☐ Phone Call ☐ Discussion ☐ Field Trip ☐ Conference
☒ Other (Specify) Meeting

TO: File

FROM: Tony Putter

DATE 2-14-85
TIME 10AM

SUBJECT
Meeting with Dr Turnock, Chicago Board of Health

SUMMARY OF COMMUNICATION

I met with Dr Turnock and offered our assistance with the Pb study proposed by the City for later this year. I indicated we could assist with lab protocol, QC, sample locations and methods and have CDC support. Dr Turnock indicated that he has offers for help and lab space from the State and Argonne National Labs. He will set up a meeting with all groups in a few weeks. He indicated that there seemed to be sufficient interest and support and thus the City would probably do a study this year.

I also indicated that we would probably be doing some site investigation work to determine the source of the problem and would provide this data to the city.
