Subject:	Citizen Demo outside DEQ HQ Tomorrow 3/3/16
Date:	Wednesday, March 02, 2016 3:24:39 PM

FYI. Please let me know if you want to talk about this. I'm on point to accept accept any communications that may be delivered to DEQ tomorrow during this rally and to support staff. I have not talked to media about this yet.
Thanks, J

Tomorrow, Thursday, March 3rd, a demonstration related to air emissions from Portland glass manufacturers is planned by the Eastside Portland Air Coalition.

The demonstration is planned between the hours of 12:00 and 1:00 with the initial rally beginning in Pioneer Square. According to the web site, a letter is to be delivered to the DEQ which I assume will mean that some or all of the demonstrators will seek to enter our building and arrive on the 10th floor to deliver their document.

We expect this demonstration and subsequent letter delivery to be responsible and within the limits of the law. However, we have taken steps to alert the Portland Police Bureau and our property manager as a precautionary step to ensure the safety of all involved. Please be extra vigilant as you exit the building elevators onto one of our secure floors tomorrow or enter the floors through the stairwell doors. If an unrecognized & unauthorized person enters, they need to be escorted off the floor. If you witness someone gaining entry to one of our secure floors and if you feel comfortable doing so, please ask the person if you can help them and direct them to the 10th floor or out of the building. If you do not feel comfortable doing this, please let me know right away and we will respond as needed.

Thank you all!
