Mr. Nagel,

This email follows up our conversation from November 19, 2013 during which we discussed information USEPA would appreciate receiving from AEC to assist in reviewing proposed permit OH0144576 for AEC Bennoc Coarse Coal refuse disposal area.

You had asked me for a written summary of my request, that is attached herein.

I would like to discuss with you as soon as possible this request to ensure AEC's understanding of the request and to minimize any confusion and/or unnecessary work on the company's part.

I called and left you a voice mail message this morning, was hoping to send you the request and walk through it via phone.

Please call me at your earliest convenience so we can discuss the request.

Thanks for your time and consideration as regards this matter,

Janet
