Not sure. Need to talk about all the happenings with the Region… they are worried about the results. Trying to get the messaging more clear for them. Wondering now if I need to let Hal know what is going on. OSP is involved so good there.

I can't talk at 10:30. Will be on a call with the Region starting at 10. Had hoped to talk with you before that.

Hi Tim,

Not sure if you are back in town yet or not. If not, can we talk Monday morning?

Thanks,

Danelle
