Subject: NOLA Site - Need The Following

Good afternoon and thanks for sending folks to Amarillo for the exercise. Really appreciate it and you made the region shine. For that, I thank you very much.

While in Amarillo, Scott Faller talked with Greg Fife (OSC) and I about the scanner buggy to do some radiation surveys at the Lowerline site in New Orleans.

We would like to have the scanner buggy, along with the personnel, come on-site during the week of June 3, 2019.

Thanks again and looking forward to hearing from you.
