Region 7 ER Report January 27, 2017

Region 7 ER Report

-

REOC Status:

REOC was at Level 3 – Type 5, and is currently at a Level 3 – Steady State.

Significant Events:

- *R7 OSC Susan Fisher demobilized Thursday morning, and OSC John Frey remained on site to assess downstream booming locations and conduct the final coordination with IDNR and onsite Unified Command. No waterways appear to have been impacted. OSC John Frey demobilized Friday morning, and IDNR will maintain oversight while Magellan continues the removal action and long term recovery..*

-

Region 7 Responders and Phone Duty Personnel for January 23 through January 29, 2017:

R1 = John Frey Th-M
R2 = Heath Smith
Day Spill Line = Eric Nold
Evening/Weekend Spill Line:
Monday – Mike Davis
Tues– John Frey
Wed - Thurs – Eric Nold
Friday thru Monday Morning – Paul Doherty

Weather Outlook:

Temperatures ranging from mid-teens to upper-40s throughout the remainder of the week in R7. Mild weather conditions through the weekend with no advisories. Road conditions have dramatically improved in Northern Iowa. For more weather information: http://www.weather.gov
