I made a few small changes to the letter and changed the addressee from Paul Novak to Scott Nally, the OEPA Director. General and specific objections need to be sent to the State Director. The revised version is attached.

Janet - I took the draft General Objection letter you prepared in September and modified it to develop a General Objection letter for the October proposed permit. It is attached. I'm going to start drafting the specific objection letter and hope to have a working draft I can send to you, Rob and Krista sometime next week. I know we have plenty of time on the specific objection, but think it will be useful to have a working draft to help focus our thinking and efforts.

Thanks,

Gary
