Hi, everyone. Looking forward to speaking with you tomorrow. I will direct attendees on our end to use the call-in information below, provided by Scott. I had suggested same number, different conference code earlier, but I will use this one. Please let your colleagues know, and I will too. Scott, I am assuming I don't have to use my Leader PIN for this call, so I gladly surrender my nominal leader role.

If anyone is compiling an agenda, please distribute. It is my understanding that one focus of the call will be OPP's work on the "Pitchfork Petition," and I am supposing there will be a lot from the West Coast about the public meeting!

I look forward to our call

Jill
