Attn: Ruben Fernandez
Re: New Pricing Schedule for Waste Water and Sludge Stream profile number 1289

Dear Ruben:

As always, CES Environmental Services, Inc. appreciates the opportunity to be of service to Dana Container. We strive to provide Dana Container with a quality service at a competitive rate. Do to additional environmental constraints recently placed on us by government agencies we have to slightly increase the base rate from .075 to .08 cents per gallon. This rate allows phenol up to 15 ppm, solids up to 2%, with toc up to 10,000. Anything additional will get surcharged as follows:

Wastewaters-TOC	Base Rate
0-10,000	.08
10,001-20,000	.12
20,001-30,000	.15
30,001-40,000	.20
Phenol Surcharge	
15-50ppm	.04/gal
Over 50 ppm	.04/gal/50ppm

Note: Your base rate includes solids up to 2% additional solids will get quoted based on .01 cents/gallon per percent solids.

EPAHO097002524

It is our sincere hope that you find the new pricing schedule appealing. We value our continued relationship with Dana Corp. If you have any questions or comments or would like to begin service, please feel free to contact me at 713-240-4112.

Sincerely,

Ken Noakes
Account Manager

Subject
Recertification

Dear Sean:

Thank you for the recertification of the Spent Alkaline Bath waste stream from DMV Stainless USA's Houston, Texas facility. This stream is handled under Agreement EM-2533-0001, Lab #24294.

In reviewing the current Generator's Waste Profile and based on the latest shipment of this waste stream, there are no parameters that need to be changed.

The cyanide parameter "0" will be the standard cyanide parameter for all disposal commitments.

After reviewing the sample, there is no change in the disposal price or surcharge rates.

This recertification is effective December 29, 2005. This profile will expire December 29, 2006.

Best regards,

Charles Bradley

Mr. Robert Holroyd
DMV Stainless USA, Inc.
12050 W. Little York
Houston, TX 77041

Dear Robert,

Thank you for giving CES Environmental Services the opportunity to submit this quotation for the transportation and disposal of the alkaline bath carrying the EPA codes D002 and D007. The following are the rates for the aforementioned service:

• Disposal of Waste Corrosive Liquids (D002, D007):	$ 0.10	$ 0.28/gallon
• Solids Surcharge per each % solids greater than 0.4%:		$ 0.08/gallon
• Organics Surcharge per each % organics greater than 0.4%:		$ 0.02/gallon
• Transportation to Disposal Facility:		$ 65.00/hour
• Truck Wash:		$175.00/each

The rates listed in this quotation are not inclusive of any applicable taxes and are valid for 30 days from the date listed above. Please feel free to contact me at (713) 416-4160 with any questions. Thanks again for the opportunity to service DMV Stainless USA, Inc.

Sincerely,

Sean Easton
Vice President

VOPAK INDUSTRIAL SERVICES SALES CONTACT: Vicki Huddleston

Generator wishes to PROHIBIT management of this waste stream by __ Underground Injection
by __ Subtitle C/D Landfill

To Whom it May Concern:

This letter is being submitted to fulfill the annual re-certification requirements of the contracted waste, listed above. The waste stream has been fully characterized as indicated on the original certified "Generator's Waste Profile" (GWP) to establish the waste contract. This documentation is to inform you that all pertinent chemical and physical data as shown on the GWP have not changed. Also, any originally submitted MSDS sheets, analytical data or Underlying Hazardous Constituents documents (UHC form) remain accurate. For re-characterization of the waste stream, the originally submitted contract paperwork is still accurate and correct.

Recertification	713/ 561-7252	713/ 561-7322	December 16, 2002

Dear Sean:

Thank you for the recertification of the Spent Alkaline Bath waste stream from DMV Stainless USA's Houston, Texas facility. This stream is handled under Agreement EM-2533-0001, Lab # 24294.

In reviewing the current Generator's Waste Profile and based on the latest shipment of this waste stream, there no parameters that need to be changed.

The cyanide parameter "0" will be the standard cyanide parameter for all disposal commitments.

After reviewing the sample, there is a change in the disposal price and the addition of a Metals Surcharge as follows:

Disposal Charge:	$0.28 per gallon, $500.00 minimum per load.
Excess Metals Surcharge:	$0.06 per gallon for each 50 ppm of total metals over 50 ppm.

These changes will be effective January 16, 2002. This profile will expire December 4 , 2003.

Best regards,

Charles Bradley

RE: Contractor's Anti-Drug Program Certificates

Enclosed are 3 certification cards (16813-16817) for your Company to issue to each of your employees scheduled for work at Enterprise. Your employee(s) must have a negative drug screen test result within a year of providing the service at our site. Please send me a copy of each completed certificate for my records.

Prior to work at any Enterprise operational facility, you must send me a list of your employees (scheduled to work at Enterprise) by name, position, and date of current negative drug screen. You must also provide an "updated list" to the Enterprise site representative where you are scheduled to perform work at the time of arrival. This information must be kept current within the duration of the contract.

Thank you for your cooperation.

Sincerely,

Sharon Berry

WORK CONTRACT NO. _____

ORIGINATOR _____
(Type/Print Department and Location)

ENTERPRISE PRODUCTS OPERATING L.P.

SERVICE AGREEMENT (Rev. 08/98)

THIS CONTRACT is entered into this 11th day of September, 2000, in the City of Houston, Harris County, Texas, between ENTERPRISE PRODUCTS OPERATING L.P., a Delaware limited partnership, P. O. Box 4324, Houston, Texas 77210-4324 ("Company"), and:

CES Environmental Services, Inc.,
(Full Legal Name)

a Texas (State) Corporation (Corporation, Partnership or Sole Proprietorship)

3901 Trailmobile Dr.
(Address)

Houston (City), TX (State) 77013 (Zip) ("Contractor").

IN CONSIDERATION of the mutual promises in this Contract and other good and valuable consideration, the parties agree as follows:

I. APPROVED CONTRACTOR LIST Upon execution of this Contract by Contractor and Company, Contractor shall be included on Company's Approved Contractor List, indicating Contractor's eligibility to perform Work for Company; and Company and Contractor agree that this Contract shall remain in force until terminated as provided by its terms.

II. DEFINITIONS "Contract" and "Agreement" mean this Contract and any subsequent oral or written Work order or agreement (together with any drawings, specifications or other exhibits attached to it) between the parties for Work. "Work" means all labor, goods, materials and services required to be performed and furnished by Contractor under any Agreement.

III. PERFORMANCE Contractor represents and warrants that all Work shall be in strict accordance with and subject to all Contract terms and conditions, that it has adequate equipment in good working order and fully trained personnel capable of efficiently operating such equipment or performing any services provided under any Agreement, and that all Work shall be performed in a good and workmanlike manner, satisfactory and acceptable to Company. Contractor represents and warrants that it shall be able to fulfill all of its obligations under any Agreement with no degradation in performance due to the calendar change from 1999 to 2000 and beyond January 1, 2000.

IV. INDEPENDENT CONTRACTOR Contractor is and shall be an independent contractor with respect to Work, and neither Contractor nor its employees or subcontractors or their employees shall be deemed, for any purpose, to be the employee, agent, servant, or representative of Company in the performance of Work. Company shall have no direction or control of the Contractor or its employees and agents except in the results to be obtained. Work shall conform with all applicable specifications and meet the approval of Company and shall be subject to the general right of inspection by or for Company. The actual performance and superintendence of Work shall be by Contractor, but Company or its representative shall have unlimited access to Contractor's operations to determine whether Work is being performed by Contractor in accordance with the Contract.

V. EMPLOYMENT CONTRIBUTIONS AND BENEFITS Contractor agrees to accept full and exclusive liability for the payment of and to pay when due any and all premiums, contributions and taxes for Workers' Compensation Insurance and Unemployment Insurance and for old age pensions, annuities and other retirement benefits imposed by or pursuant to Federal or State law and measured by the wages, salaries or other remuneration paid to persons employed by Contractor; and Contractor further agrees to indemnify and hold Company harmless against any liability for any such premiums, taxes or contributions which may be assessed against Company with respect to Contractor, its employees or subcontractors.

VI. TAXES AND FEES Contractor agrees to accept full and exclusive liability for the payment of and to pay when due all taxes, licenses and fees levied or assessed by any governmental agency on Contractor in connection with or incident to the performance of any Agreement. Contractor agrees to require the same covenant of and be liable for any breach of it by its subcontractors. Contractor agrees to reimburse Company on demand for all such local, state or federal taxes or governmental charges which Company may be required or deem it necessary to pay on account of employees of Contractor or its subcontractors, or Company may deduct such payments from any sums which may be or become due to Contractor from Company; Contractor agrees to furnish Company with timely, sufficient and accurate information to make such reports and to pay such taxes and governmental charges if requested by Company.

VII. LABOR AND MATERIAL Contractor shall pay all claims for labor and material related to the Work and shall not permit any liens of any kind to be fixed against the property of Company or the property of others arising out of claims of Contractor, its employees, mechanics, materialmen, or subcontractors; and upon the completion of the Work, Contractor shall furnish Company with evidence satisfactory to Company of the payment of all such claims. Contractor shall indemnify and hold harmless Company from and against all such claims or liens; and Contractor agrees, that, without waiver of any other rights or remedies available to Company, any sums due to Contractor from Company may be withheld and applied by Company toward the discharge or payment of any such claims or liens.

VIII. PAYMENT FOR WORK Payment for Work shall be as provided in Exhibit II or as provided in any Agreement. Payment for Work performed on a reimbursable-cost basis shall be made by Company to Contractor in accordance with Contractor's then-current rate schedule; Contractor shall furnish Company its rate schedule prior to commencing any such Work and notify Company in writing of any changes in the rate schedule. Neither payment for nor use of Work in whole or in part by Company shall constitute acceptance of any Work or materials which do not conform to Contract terms and specifications or settlement of any unsettled claims, liabilities, duties, liens or other encumbrances. Contractor shall keep accurate books and records of all Work, and, within two (2) years from the completion of Work under a particular Agreement or the termination of this Contract, whichever is earlier, Company or its representative shall have the right to

inspect, copy and audit, during Contractor's normal business hours, its books and records of every description for the purpose of determining the accuracy of any charges, claims or demands relating to Work.

IX. COMPLIANCE In the performance of all Work, Contractor warrants and represents that it and its subcontractors shall comply with all applicable statutes, ordinances, rules and regulations, including but not limited to those administered by the U.S. Occupational Safety and Health Administration, the U.S. Environmental Protection Agency, the U.S. Department of Transportation ("DOT") and state agencies exercising concurrent or similar jurisdiction; and Contractor shall indemnify and hold harmless Company from any and all claims or demands of a penal nature or civil penalties which may arise from violation of such statutes, ordinances, rules and regulations by Contractor or any subcontractor employed by it.

X. COMPANY PREMISES Contractor shall conform and shall require its employees, agents and subcontractors to conform, while at or near the location of the Work or on Company's premises, to all requirements of Company, including, but not limited to, Company's rules of conduct, safety rules, contractor safety policies, routes of ingress and egress and other requirements for the protection of persons or property. Contractor shall provide and take all safety precautions which the nature of the Work may require or indicate and keep the Work location free from accumulations of waste and rubbish. Upon completion of all Work, Contractor shall clean up and dispose all waste and rubbish generated by it or its subcontractors, collect unused material belonging to it or its subcontractors, and restore the location to as clean and orderly a condition as existed prior to commencement of the Work.

XI. ACCIDENT REPORTS Contractor shall report to Company in writing, as soon as practicable, all accidents or occurrences resulting in bodily injury, including death, or damage to or destruction of property arising out of or during the course of performance of any Agreement and, upon request, shall furnish Company with copies of all reports made by Contractor to Contractor's insurer or to others of such accidents and occurrences.

XII. DRUG-FREE WORKPLACE A. Contractor and each of its subcontractors performing Work at any Operational Facility shall establish and enforce within its organization an anti-drug program to assure a drug-free workplace. Contractor's anti-drug program shall include provisions for the auditing by Contractor of its subcontractors' anti-drug programs. "Operational Facility" means the entire premises of each Company processing plant, terminal, loading rack, pipeline, storage facility, warehouse, garage, shop, construction location and field worksite.

B. Contractor represents and warrants that it and its subcontractors shall assign and allow to Work at Operational Facilities only employees who have current negative drug screen results under their employer's anti-drug program. A current result is one based on the most recent drug screen performed within 12 months of a day on which Work is to be performed.

C. Before performing Work at any Operational Facility, Contractor shall furnish and cause each of its subcontractors to furnish Company with documentation of their respective anti-drug programs demonstrating that each program meets or exceeds the requirements of Company's Drug, Alcohol and Illegal Items Policy attached hereto as Exhibit III and meets or exceeds the requirements of any applicable law or regulation. Complete records of the anti-drug program shall be kept at Contractor's and each subcontractor's home office, respectively, and be available for audit by Company during regular office hours. Failure or refusal by Contractor or a subcontractor to establish and maintain a satisfactory anti-drug program, keep adequate records of it, or permit Company to audit compliance with it shall be grounds for immediate suspension of Contractor's and its subcontractor's authorization to proceed with Work or termination of this Contract.

D. Before performing Work at any Operational Facility, Contractor and each subcontractor shall certify to Company in a writing signed by an executive officer of the employer that each employee (identified by name, Social Security Number or employee I.D. number and date of drug screen result) who will perform Work at the Operational Facility has a current negative drug screen result under the employer's anti-drug program. Such certification shall be kept current throughout the duration of the Work, and notice of any change in an employee's certified status shall be given by the employer to Company in writing immediately. Company may exclude from Operational Facilities any Contractor or subcontractor employee who does not have a current certification, and any delay in the performance of Work due to lack of properly certified employees will be for the account of Contractor.

E. On any pipeline or other DOT-regulated work, Contractor and its subcontractors shall also furnish Company with written certification of each employee's negative drug screen results under DOT regulations.

XIII. INSURANCE A. Contractor, at its own expense, shall provide and maintain in force with insurance companies acceptable to Company the kinds of insurance and minimum amounts of coverage set forth in paragraph B, below, to cover all loss and liability for damages on account of bodily injury, including death, and damage to or destruction of property caused by or arising from any and all activities carried on or any and all Work performed under any Agreement. Contractor shall cause its insurer to name Certificate Holder as an additional insured on its Auto, General and Excess Liability insurance policies and grant Certificate Holder a waiver of subrogation on its Workers' Compensation insurance policy. "Certificate Holder" shall have the meaning provided in the Certificate Holder Definition in Exhibit IV. If Contractor fails or refuses to carry out any of the provisions of this Article XIII, Company shall, in addition to any right to recover damages or obtain other relief, have the right to suspend Contractor's authorization to proceed with Work or terminate this Contract.

B. 1) WORKERS' COMPENSATION (Including Occupational Disease) and EMPLOYER'S LIABILITY INSURANCE. Contractor's Workers' Compensation and Employer's Liability coverages shall apply to all employees, including borrowed servants, in accordance with the benefits afforded by the statutory Worker's Compensation Acts, USL & H and Maritime Acts applicable to the State, Territory or District of hire, supervision or place of accident. A waiver of subrogation to Certificate Holder is required. Policy limits shall not be less than:

Worker's Compensation:	Statutory Limits.
Employer's Liability:	$500,000, each accident; $500,000 Disease, policy limit; $500,000 Disease, each employee.

2) COMMERCIAL GENERAL LIABILITY INSURANCE, as primary policy over all others, covering premises, operations, products and completed operations, independent contractors, and blanket contractual liability. The policy shall cover all liabilities arising out of explosion, collapse and underground ("XCU") hazards. The policy shall be endorsed to provide broad-form property damage, including completed operations, coverage. An "additional insured" endorsement naming Certificate Holder is required. Policy limits shall not be less than:

EPAHO097003352

Bodily Injury: $500,000 per occurrence, $1 million aggregate.
Property Damage: $500,000 per occurrence, $1 million aggregate.
OR Combined Single Limit (CSL) of $1 million per occurrence, $2 million aggregate.

3) COMPREHENSIVE-AUTOMOBILE LIABILITY INSURANCE, as primary policy over all others, covering all owned, hired and non-owned automotive equipment. An "additional insured" endorsement naming Certificate Holder is required. Policy limits shall not be less than:

Bodily Injury: $500,000 per person, $500,000 per occurrence/accident.
Property Damage: $500,000 per occurrence.
OR Combined Single Limit of $1 million per occurrence.

