RE: Notice of Violation
Compliance Evaluation Inspection
Tradebe Treatment and Recycling LLC
EPA ID: IND 000 646 943

2012

Dear Ms. Scambiatterra;

In response to the USEPA Region 5's Notice of Violation, dated the 11th of December 2015, Tradebe Treatment and Recycling, LLC (Tradebe) has conducted an internal audit of past Export Reports for the years 2011, 2013, and 2014. This recent audit was conducted by a different individual than who completed the previous reports to provide a new perspective.

Prior to conducting this second review, the Executive Vice President of Environmental Affairs, the Environmental Manager and the Environmental Specialist discussed the steps that would be employed for the audit process with the objective of a conducting thorough review of all information. It was through this exercise, Tradebe confirmed the errors (reported pounds) identified by the USEPA existed, as well as, errors that were not identified. Please note even with the increase in unreported volumes the total quantities that were exported never exceeded the pounds identified in Tradebe's Letter of Intent. Tradebe respectfully apologizes for these human errors and has developed corrective actions to eliminate a recurrence. Included in this submittal is amended 2011, 2013, and 2014 Export Reports.

The revised reports for the corresponding years 2011, 2013 and 2014, will address the underreported volumes as described in paragraph 1, of the USEPA Region 5 Notice of Violation letter, subtitled Primary Exporter of Hazardous Waste Annual Reports. As stated these deficiencies were due to human error. The individual that originally assembled the export data for reporting had transposed information from multiple spreadsheets, which caused the volumes to be either incorrectly tabulated or not pulled from the correct spreadsheet. Therefore, when the information was transferred on to the Export Report, the corrupted volume totals by the UN numbers was compromised.

In response to paragraph 2, of the USEPA Region 5 Notice of Violation letter, subtitled Manifesting for Exported Hazardous Waste, referencing manifesting requirements of 40 C.F.R §§ 262.20-262.23, including preparing a manifest on form 8700-22, stating that Tradebe's manifest were lacking EPA hazardous waste codes on exported manifests. Tradebe's review of the manifests in question has confirmed that wastes exported were received by Tradebe as non-RCRA hazardous waste from generators having exemptions under CESQG status and/or waste from Household Hazardous Waste collection events.

Tradebe anticipates this review will be completed by January 26, 2015.

RE: Self-Disclosure of Internal Audit of 2012 Export Report
Tradebe Treatment and Recycling LLC
EPA ID: IND 000 646 943

Dear Ms. Scambiatterra,

Please find attached Tradebe's 2012 Revised Export Report. Pursuant to our January 15, 2016 letter, this report is a result of an internal audit of Tradebe's 2012 Export Report. Findings from this internal audit identified Tradebe over reported the volume of hazardous waste by 106,431 lbs. The volume represented in the 2012 report should not have included non-hazardous waste, (e.g. waste from CESQG or Household Hazardous Waste).

As stated previously, Tradebe is moving forward by implementing the revised procedure below:

1. Conduct monthly review of each Export Manifest.
2. Maintain an independent file of Exported Manifest(s).
3. Maintain one spreadsheet containing data for each UN number.
4. Prior to releasing an Export Report to USEPA, each data field on the spreadsheet will be compared against data in the export manifest.
5. Tradebe will re-evaluate report procedures in the end of February (Prior to March 1, 2016 submittal)

Tradebe sincerely apologizes for these errors. With the procedure cited above future export reports should be received without error. Please accept the revised updated Export Report for 2012.

Thank you for your time regarding this matter and please feel free to contact me at tita.lagrimas@tradebe.com or call me at 219.746.8713 if there are any questions.

Respectfully,
