Carolyn – the attached draft media advisory for the July 2013 E. Liverpool meetings is the closest I could find. I'm not sure I saw the "final". Anyway, this gives some idea of the format Phillippa used last summer.

All,

I added the word "preliminary" to results since they aren't yet peer reviewed. I added my comments to George's in the attached.

Thanks!

Hi Phillippa – it looks good but I'd add two words to the first sentence; (1) the word "a" before the words "health study", and (2) the word "adults" to the end of that sentence, i.e.:

"Chicago (July 9, 2013) – The U.S. Environmental Protection Agency will hold a public meeting at 7:00 p.m., July 11 at Kent State University, Slak Shak Meeting Room, 400 East 4th Street, East

Liverpool, Ohio, to share results of a health study of airborne manganese exposure in East Liverpool, Marietta and Mt. Vernon, Ohio adults."

Please review the attached advisory for accuracy and let me know if you have changes.
Michelle – I know that you are also making a presentation, but I wasn't sure how to describe it. Do you want the advisory to say anything about your presentation? If so, please send me a sentence describing it. Thanks.