4) EXCESS/UMBRELLA LIABILITY INSURANCE, to be primary excess over all others:

☐ None. ☐ $1 million. ☐ $2 million. ☐ $3 million. ☐ $5 million. ☐ Other: $_____.

5) Additional insurance and surety limits:

a) ☐ NONE REQUIRED.

b) ☐ ALL-RISK BUILDER'S RISK POLICY with limits of $_____, Minimum Deductible $_____.

c) ☐ CONTRACTOR'S EQUIPMENT FLOATER POLICY

d) ☐ OWNER/CONTRACTOR'S PROTECTIVE LIABILITY POLICY with minimum limits of $500,000 CSL.

e) ☐ CRANE COVERAGE – LIFTER'S LIABILITY POLICY with limits of $500,000 CSL.

f) ☐ PROFESSIONAL LIABILITY INSURANCE covering acts, errors, omissions, malpractice, as applicable, potentially arising from or pertaining to any Work to be performed by Contractor, its employees, agents or subcontractors; policy limits shall not be less than $_____ per occurrence; OR in lieu of such insurance, Contractor may furnish an irrevocable letter of credit in form and amount and with an issuer satisfactory to Company.

g) ☐ PERFORMANCE AND MAINTENANCE BOND. Upon execution of this Contract and prior to commencing performance hereunder, Contractor shall execute, with a surety company satisfactory to Company, a Surety Bond to guarantee completion of the Work within the time provided, the payment of all claims and the fulfillment of all obligations arising, either directly or indirectly, under any Agreement, including but not limited to the defense of all litigation incidental to any Agreement to which Certificate Holder is made a party. The surety limits shall be not less than one hundred percent (100%) of the total estimated contract price or as agreed to by Company. In lieu of such surety bond, Contractor may cause to be issued an irrevocable letter of credit payable to the order of Company in such amount, in a form and with an issuer acceptable to Company; or, if acceptable to Company, Contractor may use a combination of surety bond, letter of credit, or corporate or personal guaranty.

C. Contractor's insurance policies shall be endorsed as follows and in accordance with state law:

Worker's Compensation policy:

1) Blanket waiver of subrogation, OR 2) "The Insurers hereby waive their rights of subrogation against Certificate Holder and any individual, firm, or corporation, their subsidiaries, factors or assigns for whom or with whom the Assured may be working."

Primary General, Auto and Excess Liability Policies:

1) Blanket additional insured endorsement, OR 2) the Form of Additional Insured Endorsement in Exhibit IV.

D. Contractor represents and warrants that at all times during the term of this Contract it shall have furnished or caused to be furnished to Company an original, current certificate of insurance on forms acceptable to Company (most recent ACORD form) reflecting:

1) The kinds and amounts of insurance required above.
2) The insurance company or companies carrying the required coverages.
3) The policy number and the effective and expiration dates of each policy.
4) That Certificate Holder will be given thirty (30)-day prior written notice of any material change in or termination of any policy.
5) That a waiver of subrogation under Contractor's Worker's Compensation policy has been issued to Certificate Holder.
6) That Certificate Holder has been named as an "Additional Insured" on Contractor's primary Auto & General Liability policies and Excess/Umbrella policies.
7) That the Broad Form Property Damage and XCU Coverage Endorsements have been attached to all applicable policies.
8) The territorial limits of all policies.
9) That the indemnification and hold-harmless provisions of this Contract are insured.
10) That the "aggregate" as reported in the policy limits in the Certificate of Insurance, has not been exposed or used up by prior or pending claims.
11) A Certificate Holder notation reading as shown in the Form of Certificate Holder Notation in Exhibit IV.

EPAHO097003353

E. All policies shall provide that the insurance company will notify Certificate Holder not less than thirty (30) days prior to the termination of any policy and before any changes are made which restrict or reduce the coverage provided or change the name of the insured.

F. Contractor represents and warrants that insurance policies with the coverages and limits required in this Contract have been issued to Contractor and shall remain in full force and effect during the term of this Contract and that none of these policies shall be canceled or changed, so as to change the name of the named insured or restrict or reduce the insurance coverages required by this Contract and described by Contractor's certificate of insurance, without thirty (30)-day prior written notice of such cancellation or change being delivered by Contractor to Certificate Holder at the address shown in the Form of Certificate Holder Notation in Exhibit IV.

G. Contractor shall require each of its subcontractors to provide the foregoing coverages as well as any other coverages that Contractor may consider necessary, all to be endorsed with the above-specified waiver of subrogation and additional insured wording; and any deficiency in the coverages, policy limits or endorsements of said subcontractors will be the sole responsibility of Contractor.

H. It is understood and agreed by Contractor and Company that the coverages granted to the Certificate Holder "additional insured" in Contractor's policies of insurance as required in this Contract are to apply on a primary basis over all other valid and collectible insurance owned by and or available to the "additional insured." It is further understood and agreed by Contractor and Company that such coverages provided by Contractor to the "additional insured" are applicable to liability associated with the operations, products, completed operations, premises, equipment and or vehicles contemplated by this Contract. Contractor shall be solely responsible for any deductible or self-insured retention associated with the coverages granted to the "additional insured."

XIV. INDEMNITY **EXCEPT AS EXPRESSLY LIMITED IN THIS CONTRACT, CONTRACTOR SHALL INDEMNIFY, DEFEND AND HOLD HARMLESS COMPANY, ITS DIRECTORS, OFFICERS, AGENTS AND EMPLOYEES AND THEIR SUCCESSORS, HEIRS AND ASSIGNS ("INDEMNIFIED PARTIES") FROM AND AGAINST ANY AND ALL CLAIMS, LOSSES, DAMAGES, CAUSES OF ACTION, SUITS, AND LIABILITY OF EVERY KIND AND CHARACTER (INCLUDING, BUT NOT LIMITED TO, ALL COSTS OF DEFENSE, SETTLEMENT AND REASONABLE ATTORNEY'S FEES) ("CLAIMS") RELATING TO, ARISING OUT OF OR INCIDENTAL TO ANY AGREEMENT OR SERVICES TO BE PROVIDED UNDER ANY AGREEMENT (REGARDLESS OF WHETHER SUCH SERVICES ARE LISTED OR NOT LISTED ON EXHIBIT I) WHICH MAY BE ASSERTED BY ANY THIRD PARTY, GOVERNMENTAL AGENCY OR ENTITY, CONTRACTOR, OR CONTRACTOR'S EMPLOYEES, AGENTS, CONTRACTORS, SUBCONTRACTORS OR THEIR EMPLOYEES OR AGENTS. THIS DUTY OF INDEMNIFICATION INCLUDES, BUT IS NOT LIMITED TO, CLAIMS RELATING TO OR ARISING OUT OF BREACH OF CONTRACT, DEATH, PERSONAL INJURY, PROPERTY DAMAGE OR LOSS (INCLUDING, WITHOUT LIMITATION, POLLUTION OR ENVIRONMENTAL DAMAGE), ANY THEORY OF STRICT LIABILITY, AND ANY CIVIL OR CRIMINAL FINES OR PENALTIES RELATING TO OR ARISING UNDER ANY CLAIM. WHERE A CLAIM IS THE RESULT OF THE JOINT OR CONCURRING NEGLIGENCE OF CONTRACTOR AND AN INDEMNIFIED PARTY, CONTRACTOR'S DUTY OF INDEMNIFICATION AS SET FORTH IN THIS ARTICLE XIV SHALL BE IN PROPORTION TO ITS ALLOCABLE SHARE OF SUCH JOINT OR CONCURRING NEGLIGENCE.**

XV. PATENTS AND LICENSES A. Contractor represents and warrants that the use or construction of any and all tools, equipment and processes furnished by Contractor and used in any Work does not and shall not infringe on any license or patent which has been issued or applied for; and, in addition to all other indemnifying provisions contained in this Contract, Contractor agrees to indemnify, defend and hold Company harmless from any and all claims, demands, and causes of action of every kind and character in favor of or made by any patentee, licensee or claimant of any right or priority to such tool, equipment or process, or the use or construction thereof, which may result from or arise out of furnishing or use of any such tool, equipment, or process by Contractor.

B. Contractor warrants that it has obtained, or will obtain, an assignment of any original work of authorship created by any of its employees or independent contractors during the performance by Contractor of its duties and obligations under any Agreement. Contractor further warrants that it will disclose such original works of authorship to Company on a timely basis and will timely assign such rights to Company.

C. Contractor warrants that it has obtained, or will obtain, from its employees and independent contractors an assignment of all rights in any new and useful process, machine, manufacture or composition of matter, and any new and useful improvement thereof made by any of them in the course of the performance of Contractor's duties and obligations under any Agreement. Contractor further warrants that it will promptly disclose any new and useful process, machine, manufacture or composition of matter and any new and useful improvement thereof made by any of its employees or independent contractors in the course of the performance of Contractor's duties and obligations under any Agreement and will assign such rights to Company on demand.

XVI. SURVIVAL As part of the consideration for this Contract, Contractor hereby agrees that its provisions concerning indemnity, warranty, waiver of subrogation and patent infringement shall extend to and be enforceable by and shall inure to the benefit of any owner, joint owner, co-venturer, operator or non-operator for which Company is acting and shall survive completion of any Work and the termination of this Contract.

XVII. SUBCONTRACTING A. No subcontract may be awarded by Contractor unless approved in advance by Company in writing. Contractor shall be and remain primarily liable for all obligations assumed by Contractor under this Contract. Contractor's subcontracting of any portion of the Work shall not release or relieve Contractor from any obligation or liability under any Agreement. Contractor shall furnish Company with a true and complete copy of each subcontract awarded by Contractor within five (5) days after such subcontract is executed. Contractor shall oversee and be responsible for the performance of its subcontractors and keep accurate books, records and accounts and furnish such reports and information as Company may request relative to subcontracts.

B. Contractor represents and warrants that, prior to entry on Company's premises: 1) each subcontractor shall be given a copy of this Contract and any related Agreement (provided, however, Contractor may strike out or delete provisions pertaining to its compensation), 2) each subcontractor shall

EPAHO097003354

be familiar with each Contract term and condition, and 3) each subcontractor shall agree, to the extent of its respective portions of the Work, to perform fully each Contract term and condition.

XVIII. DEFAULT If Contractor breaches any warranty contained in any Agreement, or if any of Contractor's representations contained in any Agreement shall be found to be false, or if Contractor fails to prosecute the Work, or fails to make the progress set forth in any Agreement, or fails to pay any indebtedness when due, or fails to perform any of the conditions of or obligations assumed under any Agreement, or becomes insolvent, or if any voluntary or involuntary proceedings are instituted by or against Contractor in bankruptcy or insolvency, or if a receiver, trustee or assignee is appointed for the benefit of creditors of Contractor ("Events of Default"), Company may, if it so elects and without prejudice to any other rights or remedies it may have in law or equity:

1) suspend Contractor's authorization to proceed with Work,
2) remove Contractor from Company's Approved Contractor List,
3) terminate this Contract or any Agreement,
4) suspend payment in whole or in part under any Agreement until the Event of Default has been remedied, and/or,
5) take the Work remaining to be completed wholly or partly out of the hands of Contractor or any other person in whose hands or possession the Work or any part of it may be, in which event Company may award such Work to another contractor. Contractor in such event, in the manner and to the extent directed by Company, and only to such extent, shall assign to Company all of the rights of Contractor under its work orders, purchase orders and subcontracts relating to the Work.

XIX. TERMINATION Either party may terminate this Contract by giving the other party thirty (30)-day prior written notice, but neither party shall, by the termination of this Contract, be relieved of its respective obligations and liabilities arising from or incidental to Work performed prior to termination. Except as expressly provided in this Contract, it may not be terminated during the performance of any Agreement.

XX. FORCE MAJEURE If either party is rendered unable, wholly or in part, by force majeure to carry out its obligations under any Agreement, then on such party giving notice and full particulars of such force majeure in writing to the other party as soon as practicable after the occurrence of the cause relied on, then the obligation of the party giving such notice, so far and only insofar as affected by such force majeure, shall be suspended during the continuance of any inability so caused, but for no longer period, and such cause shall be remedied with all reasonable dispatch. "Force majeure" means acts of God, strikes, lockouts or labor disputes involving a general stoppage of Work on the job, civil disturbance, military action, rules, regulations, orders or acts of governmental authority, or other similar causes beyond the control of Company or Contractor. The requirement that events of force majeure be remedied with all reasonable dispatch shall not require the settlement of labor matters when such course is inadvisable in the judgment of the party having the difficulty.

XXI. ENTIRE AGREEMENT This Contract and any Agreement represent the entire agreement of the parties. No provision of any delivery ticket, invoice or other instrument used by Contractor in describing any Work shall supersede the provisions of any Agreement. The terms of this Contract shall prevail over conflicting terms of any Agreement or Work order, oral or written.

XXII. TIME OF THE ESSENCE Time is expressly declared to be of the essence of all Agreements.

XXIII. NON-WAIVER No election by Company under this Contract shall constitute a waiver of any other rights or remedies available to it at law or in equity. Neither waiver by Company nor any amendment of any of the terms, provisions, or conditions of any Agreement shall be effective unless in writing and signed by an authorized representative of Company.

XXIV. NOTICES All notices to be given with respect to this Contract and any Agreement shall be given to Company and to Contractor, respectively, at the address first above written and shall be in writing, postage or delivery charges prepaid. All notices shall be effective upon actual receipt or refusal of delivery by the party to whom given. All sums due to Contractor under any Agreement shall be payable at 2727 North Loop West, Houston, Harris County, Texas 77008.

XXV. ASSIGNMENT This Contract shall inure to the benefit of the parties, their successors and assigns. No Agreement or any payment accruing under it is assignable by Contractor, nor may it be pledged by Contractor as security without the prior written consent of Company.

XXVI. GOVERNING LAW This Contract and all Agreements are and shall be deemed to be made and delivered in Harris County, Texas, and shall be governed by and construed in accordance with the law of the State of Texas, without regard for its principles of conflicts of laws. Any legal action arising under this Contract shall be brought in the courts of the State of Texas or of the United States for the Southern District of Texas, Houston Division, to which venue and non-exclusive jurisdiction each party expressly consents for itself and in respect of its property for all purposes.

XXVII. DISPUTES If Company and Contractor have a dispute under any Agreement, they both undertake to explore, in good faith, resolution of the dispute through negotiation, mediation or similar alternative dispute resolution techniques prior to filing litigation. If any litigation or other formal proceeding must be filed by either party to preserve its rights under a statute of limitations or other legal deadline during the pendency of any alternative dispute resolution technique, the party filing such action will not require the other party to answer (if such delay is permitted by applicable rules) and will do all that is otherwise necessary to stay the action until the pending alternative resolution technique is terminated. If either party believes the dispute is not suitable for such alternative dispute resolution techniques, or if such techniques do not produce results satisfactory to the parties, either party may proceed with litigation. If the parties are unable to resolve any dispute by the alternative dispute resolution techniques described above and either party proceeds with litigation, the losing party shall pay the prevailing party's reasonable attorneys' fees, costs and necessary disbursements in addition to any relief that a court may grant.

XXVIII. AUTHORIZED REPRESENTATIVE Contractor represents and warrants that the person executing this Contract and any Agreement on behalf of Contractor is a duly authorized representative of Contractor and is vested with full authority to bind Contractor.

XXIX. CONFIDENTIAL INFORMATION A. All information concerning the business, customers, products, processes and trade secret information of Company ("Confidential Information") which may come into the possession of Contractor during the course of the negotiation or performance of this Contract or any Agreement is confidential to Company, shall be used by Contractor for the sole purpose of providing services to Company under this Contract and shall not

EPAHO097003355

be disclosed by Contractor to any third party without the prior written consent of Company. All Confidential Information shall become and remain the property of Company and shall be deemed to have been entrusted to Contractor only for the limited purposes of this Contract, and Contractor will not, without the prior written consent of Company use, reproduce or copy, or permit the use, reproduction or copying of any Confidential Information; provided, however, Contractor may make adequate reproductions and copies for the purpose of carrying out the Work. All Confidential Information received or created by Contractor and any reproductions or copies thereof made by Contractor shall be delivered to Company at any time prior to termination of this Contract at the request of Company and shall be delivered to Company immediately upon termination of this Contract. Nothing contained in this Contract or in any disclosures made by Company under it shall be construed to grant to Contractor any license or other rights of Company in or to Confidential Information or under any copyright or patent which has been or may in the future be issued with respect to Confidential Information.

