Superfund

* Cercla limitation

1.) NPL - Remedial
- KS - 10% match (no O+M is landfilled)

2.) Cost savings

~ 30% > 400

daycares 400-800

- no drip zone sampling
- some easements, not ditches

T 259
10 - daycare/schools > 400
4 - homes > 400

Prime Western
Cyprus Amax

East Iola
- area capped
To be developed
- voluntary clean-up

Monroe + Ks
- installing storage unit/paving

state will proceed w/ vol. clean-up storage unit
possible redevelopment on area

Michelle Quick → needs background data
Targets : # of homes allow
Rex : 3 x background
need statements :→ signed affidavits

speciation - 5 gallon bucket

- Discussion w/ City
re: NPL process
: level of clean-up
PRP noty. letter sent from KDHE → PRP

W. - Iola
Lanyon 1+2
prevailing wind dir. map

determine W. line
Buckeye? / concurrent speciation

RI/FS → initiate during removal (potential)
- dep for county level

* check with property owner for alternative soil type

14 yards (>1200)
60 extrapolated

sample all
3000 yards in town

ATSDR - involvement
letters home only to McKinley

draft action memo
> 1200
