No need to announce Health Board. I talked to Rosemarie and she will try to get additional info if she can and send to George later this week. East Liverpool is a small town so if the only thing you have is an address, that should also be enough if Rosemarie does not have more info.

The Board of Health Meeting is for the board, not press and public – correct? I was planning to just include the info on the evening meeting in the advisory.

Can you provide me with info on the public meeting – time and location – any other directions such as parking, so I can draft a media advisory notifying local press about it? I'd like to send out the advisory next Monday, but will draft it this week. Thanks.

Hi Hal,

Attached are the final fact sheet and slide presentation for the East Liverpool Community Meeting that will take place on July 11th. The fact sheet has been approved by ORD communication. Also attached as an FYI are the slides that Region 5 will present at the meeting. The Regional Administrator wanted the Region to provide some comments at the meeting and these slides represent those comments.

Please note that all the materials for the public meeting are currently embargoed until July 11, 2013 at 4:00 PM Eastern when they will be presented to the East Liverpool Health Board and Community Meetings. Region 5 Enforcement and Compliance Branch is continuing an investigation into SH Bell. This is an ongoing activity and as such, please do not share Region 5 slides until after our community meeting.

Thank you,

Danelle