B. Contractor will not be bound by the provisions of this Article XXIX with respect to information which:

(1) was available to the public prior to receipt of such information by Contractor pursuant to any Agreement; or

(2) becomes available to the public subsequent to receipt of such information by Contractor pursuant to any Agreement and through no fault of Contractor; or

(3) was already in Contractor's possession and not acquired, either directly or indirectly, from Company under an obligation of confidentiality; or

(4) subsequently is obtained from a third party who is lawfully in possession of such information and who is not under a contractual or fiduciary obligation to Company or another person with respect to such information.

XXX. TENSE, GENDER AND NUMBER Unless expressly provided otherwise, the use in this Contract of the past, present or future tense shall include the others, the masculine, feminine or neuter gender shall include the others, and the singular or plural number shall include the other.

XXXI. HEADINGS The titles to the articles of this Contract are for the convenience of the parties, only; they are not a part of the Contract and shall have no effect in the construction or interpretation of it.

XXXII. EXHIBITS The Exhibits checked below and attached to this Contract are incorporated in and made a part of it for all purposes:

Enterprise Products Operating L.P.
P O Box 573
Mont Belvieu TX 77580

- To be quoted on a job to job or as needed basis.

EXHIBIT III

ENTERPRISE PRODUCTS OPERATING L.P.

POLICY

ILLEGAL AND UNAUTHORIZED ITEMS AT
OPERATIONAL FACILITIES AND IN OPERATIONAL VEHICLES

Enterprise is committed to providing a safe working environment for its employees, visitors, and contract personnel.

THE POSSESSION, USE, SALE, TRANSFER, RECEIPT OR PRESENCE AND BEING UNDER THE INFLUENCE OF DANGEROUS DRUGS OR CONTROLLED SUBSTANCES (EXCEPT AS LAWFULLY PRESCRIBED FOR THE PERSON IN POSSESSION AND DISCLOSED BY A PHYSICIAN'S ADVISORY FORM), DRUG PARAPHERNALIA OR ALCOHOLIC BEVERAGES ARE FORBIDDEN AT, UPON OR WITHIN ENTERPRISE OPERATIONAL FACILITIES AND OPERATIONAL VEHICLES.

Operational facilities include the entire premises of all terminals, processing plants, loading racks, pipelines, storage, warehouses, garages, shops, construction locations and field worksites. Operational vehicles include all vehicles (tractors, trailers, transports and pickups) bearing an external company name, logo, trade name, trademark or placard. Dangerous drugs include all drugs and devices which are prohibited by Federal or State law from being dispensed without a prescription. Controlled substances include cocaine, marijuana, narcotics and all other drugs and materials which are controlled under Federal or State law. Drug paraphernalia includes roach clips, gram scales and any other property or material which Enterprise deems is intended or has been adapted or modified for drug use. Alcoholic beverages include liquor, beer and wine, except liquor, beer and wine stored in passenger vehicles. "Under the influence" means having detectable levels of dangerous drugs, controlled substances or alcohol in the blood or urine.

Employees will not be permitted to work while under the influence of drugs or alcohol. Individuals who appear to be unfit for duty will be released from duty and may be subject to a physical examination at a designated medical facility. Refusal to comply with a fitness-for-duty examination may result in disciplinary action up to and including DISCHARGE.

Any employee who uses or is found to be in possession or under the influence of these illegal or unauthorized items at, upon or within these Enterprise facilities or vehicles will be relieved from duty immediately and subject to disciplinary action up to and including DISCHARGE. Others who use or are found to be in possession or under the influence of such items at, upon or within these Enterprise facilities or vehicles will be removed from Enterprise's vehicles and facilities and denied future admission to Enterprise property.

Enterprise reserves the right to search, inspect and submit to laboratory testing persons and property found at, upon or within Enterprise facilities or vehicles. Entry onto operational facilities or vehicles constitutes consent to searches or inspections. Any employee who refuses to submit his person or property to search, inspection or testing or who refuses to consent to the release of medical information in connection with a company physical examination or relevant to any accident, injury or incident involving the employee and relating to the safety, health or welfare of the employee, other employees or the public will be relieved from duty immediately and subject to disciplinary action up to and including DISCHARGE; others at, upon or within Enterprise facilities or vehicles who refuse to submit their persons or property to search, inspection or testing will be removed from and denied future admission to Enterprise property.

Off-the-job illegal drug use which could adversely affect an employee's job performance or which could jeopardize the safety of other employees, the public, or company facilities, or where such usage adversely affects the public trust in the ability of the company to carry out its responsibilities, is also cause for disciplinary action, up to and including DISCHARGE. Employees who are arrested for off-the-job drug activity may be considered in violation of this policy. In deciding what action to take, the company will take into consideration the nature of the charges, the employee's present assignment and record with the company, and the impact of the employee's arrest upon the conduct of the company's business.

Employees who wish to report drug or alcohol use in violation of this policy should contact the appropriate Vice President in charge of their group or the Vice President -- Human Resources, directly. The company will make every effort to protect anonymity, and such information will be treated in confidence.

Enterprise requires that all prescriptions and over-the-counter medicines at Enterprise operational facilities and in Enterprise operational vehicles be in original containers, with prescriptions showing the name and doctor of the person in possession. Any employee of an operational facility or driver of an operational vehicle who is taking a prescription drug must furnish his supervisor, before reporting to duty, with a Physician's Advisory form identifying the drug and certifying that, taken as directed, it will not impair the employee's physical qualifications to perform his duties and must carry with him while on duty a copy of the Physician's Advisory form acknowledged by his supervisor.

EXHIBIT IV

INSURANCE

1. Certificate Holder Definition

"Certificate Holder" shall mean Enterprise Products Partners L.P., Enterprise Products Operating L.P., Enterprise Products GP, LLC, Enterprise Products Company, Belvieu Environmental Fuels®, Entell NGL Services, LLC, Chunchula Pipeline Company, LLC, Propylene Pipeline Partnership, L.P., Cajun Pipeline Company, LLC, HSC Pipeline Partnership, L.P., Sorrento Pipeline Company, LLC, Enterprise Products Texas Operating L.P.,EPIK Gas Liquids LLC, EPIK Terminaling L.P., Baton Rouge Fractionators LLC, Baton Rouge Propylene Concentrator, LLC, Enterprise Gas Processing LLC, Enterprise NGL Pipelines LLC, Enterprise NGL Private Lines & Storage LLC, Enterprise Fractionation LLC, Enterprise Norco LLC, Enterprise LOU-TEX Propylene Pipeline L.P., Enterprise LOU-TEX NGL Pipeline L.P., each of their parent, subsidiary and affiliated companies, partners and joint venturers, and each owner or joint owner of any equipment or facility operated by Enterprise Products Operating L.P.

2. Form of Additional Insured Endorsement

It is agreed that such insurance as is afforded by the policy shall apply to Enterprise Products Partners L.P., Enterprise Products Operating L.P., Enterprise Products GP, LLC, Enterprise Products Company, Belvieu Environmental Fuels®,Entell NGL Services, LLC, Chunchula Pipeline Company, LLC, Propylene Pipeline Partnership, L.P., Cajun Pipeline Company, LLC, HSC Pipeline Partnership, L.P., Sorrento Pipeline Company, LLC, Enterprise Products Texas Operating L.P.,EPIK Gas Liquids LLC, EPIK Terminaling L.P., Baton Rouge Fractinators LLC, Baton Rouge Propylene Concentrator, LLC, Enterprise Gas Processing LLC, Enterprise NGL Pipelines LLC, Enterprise NGL Private Lines & Storage LLC, Enterprise Fractionation LLC, Enterprise Norco LLC, Enterprise LOU-TEX Propylene Pipeline L.P., Enterprise LOU-TEX NGL Pipeline L.P., each of their parent, subsidiary and affiliated companies, partners and joint venturers, and each owner or joint owner of any facility operated by one or more of them, as their interests may appear, to whom the named insured is obligated by contract to provide such insurance, but only to the extent of coverage required by such contracts as respects operations performed in connection with the insured and only if such contract was agreed to in writing or orally by the named insured or his/its representatives prior to the occurrence of any loss under such contract.

3. Form of Certificate Holder Notation

Enterprise Products Partners L.P., Enterprise Products Operating L.P., Enterprise Products GP, LLC, Enterprise Products Company, Belvieu Environmental Fuels®,Entell NGL Services, LLC, Chunchula Pipeline Company, LLC, Propylene Pipeline Partnership, L.P., Cajun Pipeline Company, LLC, HSC Pipeline Partnership, L.P., Sorrento Pipeline Company, LLC, Enterprise Products Texas Operating L.P.,EPIK Gas Liquids LLC, EPIK Terminaling L.P., Baton Rouge Fractionators LLC, Baton Rouge Propylene Concentrator, LLC, Enterprise Gas Processing LLC, Enterprise NGL Pipelines LLC, Enterprise NGL Private Lines & Storage LLC, Enterprise Fractionation LLC, Enterprise Norco LLC, Enterprise LOU-TEX Propylene Pipeline L.P., Enterprise LOU-TEX NGL Pipeline L.P., each of their parent, subsidiary and affiliated companies, partners and joint venturers, and each owner or joint owner of any facility operated by one or more of them, as their interests may appear, arising from the work to be performed under oral or written contract.

P. O. Box 573
Mont Belvieu, Texas 77580
Attention: Andrew May

4. Additional Terms for Work to be Performed in Louisiana

In all cases where Contractor's employees (defined to include Contractor's direct, borrowed, special or statutory employees) are covered by Louisiana Worker's Compensation Act, LSA-R.S. 23:1021 *et seq.*, Company and Contractor agree that all Work performed by Contractor and its employees pursuant to any Agreement is an integral part of and essential to the ability of Company/Certificate Holder to generate Company/Certificate Holder's goods, products and services, for purposes of LSA-R.S. 23:1061(A)(1). Furthermore, Company and Contractor agree that Company/Certificate Holder is the principal or statutory employer of Contractor's employees; provided, however, this provision is included for the sole purpose of establishing a statutory employer relationship to obtain the benefits of LSA-R.S. 23:11031(C-E) and 23:1061(A) and is not intended to create an employer/employee relationship for any other purpose. Irrespective of Company/Certificate Holder's status as the statutory employer or special employer [as defined in LSA-R.S. 23:1031(C)] of Contractor's employees, Contractor shall remain primarily responsible for the payment of Louisiana worker's compensation benefits to its employees and shall not be entitled to seek contribution for any such payments from Company/Certificate Holder.

Contractor agrees that its worker's compensation insurance and employer's liability insurance policies shall be endorsed to designate Certificate Holder as an alternate employer and as a principal and statutory employer or borrowing employer.

EPAHO097003360

EXHIBIT VIII

CONSULTANT TERMS & CONDITIONS

A. Reports

If any data, measurements, assessments, test results or analyses related to Company's facilities, operations, actual or proposed activities ("Data") or any interpretations thereof or recommendations based thereupon are to be contained in any letter, compilation, report or other document ("Report") prepared by Contractor for Company hereunder, Contractor shall submit the Report to Company in draft form for review and approval by Company before any Report in final form is prepared and issued by Contractor; and no Report shall be issued by Contractor in final form without such prior approval. Upon the completion of a Report in final form or upon a determination in Company's sole discretion that no Report shall be issued by Contractor with respect to any matter, Contractor shall destroy all drafts and preliminary versions of such Report. Company and Contractor hereby expressly agree and acknowledge that Contractor's services hereunder specifically exclude the provision of legal advice to Company, and Contractor shall refrain from expressing in any Report conclusions or opinions concerning Company's compliance with or violation of any statute, regulation, ordinance, rule or order of any federal, state or local governmental authority. Contractor shall employ no intemperate, exaggerated, speculative or inflammatory language in any Report and shall make only reasonable, accurate and truthful statements of fact, opinion and professional judgement.

B. Confidentiality

1. Contractor shall take all reasonable steps to safeguard Confidential Information against unauthorized disclosure and assure that the confidentiality provisions of this Contract are not violated.

2. If Contractor wishes to use third-party services requiring disclosure of Confidential Information to that third party, Recipient will notify Company, requesting that an appropriate confidentiality agreement be executed by Company with such third party. Company will advise Contractor in writing when it has concluded such a confidentiality agreement and authorize disclosure of Confidential Information by Contractor to such third party; provided, however, Company shall be under no obligation to enter into a confidentiality agreement with any third party referred to it by Contractor.

	k. Housekeeping	Yes	☑	No	☐
	l. Accident/Incident Reporting	Yes	☑	No	☐
	m Unsafe Condition Reporting	Yes	☑	No	☐
	n. Emergency Preparedness, including evacuation plan	Yes	☑	No	☐
	o. Waste Disposal	Yes	☑	No	☐

35. Do you have written programs for the following:

a. Hearing Conservation — Yes ☑ No ☐

b. Respiratory Protection — Yes ☑ No ☐

Where applicable, have employees been:

☑ Trained

☑ Fit tested

☑ Medically approved

c. Hazard Communication — Yes ☑ No ☐

d. Program to support the contractor requirements of the OSHA Process Safety Management of Highly Hazardous Chemicals; Explosives and Blasting Agents Standard (29 CFR 1910). — Yes ☐ No ☑

36. Do you have a substance abuse program? — Yes ☑ No ☐

If yes, does it include the following?

- Pre-placement Testing — Yes ☑ No ☐
- Random Testing — Yes ☑ No ☐
- Testing for Cause — Yes ☑ No ☐
- DOT Testing — Yes ☐ No ☑

37. Do your employees read, write and understand English such that they can perform their job tasks safely without an interpreter? — Yes ☑ No ☐

If no, provide a description of your plan to assure that they can safely perform their jobs.

38. Medical

a. Do you conduct medical examinations for:

- Pre-placement — Yes ☑ No ☐
- Pre-placement Job Capability — Yes ☐ No ☑
- Hearing Function (Audiogram) — Yes ☑ No ☐
- Pulmonary — Yes ☑ No ☐
- Respiratory — Yes ☑ No ☐

b. Describe how you will provide first aid and other medical services for your employees while on site.
Specify who will provide this service: On-site Supervisor

c. Do you have personnel trained to perform first aid & CPR? — Yes ☐ No ☑

39. Do you hold site safety and health meetings for:

Field Supervisors	Yes	☑	No	☐	Frequency Daily
Employees	Yes	☑	No	☐	Frequency Daily
New Hires	Yes	☑	No	☐	Frequency Orientation
Subcontractors	Yes	☑	No	☐	Frequency When required

Are the safety and health meetings documented? — Yes ☐ No ☑

40.	Personal Protection Equipment (PPE)				
	a. Is applicable PPE provided for employees?	Yes	☑	No	☐
	b. Do you have a program to assure that PPE is inspected and maintained?	Yes	☑	No	☐
41.	Do you have a corrective action process for addressing individual safety and health performance deficiencies?	Yes	☑	No	☐
42.	Equipment and Materials				
	a. Do you have a system for establishing applicable health, safety, and environmental specifications for acquisition of materials and equipment?	Yes	☐	No	☐
	b. Do you conduct inspections on operating equipment (e.g., cranes, forklifts, JLGs) in compliance with regulatory requirements?	Yes	☑	No	☐
	c. Do you maintain operating equipment in compliance with regulatory requirements?	Yes	☐	No	☐
	d. Do you maintain the applicable inspection and maintenance certification records for operating equipment?	Yes	☑	No	☐
43.	Subcontractors				
	a. Do you use safety and health performance criteria in selection of subcontractors?	Yes	☐	No	☐
	b. Do you evaluate the ability of subcontractors to comply with applicable health and safety requirements as part of the selection process?	Yes	☐	No	☐
	c. Do your subcontractors have a written Safety & Health Program?	Yes	☐	No	☐
	d. Do you include your subcontractors in:				
	• Safety & Health Orientation	Yes	☑	No	☐
	• Safety & Health Meeting	Yes	☑	No	☐
	• Inspections	Yes	☑	No	☐
	• Audits	Yes	☑	No	☐
44.	Inspections and Audits				
	a. Do you conduct safety and health inspections?	Yes	☑	No	☐
	b. Do you conduct safety and health program audits?	Yes	☐	No	☑
	c. Are corrections of deficiencies documented?	Yes	☑	No	☐

SAFETY & HEALTH TRAINING

45. Craft Training

a. Have employees been trained in appropnate job skills? N/A Yes ☐ No ☐

b. Are employees job skills certified where required by regulatory or industry consensus standards? N/A Yes ☐ No ☐

c. List crafts which have been certified:

N/A

46. Safety & Health Orientation

	New Hires		Supervisors	
a. Do you have a Safety & Health Orientation Program for new hires and newly hired or promoted supervisors?	Yes ☑	No ☐	Yes ☐	No ☐
b. Does program provide instruction on the following:				
•New Worker Orientation	Yes ☑	No ☐	Yes ☐	No ☐
•Safe Work Practices	Yes ☑	No ☐	Yes ☐	No ☐
•Safety Supervision	Yes ☑	No ☐	Yes ☐	No ☐
•Toolbox Meetings	Yes ☑	No ☐	Yes ☐	No ☐
•Emergency Procedures	Yes ☑	No ☐	Yes ☐	No ☐
•First Aid Procedures	Yes ☑	No ☐	Yes ☐	No ☐
•Incident Investigation	Yes ☑	No ☐	Yes ☐	No ☐
•Fire Protection and Prevention	Yes ☑	No ☐	Yes ☐	No ☐
•Safety Intervention	Yes ☑	No ☐	Yes ☐	No ☐
•Hazard Communication	Yes ☑	No ☐	Yes ☐	No ☐

c. How long is the orientation program? _____ Hours 2-4

47. Safety & Health Training

a. Do you know the regulatory safety and health training requirements for your employees? Yes ☑ No ☐

b. Have your employees received the required safety and health training and retraining? Yes ☑ No ☐

c. Do you have a specific safety and health training program for supervisors? Yes ☐ No ☑

48. Training Records

a. Do you have safety and health and crafts training records for your employees? Yes ☑ No ☐

b. Do the training records include the following:

Employee identification	Yes ☑	No ☐
Date of training	Yes ☑	No ☐
Name of trainer	Yes ☑	No ☐
Method used to verify understanding	Yes ☑	No ☐

c. How do you verify understanding of training? (Check all that apply.)

