RE: Annual Hazardous Waste Disposal Report – Export – RY 2014
Century Aluminum Sebree LLC
EPA ID#: KYD058692526
AI No: 1788

To Whom It May Concern:

Enclosed you will find the required annual report summarizing all hazardous waste exported during the previous calendar year for Century Aluminum Sebree LLC. This report covers the 2014 calendar year.

Century Aluminum Sebree LLC follows its Waste Minimization Pollution Prevention Plan. The plan was developed to meet regulatory requirements as set forth in the Pollution Prevention Act of 1990. The Waste Minimization Pollution Prevention Plant indicates that it is the plants goal to reduce waste (both hazardous and non-hazardous) and maintain continuous improvement as an on-going process. Pollution that cannot be prevented or recycled is treated in an environmentally safe manner.

As shown in the Table 1, spent potliner (the hazardous waste exported) generated in 2014 decreased. This volume decrease was due to a decrease in pot failures for the year.

Table 1. Annual Spent Potliner Generation

	Annual Spent Pot Liner Generated (kg)	Federal Waste Code
2014	3,416.374	K088
2013	3,913,474	K088

The toxicity of the spent potliner generated in 2014 was consistent with 2013.
