Subject: 1/26/17 0915 Update OPA – Magellan Hanlontown Diesel Spill

Current update from the onsite operations briefing for the Magellan pipeline diesel spill near the Iowa/Minnesota border.

- <!--[if !supportLists]-->• <!--[endif]-->Magellan continues to recover product and clear trees to further the removal of impacted materials at the site.
- <!--[if !supportLists]-->• <!--[endif]-->Throughout today the need for 24 hour operations will be evaluated.
- <!--[if !supportLists]-->• <!--[endif]-->There are currently over 100 personnel onsite including representatives from Magellan, RP contractors, Local Responders, IDNR, and 2 EPA Region 7 OSCs.
- <!--[if !supportLists]-->• <!--[endif]-->Magellan and its contractors are evaluating disposal options for impacted materials.
- <!--[if !supportLists]-->• <!--[endif]-->Air monitoring is being conducted onsite and along the perimeter of the spill site.
- <!--[if !supportLists]-->• <!--[endif]-->Magellan has H&S and Public Affairs personnel onsite. A press conference is being planned for today.
- <!--[if !supportLists]-->• <!--[endif]-->No waterways appear to have been impacted. Currently 1 boom location has been established downstream in a creek and two additional booming locations are being added as a precautionary measure. Magellan is developing a contingency plan in case any waterways are determined to be impacted.

Additional updates will be provided as information is received.