RE: CES Environmental Services, Inc.

Dear Sirs:

CES Environmental Services, Inc. is not currently subject to Experience Modification Rating. In order to be eligible, a company must be in business for at least three years and have at least $10,000 in Workers Compensation premium.

Since CES Environmental Services, Inc.'s policy was originally written effective January 25, 1999 they have not had coverage long enough to have an Experience Modifier.

There have been no losses on this policy.

If you have any questions, please feel free to call.

Sincerely,

SUMMIT GLOBAL PARTNERS OF TEXAS, INC.

MEMORANDUM

TO: Current or Future Employees

FROM: Matt Bowman
President

DATE: February 1, 2000

SUBJECT: CES Environmental Services, Inc. Medical Health & Substance Abuse Policy

CES Environmental is committed to employee health, as well as drug abuse awareness and prevention. The CES Medical Health & Substance Abuse Policy has been established to ensure that our employees have received thorough testing prior to employment. In addition, we have made provisions to ensure continuous monitoring after the initial hiring of our employees.

Please sign below to indicate that you have read and fully understand the attached CES Medical Health & Substance Abuse Policy.

SUBSTANCE ABUSE POLICY

PRE-EMPLOYMENT DRUG SCREENING

Pre-employment drug screening and random drug testing shall be effective February 1, 2000.

RANDOM TESTING

Random tests shall be done intermittently according to lottery drawing method.

TESTING FOR CAUSE

"Testing for Cause" will result when any OSHA recordable accident occurs. Testing must be done as soon as possible after accident has occurred.

PRE-EMPLOYMENT PHYSICAL

A pre-employment physical shall be conducted and shall include blood testing, cardiopulmonary, auditory, visual testing and others. Annual physicals shall be performed.

RECORDS DEPARTMENT

Records for all tests shall be maintained in the CES employment personnel files.

ACTIONS TO BE TAKEN

Any employee who tests positive for alcohol or drugs shall be immediately terminated.

We have developed this program to ensure that our employees have been thoroughly tested.

Drug & Alcohol Policy and Program

Contractor's Anti-Drug Program Certificate

In order to simplify the verification process of contractor employees who have had a negative drug screen within the past twelve months, individual certificate cards will be sent to you to complete, and issue to all contractor employees who work at any Enterprise Operational facility. Please send a copy of each completed certificate for our records or a letter from your company listing contractor employees who have been issued cards which would include their name, social security number and date of drug screen.

The card certifies that in accordance with Enterprise Products Operating L.P.'s Anti-Drug Program requirements that the named contractor employee has had a negative drug screen result and is fully qualified to work at Enterprise Operational Facilities. This certificate card expires one year from the date of the drug screen.

Contractor employees will be required to have the card with them at all times while working at Enterprise facilities. If any changes occur in the employee's certified status, the card should be destroyed. Contractor employees may be randomly requested to produce the card for drug screen verification by an authorized Enterprise representative.

Please let me know how many cards your company will require. If you have any questions, I can be reached at (713) 880-6620.

Contractor name: CES Environmental Services, Inc.

Address: 3901 Trailmobile Dr.
Houston, TX 77013

Contact person: Matt Bowman

Telephone: (713) 826-1329

Number of cards required 5

Houston, TX 77210

TO: **ALL CONTRACTORS AND SUBCONTRACTORS**

RE: **Drug and Alcohol program requirements**

In order to review and verify your drug and alcohol program for compliance with Enterprise's contract requirements, I need the following information:

1. Copy of written drug and alcohol policy.
2. Completed *Contractor Drug and Alcohol Program Summary* (enclosed).
3. Quarterly statistical report for random testing
4. Submit the name of any subcontractor your company plans to use at our facility complete with items 1, 2 and 3 pertinent to their company.

All drug and alcohol testing programs must minimally fulfill Enterprise's contract requirements and also must fulfill the requirements mandated by the Department of Transportation (RSPA) federal code of regulations (49 CFR Parts 195, 199 and 40) if applicable to your scope of work.

Thank you for your cooperation.

Sincerely,

Sharon Berry
Corporate Training and Compliance Coordinator

Please return all drug and alcohol information to me at:

Enterprise Products Operating L.P.

V. CONTRACTOR COMPLIANCE VERIFICATION

Quarterly statistical drug testing reports are required to be automatically sent to Enterprise. Enterprise reserves the right to request additional information and may perform an on-site audit during the year to verify compliance with applicable drug and alcohol testing requirements.

VI. STATEMENT OF COMPLIANCE

I certify that the drug and alcohol policy of this company meets all requirements of our contract with Enterprise and applicable state and federal regulations. I understand it is our company's responsibility to implement all components identified in the Plan Summary in compliance with DOT and Enterprise standards.

I give permission to release non-confidential drug and alcohol testing information and data as required by DOT to Enterprise. Such data may include but is not limited to: type and results of tests conducted, percent of negative and positive tests, required DOT record keeping information and documentation concerning administration of this company's drug and alcohol program.

Signed: Matt Bowm (Signature of Contractor Representative) Date: 9-7-00

CES ENVIRONMENTAL SERVICES, INC.

MEMORANDUM

TO: Current or Future Employees

FROM: Matt Bowman
President

DATE: February 1, 2000

SUBJECT: CES Environmental Services, Inc. Medical Health & Substance Abuse Policy

CES Environmental is committed to employee health, as well as drug abuse awareness and prevention. The CES Medical Health & Substance Abuse Policy has been established to ensure that our employees have received thorough testing prior to employment. In addition, we have made provisions to ensure continuous monitoring after the initial hiring of our employees.

Please sign below to indicate that you have read and fully understand the attached CES Medical Health & Substance Abuse Policy.

CES ENVIRONMENTAL SERVICES, INC.

MEDICAL HEALTH
&
SUBSTANCE ABUSE POLICY

PRE-EMPLOYMENT DRUG SCREENING

Pre-employment drug screening and random drug testing shall be effective February 1, 2000.

RANDOM TESTING

Random tests shall be done intermittently according to lottery drawing method.

TESTING FOR CAUSE

"Testing for Cause" will result when any OSHA recordable accident occurs. Testing must be done as soon as possible after accident has occurred.

PRE-EMPLOYMENT PHYSICAL

A pre-employment physical shall be conducted and shall include blood testing, cardiopulmonary, auditory, visual testing and others. Annual physicals shall be performed.

RECORDS DEPARTMENT

Records for all tests shall be maintained in the CES employment personnel files.

ACTIONS TO BE TAKEN

Any employee who tests positive for alcohol or drugs shall be immediately terminated.

We have developed this program to ensure that our employees have been thoroughly tested.

SAFETY DEPARTMENT

October 1st, 1997

IMPORTANT NOTICE

To: All Contractors

Enterprise Products Company is currently conducting its annual review of the Company's Approved Contractor List. Enterprise has adopted the enclosed "Standardized Pre-Qualification Form" (PQF) to facilitate the update process and compliance with OSHA Regulation 29 CFR 1910.119 concerning the screening and evaluation of contractors. In addition, any company that is not presently on the Approved Contractor List and is interested in doing business with Enterprise Products Company must complete and submit a PQF for review and approval.

In addition, this bulletin is to notify you that Enterprise has revised its Personal Protective Equipment policy to include the wearing of Safety Footwear and Fire Resistant Clothing. This is a mandatory program for all company and contract employees to ensure the safety of personnel against the potential risk of exposure to the inherent hazards of the industrial work environment as well as compliance with OSHA Subpart I, 29 CFR 1910.132.

The Pre-Qualification Form and copies of the information requested in the Information Submittal Section of the form should be completed and returned by November 30,1997 to the following:

Pre-Qualification Form

Enterprise Products Company
John Q Adams
Safety Department
P.O. Box 573
Mont Belvieu, Texas 77580

Drug & Alcohol Policy and Program

Enterprise Products Company
Sharon Berry
Human Resources Dept.
P.O. Box 4324
Houston, Texas 77210

Your prompt attention to this request as well as compliance with the PPE Policy will assist Enterprise Products Company to maintain its relationship with Contractors that are committed to providing well trained, knowledgeable, and safety orientated workers to our facility.

Respectfully yours,

John Q Adams, C.S.P.
Manager of Industrial Safety

TO ALL VENDORS:

Enterprise Products Company ("EPC") is committed to the adherence to ethical, moral and legal standards in the conduct of its business. Because of this commitment, the management of EPC has promulgated certain Standards of Business Conduct which all EPC employees have agreed to follow. Our employees recognize that to maintain these standards, we must avoid situations and actions which are improper or ***which appear to be.***

Your company is a valued vendor. We are furnishing you with relevant portions of our Standards to provide guidance in you dealings with EPC and our employees. Everyone at EPC takes these Standards very seriously. Thank you for your cooperation.

Sincerely,

O S Andras

O. S. Andras

Standards of Business Conduct

All purchases are made solely on the basis of price, quality, service and suitability to EPC's needs.

Reciprocity is not allowed. Vendors will not be asked to buy goods and/or services from EPC, an EPC employee or his/her family or to donate money, goods or services to a school, charity or non-profit organization in order to become or to continue to be a vendor.

Kickbacks, rebates or any type of payment (direct, indirect, under-the-table, or otherwise) to EPC employees, their family members or friends, will not be tolerated.

We recognize that common business practice permits the offer and acceptance of certain courtesies, usually meals and entertainment. Please remember that gifts and entertainment must be appropriate under the circumstances of the business relationship and the relationship between the parties. In some instances, EPC's Standards require that the entertainment be approved prior to acceptance. The acceptance of gifts or entertainment does not obligate EPC to do business with that person or company. EPC employees do not solicit gifts or entertainment.

Employees may occasionally accept unsolicited gifts having a value of less than $50.00.

Violations of our Standards can result in termination of the business relationship.

Enterprise Products Company
Contractor Safety Manual

I. General

1. General Safety

Enterprise Products Company requires a contractor to comply with all applicable governmental statutes, standards, regulations, and Enterprise's safety procedures and practices while doing work in any Enterprise facility. Contractor shall provide protection for all personnel including contractor employees, employees of Enterprise, other contractor and subcontractor employees and property while performing its work. Contractor shall be responsible for the enforcement, among its employees, of the rules, regulations, and instructions regarding the prevention of fire and accidents, use of drugs and alcohol, signs, advertisements, boundaries of working areas, smoking, housekeeping, and other general requirements outlined in this manual.

Violation of and/or refusal to comply with any of these requirements may result in termination of contractor's right to proceed with its contract. The contractor is responsible to assure individual employee compliance with all pertinent safety rules and policies. Any work delay due to violation of these safety regulations will be at the contractor's expense.

It is further required that each contractor perform its work in a practical and safe manner which conforms to or surpasses the recommended standards included in the Manual of Accident Prevention in Construction adopted by the Associated General Contractors of America.

This manual is offered as a supplement to the contractor's own safety program applicable to the work covered by its contract. Under no circumstances do these basic rules, practices, and procedures relieve the contractor of safety responsibilities for its employees. Contractor, whether engaged in construction, maintenance, drilling, wireline, workover, or general contractual service, is, therefore, accountable for establishing and maintaining a self-administered comprehensive safety program in performing work for Enterprise.

Prior to performing work at any Enterprise facility, the contractor shall have on file with Enterprise a signed contract, an original current certificate of insurance, a completed Pre-Qualification Form (PQF) including copies of any additional information requested in the Information Submittal Section of the PQF, and a copy of the Contractor's Anti-Drug and Alcohol Abuse Program.

EPAHO097003404

The keys to success in any safety program are communication and cooperation. If there is any doubt about conditions in or around the work area, the contractor shall take time to be absolutely sure the required safety procedures are followed and the necessary precautions are taken. Any questions should be directed to the unit supervisor where the work is being performed, the Enterprise project engineer or representative, or the location safety representative.

2. Pre-Planning and Safety Orientation

A Pre-Bid/pre-work meeting shall be scheduled for each process-related project requiring contractor employees to perform work associated with, adjacent to and/or within the perimeter of an active (on-line) process unit, underground storage facility or product handling terminal. This meeting will allow discussion of any job-specific safety requirements and any safety-related questions regarding the job and/or required practices and procedures.

Prior to the start of work, the Enterprise project engineer (or designee) shall arrange for a Safety Orientation and training overview for the contractor's supervisory personnel and all contractor employees to be used on the job. Each employee will be required to successfully complete a computerized Safety Orientation, including a computerized training overview, for each process area in which he or she will be working. These interactive computerized modules include tests that must be passed with a score of 80% or higher. Individuals will be allowed to retake the modules until passing grades are registered.

Each contractor employee who will be required to place a lock on Enterprise equipment or who will be an entrant, attendant or supervisor at a confined space will be required to provide the date of his last Lockout/Tagout and/or Confined Space Training before performing these tasks. This information will be included on the Contractor Identification Card issued to each contractor employee. These cards are valid for one (1) year from date of issue.

Each contractor shall receive a copy of this Contractor Safety Manual for the purpose of conducting an orientation for its employees to review and discuss the practices, procedures and other information contained in the manual.

To ensure safe work conditions, it is essential that verbal communications between Enterprise personnel and contractor personnel be exchanged without chance of misinterpretation. If any contractor personnel working in the Enterprise facility do not speak or understand English, the contractor must provide bilingual supervision. It shall be the responsibility of the bilingual supervisor to instruct all non-English speaking contractor personnel in the applicable safety rules and work procedures contained in this manual as well as on the job. In addition, the supervisor must warn such personnel of any hazards inherent in the work area and/or adjacent areas. In the event of an accident or

EPAHO097003405

emergency, the bilingual supervisor must be present to convey safety instructions and Emergency Response Procedures from Enterprise management as the incident warrants.

3. Communications

A daily briefing will be conducted between the contractor's on-site supervisor and the Enterprise project engineer or representative in charge to discuss work progress, any changed safety conditions, and any safety-related matters experienced between contractor and company work/operations activities. The Contractor supervisor will be responsible to communicate any pertinent information to the contractor's work force.

4. Inspections

An inspection of all contractor work-sites shall be made each day (or as often as practical) by the Enterprise Safety Department. OSHA and other applicable construction safety standards will be the guide for this inspection, and variances will be reported to the responsible project engineer and contractor's supervisor. In addition, observations will be made of work practices to determine compliance with applicable Enterprise requirements and policies.

If the contractor receives notice of an inspection of a construction project by an OSHA compliance officer, the Enterprise site manager and Safety Department shall be notified immediately.

