Jonathan- Sorry for the delay in responding. I was giving a lecture this morning at a community college about how the CG responds to oil spills. We can provide a couple of lifejackets, no problem. Makes sures you have hardhats, gloves, flashlights and steel toe boots/shoes. Everyone will meet up at 1000 at the Starbucks.

Shaun - I just left a message on your voice mail. If you have any plan drawings of the decks / interior compartments it would be very useful for us when we are on board.

Richard has explained we are meeting tomorrow at the Longview Starbucks at 10:00 am.

Can you confirm that you will have life vests for Tristen Gardner and I ? We might be able to borrow a couple from the dive team if necessary, but it is proving hard to track down the personnel this week.
