Re: Coast Guard, all I know is that they had a "leaky" connection from their building to the septic tank. They've since fixed it, but we need to inspect and make sure all is OK. Also, we want to make sure the system as a whole meets UIC standards so that it can be authorized for use under the UIC regs.

Re: Pineview: If the Order goes out while I'm away please make sure Rich (ORC) contacts the BIA's attorney at the Solicitor Generals Office to give them a heads-up. Once this Order is issued, we should get ready for some immediate fall-out. Thanks, Aaron

Aaron, thanx so much for the check-in before you leave!
Appreciate it.

As to Pineview, it was last with Gretchen as of Wed this week and KJ is poised to call NDEP. So if I don't see it come by my desk earlier next week, I'll put out a hunt for it.

If you have time today to respond to the following, great but if not, it can certainly wait till your return: I've been curious about what you learned at [redacted] Coast Guard.

I hope you have a great vacation! Be Safe.

[redacted] b6 [redacted]

Arlene

Arlene:

[redacted] non responsive; discussses other matters [redacted]

Otherwise, I've initiated the PR for Pineview w/ Rusty, who is currently working up a draft. I don't know the status of the Order, as I've not heard anything from ORC for a while. Thus the timing of the Order and PR (and informing interested parties, such as the State of Nevada, and the BIA) is currently unknown.

[redacted]

Lastly, my top priorities when I get back into the office is to schedule the Coast Guard inspection (w/
