all respects in proper condition for transport by highway according to applicable international and national government regulations and the laws of the State of South Carolina.

If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threat to human health and the environment; OR, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford.

Public reporting burden for this collection of information is estimated to average: 37 minutes for generators, 15 minutes for transporters, and 10 minutes for treatment storage and disposal facilities. This includes time for reviewing instructions, gathering data, and completing and reviewing the form. Send comments regarding the burden estimate, including suggestions for reducing this burden, to Chief, Information Policy Branch, PM-223, U.S. Environmental Protection Agency, 401 M St., S.W., Washington, D.C. 20460; and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, D.C. 20503.

GENERATOR

16. **GENERATOR'S CERTIFICATION:** I hereby declare that the contents of this consignment are fully and accurately described above by proper shipping name and are classified, packed, marked, and labeled, and are in all respects in proper condition for transport by highway according to applicable international and national government regulations and the laws of the State of South Carolina.

If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threat to human health and the environment; OR, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford.

EMERGENCY CONTACT: INFOTRAK 352-323-3500

Public reporting burden for this collection of information is estimated to average: 37 minutes for generators, 15 minutes for transporters, and 10 minutes for treatment storage and disposal facilities. This includes time for reviewing instructions, gathering data, and completing and reviewing the form. Send comments regarding the burden estimate, including suggestions for reducing this burden, to Chief, Information Policy Branch, PM-223, U.S. Environmental Protection Agency, 401 M St., S.W., Washington, D.C. 20460; and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, D.C. 20503.

16. **GENERATOR'S CERTIFICATION:** I hereby declare that the contents of this consignment are fully and accurately described above by proper shipping name and are classified, packed, marked, and labeled, and are in all respects in proper condition for transport by highway according to applicable international and national government regulations and the laws of the State of South Carolina.

If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threat to human health and the environment; OR, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford.

EMERGENCY CONTACT: INFOTRAK 352-323-3500

Public reporting burden for this collection of information is estimated to average: 37 minutes for generators, 15 minutes for transporters, and 10 minutes for treatment storage and disposal facilities. This includes time for reviewing instructions, gathering data, and completing and reviewing the form. Send comments regarding the burden estimate, including suggestions for reducing this burden, to Chief, Information Policy Branch, PM-223, U.S. Environmental Protection Agency, 401 M St., S.W., Washington, D.C. 20460; and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, D.C. 20503.

16. **GENERATOR'S CERTIFICATION:** I hereby declare that the contents of this consignment are fully and accurately described above by proper shipping name and are classified, packed, marked, and labeled, and are in all respects in proper condition for transport by highway according to applicable international and national government regulations and the laws of the State of South Carolina.

If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threat to human health and the environment; OR, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford.

Question 15e

S&W WASTE INC. 115 JACOBUS AVENUE SOUTH KEARNY, NEW JERSEY 07032 (201) 344-4004

July 28, 1986

Mr. Bob Friedenrich
Finite Industries, Inc.
746 Gotham Parkway
Carlstadt, NJ 07072

RE: Waste Disposal APPROVAL NO: Pending

Dear Mr. Friedenrich:

S & W Waste, Inc. is pleased to quote for the removal and disposal of solvent contaminated soil currently stored at your Carlstadt, NJ facility.

The following pricing is based upon representative sample received and approval of your waste stream(s), and will be effective immediately. If at the time of RCRA Quality Control testing, the waste does not conform to the representative sample and approved waste stream(s), an additional fee for processing and disposal will be charged.

Disposal (Solid Katy)		$270.00 per ton
Stabilization		185.00 per yard
Container Transport		200.00 per movement
Container Liner		40.00 per liner
Container Demurrage	(after 5 days)	20.00 per day
Manifest		25.00 each
Incoming RCRA Quality Control		100.00 per load

The above pricing is subject to change without notification due to increasing costs at final disposal sites. S & W requests payment be made within 30 days of invoice.

Due to the continuing developments in the availability and costs of insurance, we find it necessary to implement an insurance surcharge of four percent (4%), on all billing charges, effective immediately.

If this proposal is satisfactory, please call our Scheduling Dept at (201)-344-4004 to arrange a pick up of your waste. At the time of scheduling, please advise your three-digit waste approval number. All Purchase Orders and Confirmations should be mailed to the attention of S & W's Customer Service Dept.

Thank you for the opportunity to be of service. You may be assured that we look forward to assisting you in managing your hazardous waste.

Very truly yours,

S & W WASTE, INC.

J. D. Perlstein
Technical Representative

Question 15e

S&W WASTE INC. 115 JACOBUS AVENUE SOUTH KEARNY, NEW JERSEY 07032 (201) 344-4004

July 28, 1986

Mr. Bob Friedenrich
Finite Industries, Inc.
746 Gotham Parkway
Carlstadt, NJ 07072

RE: Waste Disposal APPROVAL NO: Pending

Dear Mr. Friedenrich:

S & W Waste, Inc. is pleased to quote for the removal and disposal of solvent contaminated soil currently stored at your Carlstadt, NJ facility.

The following pricing is based upon representative sample received and approval of your waste stream(s), and will be effective immediately. If at the time of RCRA Quality Control testing, the waste does not conform to the representative sample and approved waste stream(s), an additional fee for processing and disposal will be charged.

Disposal		$270.00 per ton
Stabilization		185.00 per yard
Container Transport		200.00 per movement
Container Liner		40.00 per liner
Container Demurrage	(after 5 days)	20.00 per day
Manifest		25.00 each
Incoming RCRA Quality Control		100.00 per load

The above pricing is subject to change without notification due to increasing costs at final disposal sites. S & W requests payment be made within 30 days of invoice.

Due to the continuing developments in the availability and costs of insurance, we find it necessary to implement an insurance surcharge of four percent (4%), on all billing charges, effective immediately.

If this proposal is satisfactory, please call our Scheduling Dept at (201)-344-4004 to arrange a pick up of your waste. At the time of scheduling, please advise your three-digit waste approval number. All Purchase Orders and Confirmations should be mailed to the attention of S & W's Customer Service Dept.

Thank you for the opportunity to be of service. You may be assured that we look forward to assisting you in managing your hazardous waste.

Very truly yours,

S & W WASTE, INC.

J. D. Perlstein