5. Safety Meetings

"Tool box" or similar safety meetings will be conducted as needed "on-site" by the contractor's supervisor with employees to review hazards of the work and requirements for safe work performance. Enterprise at its discretion may require joint safety meetings to discuss any pertinent hazard(s) of the work being performed. Contractor shall make a written record of each safety meeting and furnish a copy to the Enterprise Safety Department.

6. Safety Permits

(Hot-Work - Cold Work - Confined Space Entry)

The Contractor's supervisory representative shall obtain daily, for each contractor location, the required safety permits. No work shall be started until the required permit has been issued by the Enterprise unit supervisor or his designee.

Permits issued for Hot Tap/Stopple work and/or cutting on hydrocarbon lines require the presence of an Enterprise inspector or other representative of the Enterprise Engineering Department on the job site while work is being performed.

EPAHO097003406

No type of safety permit shall be issued to any crew where a language barrier exists which could adversely affect the ability of any crew member to understand the safety permit or safety instructions issued for the performance of the work.

Contractor is responsible to assure compliance with all safety precautionary measures and instructions on a safety permit. Contractor's supervisors are required to co-sign all permits to assure a clear understanding of the conditions of the specific permit. The crew "Leadperson" is required to co-sign a Confined Space Entry Permit to assure a clear understanding of the specific conditions required for the specified entry.

Before a Safety Permit is issued, any electrically operated process equipment involved will be disconnected from its power source and properly locked out/tagged out by Enterprise operations personnel. Contractor is also required to place contractor lock(s) and tag(s) at all physical, mechanical, and/or electrical energy isolating devices(s) or disconnect(s) that pertain to the specific machine/equipment that its work involves. The control method or "on-off" switch related to any electrical equipment must be operated by Enterprise operations personnel, and the contractor must verify that the correct electrical disconnect has been opened. Details of Enterprise's Lockout/Tagout Procedures will be discussed prior to issuing the Safety Permit.

Fire protection equipment, personnel designated as fire watch, and/or other precautionary measures will be stipulated on the permit. The person designated as the "Fire Watch" shall be properly trained in the assigned duties and the proper use of fire extinguishers. The contractor shall provide the manpower necessary to meet all conditions of the permit. Enterprise, at its discretion, may elect to provide the fire watch in critical operations areas.

Monitoring for potentially hazardous conditions that may develop in connection with contractor's work shall be regularly performed by contractor (e.g. continuous and/or frequent test for flammable or toxic vapors, gases, and fumes). Any abnormalities shall be immediately reported to the Enterprise representative or supervision in the area where work is being performed, and all work activities shall be suspended, if necessary, until conditions are corrected and the contractor is notified that work may resume.

7. Housekeeping

Contractor is responsible for housekeeping in its work area on a daily basis. The work area must be kept clean and orderly at all times during progress of the work. At the close of each work day, the contractor will clean and restore any adjacent area which has been adversely affected by its work activities and must leave the premises clean as far as its work is concerned. Contractor shall furnish and maintain metal rubbish containers, with lids and remove all rubbish from the plant site unless specified differently in its contract.

EPAHO097003407

Enterprise may remove rubbish at contractor's expense if contractor fails or refuses to do so. The contractor will be given notice prior to removal of rubbish or similar materials.

Nails must be removed or bent over in all boards and crating materials if not immediately removed from the job site. Milk cartons, drink bottles, cups, food scraps, and other debris must be cleaned up daily. Eating areas shall have a covered vermin-proof metal container for the disposal of all trash and food scraps.

8. Contractor Employee Health Conditions

All contractor employees shall be free of diseases, injuries or illness which would preclude them from performing the work required by the contract or jeopardize their health or the health and safety of other personnel in the facility. It is the Contractor's responsibility to assure its employees are physically fit to perform the assigned work tasks.

9. Injuries

Injuries shall be reported for first aid according to contractor's injury reporting procedure. Contractor shall provide for any first aid and medical attention its employees may require. Enterprise first aid trained personnel in the plant may render and/or assist in administering emergency first aid only, but in no event will Enterprise personnel administer medical care or treatment. The contractor shall provide Enterprise a copy of the injury and/or investigative report of any accident that may occur involving any contractor employee on Enterprise premises.

Contractor shall maintain an OSHA 200 Log on the job-site and provide a copy to the Enterprise Safety Department. This log must be kept up-to-date in accordance with OSHA regulations.

10. Additional Safety Requirements

Enterprise reserves the right to establish additional safety requirements from time to time as it deems appropriate or necessary to assure the safety of all personnel and property.

EPAHO097003408

II. Personnel Protection

As required by OSHA (29 CFR 1910.132), hazard assessments have been conducted for the industrial work environment at the Enterprise facility. Based on these assessments, Enterprise has adopted a mandatory Personal Protective Equipment program.

The proper selection and use of the following listed Personal Protective Equipment and clothing is the responsibility of the contractor and its employees. These items should be obtained prior to reporting to perform the scheduled work. The contractor is responsible for insuring its employees comply with these requirements.

1. Normal Work Clothing

Enterprise has a mandatory Fire Resistant Clothing (FRC) Policy. All contractor employees whose work activities/assignments are in any process related operating unit, terminal or storage area will be required to wear long sleeved Fire Resistant Clothing. Office type contractor personnel will be required to wear FRC when their work activities require entry into any of the above mentioned work areas. Each person shall remain completely clothed while working in these designated areas. Sleeves shall not be rolled up above the elbow, shirts must be properly buttoned to the neck line and/or coveralls zipped/buttoned covering 85 % of the chest area. Contractor employees whose work assignments are in areas that do not require the wearing of FRC must wear clothing suitable for work in a typical industrial environment. Tank top, body or athletic shirts are not allowed. Shirts must have collars with sleeves that cover the shoulders.

EXCEPTION: Contractor employees working in a "New Construction" area where No Hydrocarbons are present, are not required to wear FRC. However, start-up crews will be required to wear FRC during commissioning of a unit or process, once hydrocarbons are introduced into the process area.

It is the responsibility of the contractor to inform its employees that Enterprise is in the business of production, storage and distribution of various highly flammable liquefied petroleum gases and other flammables that present the potential risk of flash fires should a leak/spill occur and ignite. This risk necessitates the wearing of fire resistant clothing for the protection of the contractor employee, should an incident occur in his or her assigned work area.

The work to be performed and the potential exposure shall be evaluated by the contractor's supervisor to determine any additional specialized protective clothing and/or equipment required prior to work being performed.

EPAHO097003409

2. General Eye And Face Protection

Safety glasses are required at all times except in control rooms and offices. Eye and/or face protection shall be worn during grinding, chipping, buffing, chemical handling, welding, cutting, and other operations where hazardous liquids or steel, wood, or dust particles are likely to be present. Welder helpers shall wear clear lens protection and face shield when chipping or grinding and shaded lens when there is probability of flash burn of the eyes. Equipment must conform to ANSI Z87.1 standard.

3. Head Protection

Wearing of hard hats is mandatory at all times except inside control rooms, office buildings and vehicles. Head protection must conform to ANSI 89.1 standard.

4. Hearing Protection

Hearing protection shall be worn by all contractor employees in all high noise areas. High noise areas are identified by visible signs and designated by blue lines (on paving), indicating that hearing protection is required. Hearing protection must conform to ANSI S3.19 standard.

5. Foot Protection

Safety-toe footwear with anti-slip soles is mandatory and shall be worn by all personnel in company work and field locations. The wearing of cloth shoes, thongs, sneakers, sandals, house slippers, jogging shoes, or other non-work type footwear is prohibited. Contractor office personnel may wear street type shoes but will be required to wear safety footwear when their work activities require them to enter a process related area or other field location. All Safety footwear shall meet ANSI Z41.1-1991 Standard adopted by OSHA as the design criteria for protective footwear.

6. Fall Protection - Safety Harness And Lifelines

All personnel engaged in an activity where there is a danger of falling 6 feet or more must wear an approved full-body harness with dual lanyards unless working in a guarded area. A continuous tie-off system is required at all times. Equipment must be worn and used in accordance to OSHA regulations. Each piece of equipment must meet ANSI A10.14 standard.

EPAHO097003410

7. Respiratory Protection Equipment

When the wearing of any special safety equipment is required (to protect against a known potential respiratory exposure), the Enterprise supervisory representative will notify the contractor's supervisory representative of the hazards involved. The contractor shall provide the proper protective equipment for its employees including safety procedures, practices, and training applicable to its usage. Equipment must conform to ANSI Z88.2 standard.

In recognition of the potential respiratory hazards as defined in Section VII subpart 1 of this manual, Enterprise has an established Respiratory Protection Program. This program prohibits the wearing of beards or other facial hair that could prevent a good face seal of the facepiece of a self-contained breathing apparatus (SCBA) should an emergency occur requiring the use of these units. This program is applicable to all Enterprise and Contractor employees.

EPAHO097003411

III. Procedures And Regulations

1. Employee Control

Each contractor employee will be furnished a Contractor Identification Card by the Enterprise Training Department at the time the individual completes the computer based Safety Orientation and will be expected to carry the card on his/her person at all times. A roster of all contractor employees must be available to the Safety Department upon request. The roster should be updated and names added or deleted each day as the work progresses.

Contractor employees shall not loiter inside the Security Office or use company telephones for outside calls.

Contractor employees are to remain in their assigned work area where the work is being performed and shall not wander around the facility or into the operating areas. Contractor personnel will be instructed in where to seek protection from adverse weather conditions, upset or emergency operating conditions, or other work-delay activities at the beginning of the job. Enterprise Safety Department or project engineering personnel will identify designated assembly areas should an incident occur requiring evacuation of the work area.

Contractor's foreman shall personally escort contractor personnel on the initial trip to the tool room or warehouse for materials or equipment that is to be furnished by Enterprise in accordance with the contract. Lingering or aimless wandering throughout the facility shall not be allowed.

Each contractor employee and his or her possessions (including but not limited to all lunch containers, packages, tool pouches, and/or tool boxes and other type bundles) entering or leaving the plant gates are subject to inspection by Enterprise Security. No equipment, tools or other materials will be removed from the company premises without proper authorization and a Material Pass issued by an authorized EnterprisesSupervisor or warehouse person.

2. Alcohol/Drug Use

Each contractor employee is subject to Enterprise's Drug and Alcohol Policy at all times while on Enterprise premises. A copy of the policy is included in this manual as Appendix A. The contractor is responsible to review and inform its personnel of this policy. In addition, each contractor is required to administer and enforce its own company drug and alcohol policy.

EPAHO097003412

3. Vehicle Control

Only contractor company vehicles with adequate insurance in accordance with Enterprise requirements will be allowed entry to an Enterprise facility. No contractor employee's personal vehicle will be permitted to enter the facility.

A certificate of insurance for contractor vehicles and all other required coverage must be approved by the Enterprise Corporate Risk Department and be on file with the Enterprise Purchasing Department prior to work commencing.

Vehicles authorized to enter the premises are subject to inspection by Security. Material Gate Passes shall be required for all tools, equipment, or material leaving the facility in contractor vehicles.

Ignition keys must be left inside the vehicles within the facility so they may be moved or used in the event of an emergency.

Contractor company vehicles will be permitted entry into the facilities for the following purposes only:

a) To deliver tools and personnel to the job site.

b) Transporting material from storage area to job site.

c) Delivering other motorized or heavy equipment essential to the performance of the contract, i.e., cranes and dozers.

Designated parking lots are provided outside the primary plant area for parking personal automobiles. Although security rounds are made to prevent theft, Enterprise assumes no responsibility for loss or damage to vehicles in these parking lots. Vehicles left 24 hours without Enterprise's approval are subject to being towed away at the owner's expense.

4. Accessibility To Buildings, Roadways, Hydrants, and Fire Protection Equipment.

All buildings, roadways, and operating areas shall be maintained in a free and accessible condition at all times to personnel and equipment. No roadway shall be blocked without advising the Enterprise Safety Department.

5. Plant Fences

Contractor must obtain authorization from the Enterprise Safety Department to place any equipment immediately adjacent to any part of the plant fence (inside or outside), make an opening in the fence, excavate under or near the fence line or in any way impair security afforded by the fence. Any temporary removal of plant fencing must not be left unattended. If the work is to be extended beyond daylight hours, contractor must replace

EPAHO097003413

the fence or make arrangements with Enterprise to have a guard posted at the opening until the gap is closed.

6. Smoking Regulations

Smoking is prohibited in all operating areas, buildings, offices, vehicles, and roadways inside the facility. Locations for the construction of smoke pens will be designated by Enterprise Operations and Safety Department personnel when needed. They shall be constructed of 2 x 4 lumber or equivalent. They will be equipped with a cigarette ash can used for cigarette butts only and a trash can. Signs authorizing smoking in the area will be obtained from the Safety Department. Smoking pens shall not be moved without approval. All smoking pens shall have at least one (1) 20 lb. ABC fire extinguisher furnished by the contractor.

7. Speed Limit

The speed limit for motorized vehicles in the facility is 10 miles per hour. Contractor's drivers must observe this speed limit and drive carefully, always being on the alert for pedestrians who have the right-of-way. Contractor's vehicles are prohibited on process roads unless authorized by the area supervisor. Temporary roads must be approved by the Operations Manager.

8. Utilities (Electric Line, Power, Water, and Fuel)

Contractor shall not make up connections either temporary or permanent to any electrical power, water, air, nitrogen, or fuel lines without specific approval of Enterprise supervision at the operating area where work is being performed. Hose and hose couplings, electrical cords and equipment must be compatible with Enterprise standards. Adaptors for conversion purposes are prohibited.

9. Valves and Pipeline

Contractor employees shall not operate any valve, switch, or open a pipeline without specific approval and in the presence of Enterprise Operations supervision (or designee).

10. Confined Space Entry

The Contractor shall obtain a Confined Space Entry Permit before making entry into any vessel or confined space with limited access openings or that would require assistance in case of emergency. Contractor will follow the Enterprise entry procedure, which requires the presence of a safety attendant with proper rescue equipment. Only 12 volt lighting or approved hand lights shall be used on entry work. Any exception shall be approved by the Enterprise Operations Manager and the Safety Department. Ground fault protection must be provided for all electrical tools used inside vessels, tanks, and columns.

EPAHO097003414

Contractor personnel will follow all procedures and instructions issued by Enterprise for each confined space entry.

11. Existing Utilities and Fire Water Systems

Existing underground and overhead utilities, communication, and fire water systems will be located for the contractor by Enterprise supervision. Contractor shall protect these utilities and services from damage to prevent possible accident or loss of fire protection and communication services.

EPAHO097003415

IV. Fire Protection

1. Permit For: Welding, Open Flames, Hot Tapping, and Line Cutting

Contractor shall obtain daily and for each location a "Hot Work Permit" from the area supervisor (or designee) for open flame or arc cutting, burning, welding, use of internal combustion engines, open motors, or any other apparatus producing open flames or sparks capable of acting as a source of ignition.

This permit is required for Hot Tap and/or cutting of any line containing or having the potential of containing hydrocarbons and/or corrosive material. In addition, the cutting of underground lines may only take place according to specific Enterprise procedures and will be done under direction of Enterprise supervision and the Inspection Department.

2. Open Flame Equipment

All open flame equipment shall meet the American National Standard "Safety in Welding and Cutting" and applicable OSHA, NFPA, and state standards. The storage and/or transportation of any associated cylinders shall be in accordance with OSHA regulations.

3. Notification Of Intent

Contractor shall obtain prior approval from the Enterprise Safety Department for any work which entails shutting off water or fire mains, blocking a roadway so that fire fighting equipment cannot pass, blocking access to fire equipment or hydrant, and/or blocking of, removal of, or changes to any exit or fire escape.

4. Fire Extinguishers

Contractor shall maintain a fire extinguisher, for its employees' own protection, in each temporary office, tool room, or storage room. A fire extinguisher shall be provided by contractor for placement at each welding and cutting job site. The minimum size of the extinguishers will be 20 lb. dry chemical. Enterprise fire extinguishers will not be used for fire watch, only to extinguish a fire. Contractor shall furnish its own fire extinguishers for any fire watch type work.

5. Fire Watchers

Contractor employees must be assigned as "fire watch" as required by the work in progress. The designated fire watch must carefully follow instructions as set forth by the Enterprise Safety Department and/or supervision and must not leave the job unprotected. The fire watch must be fully instructed and trained by contractor on the proper use and limitations of fire extinguishers. If the contractor fails to provide satisfactory and

EPAHO097003416

adequate fire watches, Enterprise reserves the right to provide the same at the contractor's expense. Fire protection barriers/blankets to contain all sparks may be required and shall be provided by the contractor.

