	① You called West (M.L.) yesterday about the location of a plant we use to own in East St. Louis.
② Yes, I needed a more specific location of the site.	
④ Could I get a copy of the deed if I need it at a later date.	③ I have the deed being sent to me if you need it. I do know who we sold the land to. In 1965 we sold 4.84 Acres to State of Illinois and 6.77 Acres to Union Electric in 1967. The only way to get to the land is by the Poplar Street Bridge Approachment. The site is located between the Illinois Central Gulf RR and Southern RR. It is a land lock property.
⑥ Thank You.	
	⑤ Yes.
