I'll review his previous comments. Let's plan on calling from the 3rd floor conference room.

Wayne will actually be here Wednesday (the only day he is here this week) but not sure what his schedule is. I can be on the call, my calendar is blocked off but I will make myself available. If Wayne is invited I think I would like to be there too. Tim

I know Wayne is out this week, should I suggest you instead?

Danelle,

I will be sending a change to the invite. Hal has asked that Wayne be invited.

Also, Hal noted you can call … no need to come over. The call in information will be on the invite.

Danelle,

After reviewing the ppt and fact sheet, I still have some concerns; some of which I have raised

previously. I'd ask that you work with Carolyn to arrange a time to talk next week.

Thanks

Hi Hal, Ron, Wayne and Tim,

Attached for your review are the draft fact sheet and slides for the East Liverpool Community Meeting that has now been rescheduled for July 11, 2013. I would appreciate your comments by May 30, 2013. We plan to send letters to the study participants informing them of the rescheduled meeting the beginning of June.

In regards to the slides, we did include speaker notes, so do look at the notes section as you are viewing the slides.

I am also attaching the comments and our responses from the review conducted by Stan Durkee, Will Boyes and Tim Benner on these materials.

Also, as an FYI, I am attaching a Mn fact sheet that Ohio Department of Health will be distributing at the meeting. This is an Ohio Department of Health Document that has already been approved by this Agency, not an EPA document, thus no need to provide comments. I wanted you aware of all the materials being distributed at the meeting.

Thank you,

Danelle
