Elizabeth, can you give me an expected timeframe for the testing? I may have a window that morning to come over.

Also- is it right off US Rt. 1? If not- what are the directions to find it?

Thanks!

Bob

Elizabeth:

I received your voice mail. And this email. Thank you for the update.

As I mentioned in our call, Sprague and Eastmount can proceed with testing without my involvement in this upcoming event.

I am copying Bob Hartley of MEDEP on this email so he can be aware of the event and I would ask that you keep him copied in my absence. I welcome him to attend but I do believe he is covering another test event this week.

I am away from later this afternoon till june 25.

Please update me via email on any developments.

Bill Osbahr

Bill – I just left you a voice mail. As discussed last week, you were OK with us sampling our asphalt truck rack if the weather and business conditions were favorable. It appears right now that we are anticipating good weather, and Irving is confirming they expect some decent truck traffic. Therefore, Anthony is planning to set up Wednesday evening in Searsport and will plan to begin testing on Thursday. We will let you know if these plans change.

Thanks
Elizabeth
