Through the FOIA I am looking to obtain answers to the questions below regarding Navy Oils Spill Kits. I attempted to submit an inquiry through the Department of Defense's Navy main office, but the the link below is not working. Our group was referred to Robin Patterson (FOIA Contact,Chief of Naval Operations) and have reached out to her as well. I look forward to speaking with someone regarding this matter

The Navy bid on a moss or peat moss (a like) product. It was won by a company from Canada.

What was the winning bid?

How much per pound does it cost the Navy?

What is the name of the Canadian company?

What other companies submitted bids?

What are their names and prices, address, phone numbers and web addresses?
