Last communication I have on this is from April 2016. At that time, Lindie had sent Nathan Soccorsy the tolling agreement with Kristin as the designated contact and Megan as the designated signing person. It looks like it might have been signed since the last communication was from Lindie to Nathan asking if she should send the agreement to him.

Thanks Erika!

We are all having to do this as part of a 104E information request for this site-keep open or at least ajar as we will probably need to get back in there fairly soon to make sure we have covered all our bases.

Hello Lindie –

On behalf of Cascade Natural Gas, see the attached draft tolling agreement for the Bremerton Gas Works Superfund Site for DNR's review for execution. Also attached is a cover letter that sets forth the rationale and timelines that necessitate the agreement. As stated in the letter, we will need to have feedback from DNR on or before April 15th.

Please contact me if you have any questions.

Best regards,

Nathan Soccorsy
