Subject: RE: draft SHC "hot topics" for incoming administrator
Date: Friday, April 05, 2013 7:41:00 AM

Hi Kathryn,

Yes, it is correct that we are currently briefing Region 5. We will be going out to the community with preliminary results in the next couple of months. A date has not been set yet. You mention peer review of results. The peer review of the results will be happening through publishing papers FY14 and 15 and an EPA report documenting the whole project will be in FY16.

Subject: draft SHC "hot topics" for incoming administrator

Bill

As requested, the attached draft table lists six topics that I think are good candidates for briefing the new administrator before October 1.

Pat, Marc, Rob, Danelle, Dixon, Naomi:

Sorry the one day turnaround prevented me calling you all. Please let me and bill know if my cut and pasting has led to confusion, or if you think the work should not be on the list.

Of course the deadline is by 10 am eastern time tomorrow….

Thanks
Kathryn