6. Flammable Liquids

All flammable liquids used by the contractor in any Enterprise facility shall be stored in safety cans. Containers/tanks for bulk storage of flammable liquids must be in accordance with OSHA regulations. Containers must be clearly marked as to the contents and "No Smoking" signs posted in the adjacent area. A 20 lb. dry chemical fire extinguisher must be provided at all bulk storage containers where flammable liquids are dispensed. All bulk containers will have flame arrestor type vents and self-closing discharge outlets. Proper grounding and/or bonding shall be provided in accordance to OSHA standards. Drip pans shall be provided for any oil dispensing drums used by the contractor (See Section VIII for Environmental requirements.)

7. Painting

No brush or spray painting shall be started in any area without obtaining permission of Enterprise Supervision. Paint must not be thinned, mixed, or left in open containers in operating areas except with permission of Enterprise supervision. Over-spray protection may be required to protect specific machines/equipment (i.e., switchgear and air intakes).

EPAHO097003417

V. Safe Work Area

The immediate work area of the contractor must be maintained in compliance with all pertinent safety standards. The following is not to be considered as a complete list of the applicable categories of safety standards, but is given for illustration only.

1. Barriers

The contractor shall erect and maintain, as required by OSHA standards, temporary barriers of rails and electric warning lights around ditches and excavations, stair wells, and other shafts or openings in floors, roofs, and walls and at access levels to temporary stairs or ladders. No flame-type lighting is to be used. No barriers shall be removed or altered without the approval of Enterprise supervision. All openings in floors on new work or in existing operating floors shall be planked solid with 2 inch material that is tied down in accordance with state and federal laws.

2. Scaffolding and Ladders

The contractor shall furnish all tools, equipment, scaffolding, staging, ladders, flooring, runways, and any other temporary construction required for the safe execution of his work on the project. All scaffolding, runways, and other temporary construction shall be rigidly built so as to support safely four times the weight of any materials, apparatus, equipment and personnel to be placed thereon or as required by state and federal standards. All scaffolding shall be built/constructed in accordance to OSHA regulations. Scaffolds above 4 feet and having restricted work area will also have toe-boards and approved railings. The contractor shall provide overhead protection from falling objects such as protective netting or other adequate means of protection to all personnel working on or near the erected scaffolding. All ladders shall be tied off and made secure before use. "Field Made" ladders are not acceptable. Metal ladders shall not be used around electrical switchgear or inside motor control centers.

3. Excavations

All ditches and excavations more than 5 feet deep shall be shored solid unless the excavation or ditch walls are sloped to the natural angle of the material being excavated, or shore box, in accordance with the OSHA chart. The excavation dirt spoil shall be placed at a minimum of 4 feet from the edge of the excavation/trench. Hydraulic jacks are prohibited.

The contractor shall furnish all shoring and sheathing material that excavations may require for the safety of Enterprise and contractor employees and to comply with OSHA regulations and state laws. Excavated material shall be placed or piled where designated by Enterprise supervision, so as not to block access to process equipment, building, roads,

EPAHO097003418

or fire and safety equipment during the progress of the work. Excess material shall be removed from the site as designated by specific instructions from Enterprise supervision.

No excavation work will be done until approved by the Enterprise project engineer (or designee). Enterprise will make the contractor aware of any buried pipeline in the area of excavation. However, the contractor is responsible for locating all underground pipelines with probes or other means before mechanical digging equipment is employed. All excavation work requires a "Hot Work Permit" and must be signed by the Enterprise operations supervisor, contractor supervisor, and the Enterprise engineering inspector. (See Appendix C for "Safety Guidelines for Excavation Work.")

4. Roadways, Walkways, and Railroad Sidings

All roadways, walkways, and railroad sidings must be maintained by the contractor in a safe, passable condition during the progress of the job. All contractor work and equipment will maintain a minimum clearance of 8 1/2 feet from the center line of all railroad sidings.

5. Tripping Hazards

The contractor must not permit any tripping hazards to be put in passageways, aisles, stairways, or other accessible entrances/exits. If work requires intrusion into these areas, then these areas must be barricaded or flagged to identify these hazards.

6. Loading Structures

The contractor shall not load nor permit to be loaded any part of a permanent or temporary structure with a weight that will endanger its safety.

EPAHO097003419

VI. Contractor's Equipment

All contractor equipment must be used and stored in the plant in a safe manner. All contractor buildings shall be identified with signs, equipped with necessary fire extinguishers, and equipped with locks to prevent thefts. Temporary buildings shall be spaced according to OSHA, NFPA, and state standards. Any temporary building and/or trailer shall be properly tied down to protect against high winds and have proper steps, landing and handrails in accordance with OSHA standards. No building shall be placed under piperacks or power lines.

1. Ladder, Tools, and Equipment

Ladders, tools, and equipment used by the contractor shall be maintained in a condition that will not constitute a hazard to the contractor employees or Enterprise employees. All floating or rope scaffolds must be equipped with acid-proof rope and meet all pertinent OSHA standards.

Exposed couplings, gears, flywheels, and v-belts must be adequately guarded for employee protection.

2. Compressed Gas Cylinders

Compressed gas cylinders in use must be tied securely in an upright position. Cylinders in storage must be securely tied standing up. Cylinders shall not be hoisted to upper floors of structures without the use of a cylinder carrier and approval of Enterprise supervision. Full and empty cylinders must be moved or stored with the safety caps screwed in place. All cylinders are to be moved or transported on specifically designed trucks or carriers. Never man-handle or lift these cylinders by hand.

3. Chains, Ropes, and Hoisting Equipment

The Contractor shall be responsible for the safety of all chains, ropes, and hoisting equipment. Cranes shall not be put in position, relocated, or removed from the facility without prior approval of Enterprise supervision. This is to protect underground and low clearance overhead lines and process equipment. All persons must be kept clear from walking or passing under the boom and the loads being transported by a crane or hoisting device by a flagman. Lift loads shall be secured and guided with a tag line. Any load moved by a cherry picker or other motorized equipment shall be secured by a tag line.

All heavy lifts (i.e. columns, towers, vessels, and tanks) require weight calculations, lift equipment capacity verification and magniflux of lift eye and pads. This information is to be reviewed by the Enterprise project engineer (or designee) prior to the lift and setting of the lifting equipment. All bridles, slings, and other devices used in making any lift

EPAHO097003420

must be inspected for proper condition and sizing in handling the determined load. No "makeshift" nor field fabricated type lifting device or clamp will be used in the place of manufactured devices/equipment.

4. Motorized Equipment Inspection

The contractor is responsible for properly inspecting all motorized equipment (i.e. trucks, tractors, cranes, cherry pickers, workover rigs, etc.) in accordance with OSHA standards. This inspection must include all cables, wire rope, slings, chokers, braking devices, hydraulic cylinders, and other mechanical devices of the equipment.

The Contractor's inspection forms must be completed, retained, and be available for review by Enterprise Safety Department upon request.

5. Operator Certification

The contractor must provide proof of operator training and certification of employees operating all motorized equipment (i.e. cranes, dozers, cherry pickers, sidebooms, and tractors). Contractor is responsible to ensure that only qualified personnel operate the above mentioned equipment.

EPAHO097003421

VII. Hazard Communications

Enterprise Products Company has established a written Hazard Communication Program in compliance with the OSHA Hazard Communication Standard. This program is applicable to contractors and their personnel while on Enterprise facilities.

1. Chemicals Handled at or Near Job Site

Enterprise is in the business of processing, storing, and distributing industrial and commercial grade Liquefied Petroleum Gas (LPG) products and other light hydrocarbons and petrochemicals. These highly flammable products are located throughout the process, terminal, and storage areas. LPG products include various mixtures, blends, and purities of ethane, propylene, propane, butanes, and butylenes. Natural gasoline, a flammable liquid, is also produced as a by-product of the LPG fractionation processes. The company also produces Methyl Tertiary Butyl Ether (MTBE), an oxygenated fuel additive.

In addition, various chemicals are used and stored in varying quantities within the facilities as intermediates, reactants, treating media, inerts, fuels, and other process uses. These materials include caustic, chlorine, ammonia, sulfuric acid, methanol, carbon tetrachloride, hydrochloric acid, muratic acid, potassium hydroxide, hydrogen, natural gas, amines, lubricants, high temperature oils, and nitrogen. Hydrogen sulfide is also generated as an in-process gas but not a used/produced product.

All of the products/chemicals/substances as listed above are classified as hazardous materials due to their physical and/or health hazardous characteristics (i.e. combustible, flammable, corrosive, toxic, asphyxiant). Material Safety Data Sheets are maintained and available on all of these materials.

2. Precautionary Measures

As part of the Enterprise Hazard Communications Program, contractor employees will be informed during the safety orientation of any of the above mentioned materials located in the contractor's immediate work area, the associated hazards involved and the applicable safety practices and precautionary measures established to prevent/protect against exposure. Specific instructions will be given as to the emergency actions contractor employees are to take should a major spill occur (i.e. emergency reporting procedures and alarms, evacuation routes, designated assembly areas).

EPAHO097003422

3. Material Safety Data Sheets (MSDS)

Material Safety Data Sheets are maintained in control rooms for review of pertinent data relative to each material in the work area. Copies of these MSDSs are also available through the Enterprise Safety Department upon request. Contractors should refer to the MSDS if any question arises regarding these chemicals/substances.

4. Labeling System

In recognition of the importance of hazard identification and awareness, most storage and in-process tanks are labeled to identify product/chemical content, and these labels correlate with the Material Safety Data Sheets maintained in the control room. However, it is not feasible to label all process related equipment; therefore, **contractor should contact unit operating personnel to determine contents of any un-labeled piping and vessels and associated appurtenances within the immediate work area.**

Another significant aspect of the Hazard Communications program requires each contractor to provide Enterprise with a list of and the Material Safety Data Sheets for any chemical/substance brought into the facility by the contractor. Any hazardous materials brought into the facility must be essential to performing the contractor's work and must be approved by the Enterprise Safety Department. No unlabeled drums or containers will be allowed into the facility.

Any questions pertaining to this part of the Enterprise Hazard Communications Program, products/chemicals/substances as listed; safety practices and procedure established to prevent/protect against exposure and/or any other safety aspect of the work to be performed should be directed to the Enterprise Safety Department or unit operating personnel.

EPAHO097003423

VIII. Waste Generation, Handling, And Disposal

Contractor will be responsible for the proper containment, handling, and disposal of any waste generated as a result of its work in the plant. "Waste" is defined as any chemical or petroleum waste or residue contained in "empty" containers; wastewater, soil, sludges, absorbent materials, and air emissions. Contractor will discharge this responsibility as outlined below.

If contractor is found to be in violation of these requirements, it will be subject to summary termination from the job at the discretion of Enterprise products company. In addition, contractors' future eligibility for work within any other Enterprise Products Company facility will be subject to a special review by the environmental department.

1. Under no circumstances will any oil or chemical waste be intentionally discharged onto the ground. Contractor must ensure that a sufficient number of appropriate containers are on hand to contain wastes generated as a result of its work.

2. Under no circumstances will any hydrocarbon or chemical emissions be discharged to the air from any vessel, pipeline, or any other equipment. Exceptions to this requirement are dust emissions from catalyst bed and treater change-outs which are conducted under controlled conditions.

3. Under no circumstances will any oil or chemical waste be placed in any ditch, dumpster, tank, or any other container belonging to Enterprise without the express approval, in writing, of the unit shift supervisor or Enterprise representative responsible for the work activities.

4. All oil or chemical waste generated by the contractor's own vehicles or equipment will be collected and properly disposed of by the contractor. Prior to beginning work and from time to time as necessary during the course of the work, the contractor will notify the Enterprise Environmental Department as to the types of waste, the planned method of collection, and the planned method of disposal anticipated in connection with its work.

5. The contractor will notify the unit shift supervisor or Enterprise representative of any oil or chemical waste observed to be generated from equipment belonging to Enterprise in the course of the work, in order that such waste can be collected for disposal in a manner approved by the Enterprise Environmental Department. This approval must be in writing.

EPAHO097003424

6. The contractor will immediately notify the unit shift supervisor or Enterprise representative of any inadvertent oil or chemical spills to the ground or any hydrocarbon or chemical releases to the air. In addition, the contractor will be responsible for the cleanup and disposal of any liquid/solid spills and all associated cost involved.

Any variance from these requirements must be reviewed and approved by the Enterprise Operations, Environmental, and Safety Departments. The approval must be in writing.

EPAHO097003425

APPENDIX A

Enterprise Products Company Policy

Illegal and Unauthorized Items at Operational Facilities And in Operational Vehicles

Enterprise is committed to providing a safe working environment for its employees, visitors, contract personnel, and the public around our facilities. **The possession, use, sale, transfer, receipt, or presence of, and being under the influence of any dangerous drugs or controlled substances (except as lawfully prescribed for the person in possession and disclosed by a physician's advisory form), drug paraphernalia, or alcoholic beverages are strictly forbidden at, upon, or within Enterprise operational facilities and operational vehicles.**

Operational facilities include the entire premises of all terminals, processing plants, loading racks, pipelines, storage, warehouses, garages, shops, field worksites, and retail locations. Operational vehicles include all vehicles (tractors, trailer, transports, and pickup) bearing an external company name, logo, trade name, trademark, or placard. Dangerous drugs include all drugs and devices which are prohibited by Federal or State law, which are being dispensed without a prescription. Controlled substances include cocaine, marijuana, narcotics, and all other drugs and materials which are controlled under Federal or State law. Drug paraphernalia includes roach clips, gram scales and any other property or material which Enterprise Products Company deems is intended or has been adapted or modified for drug use. Alcoholic beverages include liquor, beer, and wine, with exception to liquor, beer, and wine stored in passenger vehicles and inventories of beer and wine at retail locations. "Under the influence" means having detectable levels of dangerous drugs, controlled substances, or alcohol in the blood or urine.

Employees will not be permitted to work while under the influence of drugs or alcohol. Individuals who appear to be unfit for duty will be released from duty and may be subject to a physical examination at a designated medical facility. Refusal to comply with a fitness-for-duty examination may result in disciplinary action up to an including DISCHARGE.

Any employee who uses or is found to be in possession or under the influence of these illegal or unauthorized items at, upon, or within these Enterprise facilities or vehicles will be relieved from duty immediately and subject to disciplinary action up to and including DISCHARGE. Others who use or are found to be in possession or under the influence of such items at, upon, or within these Enterprise facilities or vehicles will be removed from Enterprise's vehicles and facilities and denied future admission to Enterprise property.

Enterprise reserves the right to search, inspect, and submit to laboratory testing any persons and/or property found at, upon, or within Enterprise facilities or vehicles. Entry onto operational facilities or vehicles constitutes consent to searches or inspections. Any employee who refuses

EPAHO097003426

to submit his person or property to search, inspection or testing or who refuses to consent to the release of medical information in connection with a company physical examination or relevant to any accident, injury or incident involving the employee and relating to the safety, health or welfare of the employee, other employees or the public will be relieved from duty immediately and subject to disciplinary action up to and including DISCHARGE; others at, upon or within Enterprise facilities or vehicles who refuse to submit their persons or property to search, inspection or testing will be removed from and denied future admission to Enterprise property.

Off-the-job illegal drug use which could adversely affect an employee's job performance or which could jeopardize the safety of other employees, the public, or company facilities, or where such usage adversely affects the public trust in the ability of the company to carry out its responsibilities, is also cause for disciplinary action, up to and including DISCHARGE. Employees who are arrested for off-the-job drug activity may be considered in violation of this policy. In deciding what action to take, the company will take into consideration the nature of the charges, the employee's present assignment and record with the company, and the impact of the employee's arrest upon the conduct of the company's business.

Employees who wish to report drug or alcohol use in violation of this policy should contact the appropriate Vice President in charge of their group or the Vice President--Human Resources, directly. The company will make every effort to protect anonymity, and such information will be treated in confidence.

Enterprise requires that all prescriptions and over-the-counter medicines at Enterprise operational facilities and in Enterprise operational vehicles be in original containers, with prescriptions showing the name and doctor of the person in possession. Any employee of an operational facility or driver of an operational vehicle who is taking a prescription drug must furnish his supervisor, before reporting to duty, with a Physician's Advisory form identifying the drug and certifying that, taken as directed, it will not impair the employee's physical qualifications to perform his duties and must carry with him while on duty a copy of the acknowledged Physician's Advisory form.

