---

Doug – Thank you for the update. Attached is the draft Administrative Order on Consent between Illinois Railway, LLC and EPA that we will discuss during our meeting on Tuesday, July 30th at 1 pm. Our meeting will take place on the 14th floor in EPA's office. Please check in with the receptionist on the 14th floor when you arrive on Tuesday. FYI, I still need to make some minor edits to the draft, including updating the QAPP guidance documents references and requiring environmental data collected pursuant to the Order be submitted to EPA in electronic format.

I am also attaching, for your information, a letter that the Office of State Fire Marshall recently issued to GRAINCO FS requiring the company to conduct a site assessment on property owned by the Illinois Railway. This may be relevant to our discussions next Tuesday.

Please contact me if you have questions before we meet next Tuesday.

Jacquie – thank you for sending the sample result. Is there a map or figure that show where the sample was taken?
I think yesterday's meeting was helpful, and we certainly will be talking more in the future.
