Rochelle, here was a summary talk I gave about the model recently, plus a recent Tarang slide deck. Feel free to ask for PPT slides instead of PDF for specific slides of Tarang's file and I'll ask him for them. -BC

Hi Ben,

I have to give a broad-ranging nutrients talk to HQ in a couple of weeks, and I am hoping to highlight the Salish Sea model work in my request. Can you send me a couple of slides on the modeling (it is totally fine if you pull from what you already have) - I just don't want to miss it in what I cover.

Thanks so much, Rochelle