EPAHO097003427

APPENDIX B

PLANT EMERGENCY REPORTING PROCEDURE

FOR

FIRE OR GAS RELEASE

- **SOUND THE UNIT EMERGENCY ALARM!**
- **FIRE – ONE BLAST** (ON SIREN OR HORN)
- **GAS RELEASE – TWO BLAST** (ON SIREN OR HORN)
- **ALL CLEAR – THREE BLAST** (ON SIREN OR HORN)
- **DIAL #333** (GIVE NAME, EXACT LOCATION & NATURE OF EMERGENCY.) (REPEAT ABOVE INFORMATION)

RESPONSE PROCEDURES

DO NOT PANIC	ALL PERSONNEL IN THE INVOLVED AREA SHOULD EVACUATE TO YOUR DESIGNATED ASSEMBLY AREA EXCEPT THOSE ESSENTIAL TO OPERATIONS OR EMERGENCY TEAM/FIRE BRIGADE MEMBERS.
OPERATING PERSONNEL	REMAIN IN YOUR RESPECTIVE WORK AREA UNLESS INSTRUCTED TO EVACUATE. SWITCH ONE UNIT RADIO TO EMERGENCY CHANNEL "A" AND MONITOR EMERGENCY ACTIVITIES – "LISTEN FOR INSTRUCTIONS". KEEP ALL RADIO TRAFFIC TO A MINIMUM.
MAINTENANCE PERSONNEL	IMMEDIATELY RETURN TO YOUR ASSIGNED SHOP IF ACCESSIBLE, REPORT TO THE SUPERVISOR AND STANDBY FOR INSTRUCTIONS.
ADMINISTRATION BUILDING PERSONNEL	REMAIN INSIDE THE BUILDING UNLESS INSTRUCTED TO EVACUATE TO YOUR ASSEMBLY AREA.
CONTRACTORS & VISITORS	RETURN TO THE SOUTH MAIN GATE PARKING LOT OR ONE OF THE OTHER ACCESSIBLE DESIGNATED ASSEMBLY AREA AS INSTRUCTED. FURTHER EVACUATION INSTRUCTIONS WILL BE GIVEN IF DETERMINED TO BE NECESSARY.

KEEP ALL ROADWAYS CLEAR FOR EMERGENCY VEHICLES

AVOID ANY GAS CLOUD – MOVE CROSSWIND – STOP ALL VEHICLES & EQUIPMENT SHUT OFF IGNITION – STAY CLEAR OF THE INVOLVED AREA!

DESIGNATED ASSEMBLY AREAS FOR EVACUTATION

SOUTHWEST AREA	SOUTH CENTRAL AREA	SOUTHEAST AREA	NORTHWEST AREA
Southwest Corner of Facility	South Main Gate Parking Lot	South End of West Terminal	Secondary Assembly Area Northwest Corner of Facility

ALL NON-OPERATING PERSONNEL IN THE PLANT DURING OFF-HOURS, WEEKENDS & HOLIDAYS REPORT TO THE NEAREST CONTROL ROOM OR MAINTENANCE SHOP FOR INSTRUCTIONS.

EPAHO097003428

APPENDIX C

Safety Guidelines For Excavation Work

1. Prior to any digging, the area of excavation will be probed in a pattern extending 12 - 18 inches beyond the intended perimeter and to a minimum depth of 4 ft. All underground line locations will be flagged and depth indicated on the flagged stake. (Enterprise Engineering standards for burial is 3 ft. for E-W lines and 6 ft. for N-S lines with a minimum of 24" for electrical cables and conduit.

   All underground electrical cables and conduit <u>are not</u> identified with red cement and/or flagged).

2. Excavation work (digging) shall only be to a depth of 6" less than the know depth of a buried line or probed depth. Re-probing should be done prior to digging any further depth required to ensure lines are properly located and identified.

3. Employees probing the excavation area will remain clear of the hole while digging is being done. The bucket must be clear of the hole before re-entry by personnel for probing purposes.

4. All excavation work will be suspended if any unidentified line is discovered, until reviewed by Operations. Authorization to resume excavation will be by the operations supervisory representative and the Engineering Department inspector.

5 All excavation in excess of 5' depth shall be properly shored or sloped, in accordance to OSHA standards, when personnel are required to enter the excavation. Any entry permit shall be issued in accordance to company safety rules. All precautionary procedures will be implemented, as outlined in these procedures.

6. Any damage to underground piping and/or exterior coatings/electrical conduit and/or cables shall be reported immediately to the operations supervisory representative and the Engineering Inspector. Excavation work will be suspended until authorization to continue work is given by the personnel specified in item 4, and the permit re-issued and/or original initialed by personnel listed in item 4.

7. Any operational and/or mechanical failure of the excavation equipment will be immediately repaired/corrected or the equipment is to be taken out of service or replaced. Inspections of the equipment, prior to operating, shall be done daily and in accordance to OSHA requirements.

8. Only qualified personnel that has been "certified" by a competent person shall operate motorized excavation equipment. All operators must be approved by the EPC Engineering Inspector involved in the job.

EPAHO097003429

9. All backhoe buckets used for excavation shall have a safety bar across the "teeth" to prevent line-snagging causing damage to line and/or coatings.

10. Backfilling of excavations shall not be done until all existing and/or new lines have been inspected and authorized by the Engineering and Operating representatives.

EPAHO097003430

Enterprise Products Company
Contractor Safety Training Program

Contractor Agreement

The undersigned contractor has agreed to perform certain work for Enterprise Products company. In connection with that work, contractor has participated in Enterprise's Contractor Safety Training Program.

This statement certifies that contractor has received a copy of the Enterprise Products Company Contractor Safety Manual, is familiar with the safety practices and procedures specified in it, and agrees that, as applicable, contractor will ensure that each of its employees is made aware of these practices and procedures before beginning work at Enterprise's facilities. Contractor also agrees that it shall require its employees to adhere to Enterprise's safety practices and procedures at all times during the course of Contractor's work for Enterprise.

In addition, as a condition to your admittance to Enterprise's facilities and commencement or continuance of work for Enterprise, your agreement to observe and require adherence to the Enterprise Drug and Alcohol Policy, contained in this manual is required, as follows:

> **"Contractor agrees that all contractor's officers, employees, agents, representatives, and subcontractors shall be subject to and conform with and will be notified by contractor that they are subject to the Enterprise Drug and Alcohol Policy at all times while on Enterprise facilities."**

Repeated or flagrant violations of this policy by contractor, its officers, employees, agents representatives, or subcontractors shall subject contractor to termination of contractor's services at Enterprise's sole discretion.

ENTERPRISE

March 17, 1997

TO ALL VENDORS:

Enterprise Products Company ("EPC") is committed to the adherence to ethical, moral and legal standards in the conduct of its business. Because of this commitment, the management of EPC has promulgated certain Standards of Business Conduct which all EPC employees have agreed to follow. Our employees recognize that to maintain these standards, we must avoid situations and actions which are improper or ***which appear to be.***

Your company is a valued vendor. We are furnishing you with relevant portions of our Standards to provide guidance in you dealings with EPC and our employees. Everyone at EPC takes these Standards very seriously. Thank you for your cooperation.

Sincerely,

O S Andras

O. S. Andras

Standards of Business Conduct

All purchases are made solely on the basis of price, quality, service and suitability to EPC's needs.

Reciprocity is not allowed. Vendors will not be asked to buy goods and/or services from EPC, an EPC employee or his/her family or to donate money, goods or services to a school, charity or non-profit organization in order to become or to continue to be a vendor.

Kickbacks, rebates or any type of payment (direct, indirect, under-the-table, or otherwise) to EPC employees, their family members or friends, will not be tolerated.

We recognize that common business practice permits the offer and acceptance of certain courtesies, usually meals and entertainment. Please remember that gifts and entertainment must be appropriate under the circumstances of the business relationship and the relationship between the parties. In some instances, EPC's Standards require that the entertainment be approved prior to acceptance. The acceptance of gifts or entertainment does not obligate EPC to do business with that person or company. EPC employees do not solicit gifts or entertainment.

Employees may occasionally accept unsolicited gifts having a value of less than $50.00.

Violations of our Standards can result in termination of the business relationship.

Insurance Requirements/Instructions for Certificates of Insurance

Contractor **Contract No.:** **Date:**

- Certificate of insurance with current policy effective dates. Must be issued on most recent Accord certificate form.
- Require endorsement giving 30 days Notice of Cancellation on all policies.. "Will endeavor..." wording on the certificate is not acceptable.
- Need to be named as additional insured on General Liability, Auto Liability and Umbrella/Excess Liability as required by contract. Copies of the endorsements must be forwarded to Enterprise within 15 days.
- Need Waiver of Subrogation provided on Workers' Compensation Policy per contract and states where coverage applies.
- Certificate holder name should read as follows:

Enterprise Products Partners L.P., Enterprise Products Operating L.P., Enterprise Products GP, LLC, Enterprise Products Company, Belvieu Environmental Fuels®,Entell NGL Services, LLC, Chunchula Pipeline Company, LLC, Propylene Pipeline Partnership, L.P., Cajun Pipeline Company, LLC, HSC Pipeline Partnership, L.P., Sorrento Pipeline Company, LLC, Enterprise Products Texas Operating L.P.,EPIK Gas Liquids LLC, EPIK Terminaling L.P., Baton Rouge Fractionators LLC, Baton Rouge Propylene Concentrator, LLC, Enterprise Gas Processing LLC, Enterprise NGL Pipelines LLC, Enterprise NGL Private Lines & Storage LLC, Enterprise Fractionation LLC, Enterprise Norco LLC, Enterprise LOU-TEX Propylene Pipeline L.P., Enterprise LOU-TEX NGL Pipeline L.P., each of their parent, subsidiary and affiliated companies, partners and joint venturers, and each owner or joint owner of any facility operated by one or more of them, as their interests may appear, arising from the work to be performed under oral or written contract.

P. O. Box 573
Mt. Belvieu 77580
Attention: Andrew May

- We require that any addendum/attachment to the certificate of insurance be **dated and signed**. All pages must include page numbers with the total numbers of pages shown. (Example, page 1 of 2, page 2 of 2 etc.)
- **Louisiana operations only** – WC/EL policies must be endorsed to designate Certificate Holder as an alternate employer and as a principal and statutory employer or borrowing employer.

Minimum Limits Required by Contract, Section XIII

CGL:	$1,000,000. Per Occurrence $2,000,000. Aggregate	or	Bodily Injury: $500,000. per Occurrence/$1,000,000. Aggregate Property Damage $500,000. per Occurrence/$1,000,000. Aggregate
Umbrella/Excess:	_____	**Auto:**	$1,000,000. CSL or 500/500/500
Other:	_____	**WC:**	Statutory
	_____	**EL:**	500/500/500

Commercial General Liability Insurance must include premises, operations, products and completed operations, independent contractors, and blanket contractual liability. The policy shall cover all liabilities arising out of explosion, collapse and underground ("XCU") hazards and Broad Form Property Damage. **Comprehensive Automobile Liability** must include all owned, hired and non-owned automotive equipment. Note provisions of Section VIII. H, of the contract which states: "It is understood and agreed by Contractor and Company that the coverages granted to the Certificate Holder "additional insured" in Contractor's policies of insurance as required in this Contract are to apply on a **primary basis** over all other valid and collectible insurance owned by and or available to the "additional insured." It is further understood and agreed by Contractor and Company that such coverages provided by Contractor to the "additional insured" are applicable to liability associated with the operations, products, completed operations, premises, equipment and or vehicles contemplated by this Contract."

Original Certificate of Insurance should be mailed to:

Enterprise Products Operating L.P.
Attn: Jeanette Cassell
P. O. Box 573

Re: CES Environmental Services Inc.

Dear Sirs,

CES Environmental is not currently subject to Experience Modification Rating. In order to be eligible, a company must be in business for at least 3 years and $10,000 in Workers' Compensation premium.

Since the company's Workers' Compensation policy was written, effective 01/25/99, there have been no losses.

If you have any questions, please feel free to call.

Sincerely,

BEN A. REID & ASSOCIATES, INC./SGP

WORK CONTRACT NO. 1029
ORIGINATOR CHARLIE MARKOWITZ
(Type/Print Department and Location)

ENTERPRISE PRODUCTS OPERATING L.P.

SERVICE AGREEMENT (Rev. 08/98)

THIS CONTRACT is entered into this 15th day of December, 2000, in the City of Houston, Harris County, Texas, between ENTERPRISE PRODUCTS OPERATING L.P., a Delaware limited partnership, P. O. Box 4324, Houston, Texas 77210-4324 ("Company"), and:

CES ENVIRONMENTAL SERVICES, INC.,
(Full Legal Name)

a Texas Corporation
(State) (Corporation, Partnership or Sole Proprietorship)

3901 Trailmobile Drive
(Address)

Houston, Texas 77013 ("Contractor").
(City) (State) (Zip)

IN CONSIDERATION of the mutual promises in this Contract and other good and valuable consideration, the parties agree as follows:

I. APPROVED CONTRACTOR LIST Upon execution of this Contract by Contractor and Company, Contractor shall be included on Company's Approved Contractor List, indicating Contractor's eligibility to perform Work for Company; and Company and Contractor agree that this Contract shall remain in force until terminated as provided by its terms.

II. DEFINITIONS "Contract" and "Agreement" mean this Contract and any subsequent oral or written Work order or agreement (together with any drawings, specifications or other exhibits attached to it) between the parties for Work. "Work" means all labor, goods, materials and services required to be performed and furnished by Contractor under any Agreement.

III. PERFORMANCE Contractor represents and warrants that all Work shall be in strict accordance with and subject to all Contract terms and conditions, that it has adequate equipment in good working order and fully trained personnel capable of efficiently operating such equipment or performing any services provided under any Agreement, and that all Work shall be performed in a good and workmanlike manner, satisfactory and acceptable to Company. Contractor represents and warrants that it shall be able to fulfill all of its obligations under any Agreement with no degradation in performance due to the calendar change from 1999 to 2000 and beyond January 1, 2000.

IV. INDEPENDENT CONTRACTOR Contractor is and shall be an independent contractor with respect to Work, and neither Contractor nor its employees or subcontractors or their employees shall be deemed, for any purpose, to be the employee, agent, servant, or representative of Company in the performance of Work. Company shall have no direction or control of the Contractor or its employees and agents except in the results to be obtained. Work shall conform with all applicable specifications and meet the approval of Company and shall be subject to the general right of inspection by or for Company. The actual performance and superintendence of Work shall be by Contractor, but Company or its representative shall have unlimited access to Contractor's operations to determine whether Work is being performed by Contractor in accordance with the Contract.

V. EMPLOYMENT CONTRIBUTIONS AND BENEFITS Contractor agrees to accept full and exclusive liability for the payment of and to pay when due any and all premiums, contributions and taxes for Workers' Compensation Insurance and Unemployment Insurance and for old age pensions, annuities and other retirement benefits imposed by or pursuant to Federal or State law and measured by the wages, salaries or other remuneration paid to persons employed by Contractor; and Contractor further agrees to indemnify and hold Company harmless against any liability for any such premiums, taxes or contributions which may be assessed against Company with respect to Contractor, its employees or subcontractors.

VI. TAXES AND FEES Contractor agrees to accept full and exclusive liability for the payment of and to pay when due all taxes, licenses and fees levied or assessed by any governmental agency on Contractor in connection with or incident to the performance of any Agreement. Contractor agrees to require the same covenant of and be liable for any breach of it by its subcontractors. Contractor agrees to reimburse Company on demand for all such local, state or federal taxes or governmental charges which Company may be required or deem it necessary to pay on account of employees of Contractor or its subcontractors, or Company may deduct such payments from any sums which may be or become due to Contractor from Company; Contractor agrees to furnish Company with timely, sufficient and accurate information to make such reports and to pay such taxes and governmental charges if requested by Company.

VII. LABOR AND MATERIAL Contractor shall pay all claims for labor and material related to the Work and shall not permit any liens of any kind to be fixed against the property of Company or the property of others arising out of claims of Contractor, its employees, mechanics, materialmen, or subcontractors; and upon the completion of the Work, Contractor shall furnish Company with evidence satisfactory to Company of the payment of all such claims. Contractor shall indemnify and hold harmless Company from and against all such claims or liens; and Contractor agrees, that, without waiver of any other rights or remedies available to Company, any sums due to Contractor from Company may be withheld and applied by Company toward the discharge or payment of any such claims or liens.

VIII. PAYMENT FOR WORK Payment for Work shall be as provided in Exhibit II or as provided in any Agreement. Payment for Work performed on a reimbursable-cost basis shall be made by Company to Contractor in accordance with Contractor's then-current rate schedule; Contractor shall furnish Company its rate schedule prior to commencing any such Work and notify Company in writing of any changes in the rate schedule. Neither payment for nor use of Work in whole or in part by Company shall constitute acceptance of any Work or materials which do not conform to Contract terms and specifications or settlement of any unsettled claims, liabilities, duties, liens or other encumbrances. Contractor shall keep accurate books and records of all Work, and, within two (2) years from the completion of Work under a particular Agreement or the termination of this Contract, whichever is earlier, Company or its representative shall have the right to

inspect, copy and audit, during Contractor's normal business hours, its books and records of every description for the purpose of determining the accuracy of any charges, claims or demands relating to Work.

IX. COMPLIANCE In the performance of all Work, Contractor warrants and represents that it and its subcontractors shall comply with all applicable statutes, ordinances, rules and regulations, including but not limited to those administered by the U.S. Occupational Safety and Health Administration, the U.S. Environmental Protection Agency, the U.S. Department of Transportation ("DOT") and state agencies exercising concurrent or similar jurisdiction; and Contractor shall indemnify and hold harmless Company from any and all claims or demands of a penal nature or civil penalties which may arise from violation of such statutes, ordinances, rules and regulations by Contractor or any subcontractor employed by it.

X. COMPANY PREMISES Contractor shall conform and shall require its employees, agents and subcontractors to conform, while at or near the location of the Work or on Company's premises, to all requirements of Company, including, but not limited to, Company's rules of conduct, safety rules, contractor safety policies, routes of ingress and egress and other requirements for the protection of persons or property. Contractor shall provide and take all safety precautions which the nature of the Work may require or indicate and keep the Work location free from accumulations of waste and rubbish. Upon completion of all Work, Contractor shall clean up and dispose all waste and rubbish generated by it or its subcontractors, collect unused material belonging to it or its subcontractors, and restore the location to as clean and orderly a condition as existed prior to commencement of the Work.

XI. ACCIDENT REPORTS Contractor shall report to Company in writing, as soon as practicable, all accidents or occurrences resulting in bodily injury, including death, or damage to or destruction of property arising out of or during the course of performance of any Agreement and, upon request, shall furnish Company with copies of all reports made by Contractor to Contractor's insurer or to others of such accidents and occurrences.

XII. DRUG-FREE WORKPLACE A. Contractor and each of its subcontractors performing Work at any Operational Facility shall establish and enforce within its organization an anti-drug program to assure a drug-free workplace. Contractor's anti-drug program shall include provisions for the auditing by Contractor of its subcontractors' anti-drug programs. "Operational Facility" means the entire premises of each Company processing plant, terminal, loading rack, pipeline, storage facility, warehouse, garage, shop, construction location and field worksite.

B. Contractor represents and warrants that it and its subcontractors shall assign and allow to Work at Operational Facilities only employees who have current negative drug screen results under their employer's anti-drug program. A current result is one based on the most recent drug screen performed within 12 months of a day on which Work is to be performed.

C. Before performing Work at any Operational Facility, Contractor shall furnish and cause each of its subcontractors to furnish Company with documentation of their respective anti-drug programs demonstrating that each program meets or exceeds the requirements of Company's Drug, Alcohol and Illegal Items Policy attached hereto as Exhibit III and meets or exceeds the requirements of any applicable law or regulation. Complete records of the anti-drug program shall be kept at Contractor's and each subcontractor's home office, respectively, and be available for audit by Company during regular office hours. Failure or refusal by Contractor or a subcontractor to establish and maintain a satisfactory anti-drug program, keep adequate records of it, or permit Company to audit compliance with it shall be grounds for immediate suspension of Contractor's and its subcontractor's authorization to proceed with Work or termination of this Contract.

D. Before performing Work at any Operational Facility, Contractor and each subcontractor shall certify to Company in a writing signed by an executive officer of the employer that each employee (identified by name, Social Security Number or employee I.D. number and date of drug screen result) who will perform Work at the Operational Facility has a current negative drug screen result under the employer's anti-drug program. Such certification shall be kept current throughout the duration of the Work, and notice of any change in an employee's certified status shall be given by the employer to Company in writing immediately. Company may exclude from Operational Facilities any Contractor or subcontractor employee who does not have a current certification, and any delay in the performance of Work due to lack of properly certified employees will be for the account of Contractor.

E. On any pipeline or other DOT-regulated work, Contractor and its subcontractors shall also furnish Company with written certification of each employee's negative drug screen results under DOT regulations.

XIII. INSURANCE A. Contractor, at its own expense, shall provide and maintain in force with insurance companies acceptable to Company the kinds of insurance and minimum amounts of coverage set forth in paragraph B, below, to cover all loss and liability for damages on account of bodily injury, including death, and damage to or destruction of property caused by or arising from any and all activities carried on or any and all Work performed under any Agreement. Contractor shall cause its insurer to name Certificate Holder as an additional insured on its Auto, General and Excess Liability insurance policies and grant Certificate Holder a waiver of subrogation on its Workers' Compensation insurance policy. "Certificate Holder" shall have the meaning provided in the Certificate Holder Definition in Exhibit IV. If Contractor fails or refuses to carry out any of the provisions of this Article XIII, Company shall, in addition to any right to recover damages or obtain other relief, have the right to suspend Contractor's authorization to proceed with Work or terminate this Contract.

B. 1) WORKERS' COMPENSATION (Including Occupational Disease) and EMPLOYER'S LIABILITY INSURANCE. Contractor's Workers' Compensation and Employer's Liability coverages shall apply to all employees, including borrowed servants, in accordance with the benefits afforded by the statutory Worker's Compensation Acts, USL & H and Maritime Acts applicable to the State, Territory or District of hire, supervision or place of accident. A waiver of subrogation to Certificate Holder is required. Policy limits shall not be less than:

Worker's Compensation:	Statutory Limits.
Employer's Liability:	$500,000, each accident; $500,000 Disease, policy limit; $500,000 Disease, each employee.

2) COMMERCIAL GENERAL LIABILITY INSURANCE, as primary policy over all others, covering premises, operations, products and completed operations, independent contractors, and blanket contractual liability. The policy shall cover all liabilities arising out of explosion, collapse and underground ("XCU") hazards. The policy shall be endorsed to provide broad-form property damage, including completed operations, coverage. An "additional insured" endorsement naming Certificate Holder is required. Policy limits shall not be less than:

EPAHO097003452

Bodily Injury: $500,000 per occurrence, $1 million aggregate.
Property Damage: $500,000 per occurrence, $1 million aggregate.
OR Combined Single Limit (CSL) of $1 million per occurrence, $2 million aggregate.

3) COMPREHENSIVE-AUTOMOBILE LIABILITY INSURANCE, as primary policy over all others, covering all owned, hired and non-owned automotive equipment. An "additional insured" endorsement naming Certificate Holder is required. Policy limits shall not be less than:

Bodily Injury: $500,000 per person, $500,000 per occurrence/accident.
Property Damage: $500,000 per occurrence.
OR Combined Single Limit of $1 million per occurrence.

4) EXCESS/UMBRELLA LIABILITY INSURANCE, to be primary excess over all others:

___ None. ____ $1 million. ____ $2 million. ____ $3 million. _X___ $5 million. ___ Other:

5) Additional insurance and surety limits:

a) ___ NONE REQUIRED.
b) ___ ALL-RISK BUILDER'S RISK POLICY with limits of $_____, Minimum Deductible $_____.
c) ____ CONTRACTOR'S EQUIPMENT FLOATER POLICY
d) ____ OWNER/CONTRACTOR'S PROTECTIVE LIABILITY POLICY with minimum limits of $500,000 CSL.
e) ____ CRANE COVERAGE -- LIFTER'S LIABILITY POLICY with limits of $500,000 CSL.
f) _X_ PROFESSIONAL LIABILITY INSURANCE covering acts, errors, omissions, malpractice, as applicable, potentially arising from or pertaining to any Work to be performed by Contractor, its employees, agents or subcontractors; policy limits shall not be less than $_1 million__ per occurrence; OR in lieu of such insurance, Contractor may furnish an irrevocable letter of credit in form and amount and with an issuer satisfactory to Company.
g) ____ PERFORMANCE AND MAINTENANCE BOND. Upon execution of this Contract and prior to commencing performance hereunder, Contractor shall execute, with a surety company satisfactory to Company, a Surety Bond to guarantee completion of the Work within the time provided, the payment of all claims and the fulfillment of all obligations arising, either directly or indirectly, under any Agreement, including but not limited to the defense of all litigation incidental to any Agreement to which Certificate Holder is made a party. The surety limits shall be not less than one hundred percent (100%) of the total estimated contract price or as agreed to by Company. In lieu of such surety bond, Contractor may cause to be issued an irrevocable letter of credit payable to the order of Company in such amount, in a form and with an issuer acceptable to Company; or, if acceptable to Company, Contractor may use a combination of surety bond, letter of credit, or corporate or personal guaranty.
h) _X_ POLUTION LIABILITY INSURANCE. Policy limits shall not be less than $_1 million__ per occurrence.

C. Contractor's insurance policies shall be endorsed as follows and in accordance with state law:

Worker's Compensation policy:

1) Blanket waiver of subrogation, OR 2) "The Insurers hereby waive their rights of subrogation against Certificate Holder and any individual, firm, or corporation, their subsidiaries, factors or assigns for whom or with whom the Assured may be working."

Primary General, Auto and Excess Liability Policies:

1) Blanket additional insured endorsement, OR 2) the Form of Additional Insured Endorsement in Exhibit IV.

D. Contractor represents and warrants that at all times during the term of this Contract it shall have furnished or caused to be furnished to Company an original, current certificate of insurance on forms acceptable to Company (most recent ACORD form) reflecting:

1) The kinds and amounts of insurance required above.
2) The insurance company or companies carrying the required coverages.
3) The policy number and the effective and expiration dates of each policy.
4) That Certificate Holder will be given thirty (30)-day prior written notice of any material change in or termination of any policy.
5) That a waiver of subrogation under Contractor's Worker's Compensation policy has been issued to Certificate Holder.
6) That Certificate Holder has been named as an "Additional Insured" on Contractor's primary Auto & General Liability policies and Excess/Umbrella policies.
7) That the Broad Form Property Damage and XCU Coverage Endorsements have been attached to all applicable policies.
8) The territorial limits of all policies.
9) That the indemnification and hold-harmless provisions of this Contract are insured.
10) That the "aggregate" as reported in the policy limits in the Certificate of Insurance, has not been exposed or used up by prior or pending claims.

EPAHO097003453

11) A Certificate Holder notation reading as shown in the Form of Certificate Holder Notation in Exhibit IV.

E. All policies shall provide that the insurance company will notify Certificate Holder not less than thirty (30) days prior to the termination of any policy and before any changes are made which restrict or reduce the coverage provided or change the name of the insured.

F. Contractor represents and warrants that insurance policies with the coverages and limits required in this Contract have been issued to Contractor and shall remain in full force and effect during the term of this Contract and that none of these policies shall be canceled or changed, so as to change the name of the named insured or restrict or reduce the insurance coverages required by this Contract and described by Contractor's certificate of insurance, without thirty (30)-day prior written notice of such cancellation or change being delivered by Contractor to Certificate Holder at the address shown in the Form of Certificate Holder Notation in Exhibit IV.

G. Contractor shall require each of its subcontractors to provide the foregoing coverages as well as any other coverages that Contractor may consider necessary, all to be endorsed with the above-specified waiver of subrogation and additional insured wording; and any deficiency in the coverages, policy limits or endorsements of said subcontractors will be the sole responsibility of Contractor.

H. It is understood and agreed by Contractor and Company that the coverages granted to the Certificate Holder "additional insured" in Contractor's policies of insurance as required in this Contract are to apply on a primary basis over all other valid and collectible insurance owned by and or available to the "additional insured." It is further understood and agreed by Contractor and Company that such coverages provided by Contractor to the "additional insured" are applicable to liability associated with the operations, products, completed operations, premises, equipment and or vehicles contemplated by this Contract. Contractor shall be solely responsible for any deductible or self-insured retention associated with the coverages granted to the "additional insured."

XIV. INDEMNITY **EXCEPT AS EXPRESSLY LIMITED IN THIS CONTRACT, CONTRACTOR SHALL INDEMNIFY, DEFEND AND HOLD HARMLESS COMPANY, ITS DIRECTORS, OFFICERS, AGENTS AND EMPLOYEES AND THEIR SUCCESSORS, HEIRS AND ASSIGNS ("INDEMNIFIED PARTIES") FROM AND AGAINST ANY AND ALL CLAIMS, LOSSES, DAMAGES, CAUSES OF ACTION, SUITS, AND LIABILITY OF EVERY KIND AND CHARACTER (INCLUDING, BUT NOT LIMITED TO, ALL COSTS OF DEFENSE, SETTLEMENT AND REASONABLE ATTORNEY'S FEES) ("CLAIMS") RELATING TO, ARISING OUT OF OR INCIDENTAL TO ANY AGREEMENT OR SERVICES TO BE PROVIDED UNDER ANY AGREEMENT (REGARDLESS OF WHETHER SUCH SERVICES ARE LISTED OR NOT LISTED ON EXHIBIT I) WHICH MAY BE ASSERTED BY ANY THIRD PARTY, GOVERNMENTAL AGENCY OR ENTITY, CONTRACTOR, OR CONTRACTOR'S EMPLOYEES, AGENTS, CONTRACTORS, SUBCONTRACTORS OR THEIR EMPLOYEES OR AGENTS. THIS DUTY OF INDEMNIFICATION INCLUDES, BUT IS NOT LIMITED TO, CLAIMS RELATING TO OR ARISING OUT OF BREACH OF CONTRACT, DEATH, PERSONAL INJURY, PROPERTY DAMAGE OR LOSS (INCLUDING, WITHOUT LIMITATION, POLLUTION OR ENVIRONMENTAL DAMAGE), ANY THEORY OF STRICT LIABILITY, AND ANY CIVIL OR CRIMINAL FINES OR PENALTIES RELATING TO OR ARISING UNDER ANY CLAIM. WHERE A CLAIM IS THE RESULT OF THE JOINT OR CONCURRING NEGLIGENCE OF CONTRACTOR AND AN INDEMNIFIED PARTY, CONTRACTOR'S DUTY OF INDEMNIFICATION AS SET FORTH IN THIS ARTICLE XIV SHALL BE IN PROPORTION TO ITS ALLOCABLE SHARE OF SUCH JOINT OR CONCURRING NEGLIGENCE.**

XV. PATENTS AND LICENSES A. Contractor represents and warrants that the use or construction of any and all tools, equipment and processes furnished by Contractor and used in any Work does not and shall not infringe on any license or patent which has been issued or applied for; and, in addition to all other indemnifying provisions contained in this Contract, Contractor agrees to indemnify, defend and hold Company harmless from any and all claims, demands, and causes of action of every kind and character in favor of or made by any patentee, licensee or claimant of any right or priority to such tool, equipment or process, or the use or construction thereof, which may result from or arise out of furnishing or use of any such tool, equipment, or process by Contractor.

B. Contractor warrants that it has obtained, or will obtain, an assignment of any original work of authorship created by any of its employees or independent contractors during the performance by Contractor of its duties and obligations under any Agreement. Contractor further warrants that it will disclose such original works of authorship to Company on a timely basis and will timely assign such rights to Company.

C. Contractor warrants that it has obtained, or will obtain, from its employees and independent contractors an assignment of all rights in any new and useful process, machine, manufacture or composition of matter, and any new and useful improvement thereof made by any of them in the course of the performance of Contractor's duties and obligations under any Agreement. Contractor further warrants that it will promptly disclose any new and useful process, machine, manufacture or composition of matter and any new and useful improvement thereof made by any of its employees or independent contractors in the course of the performance of Contractor's duties and obligations under any Agreement and will assign such rights to Company on demand.

XVI. SURVIVAL As part of the consideration for this Contract, Contractor hereby agrees that its provisions concerning indemnity, warranty, waiver of subrogation and patent infringement shall extend to and be enforceable by and shall inure to the benefit of any owner, joint owner, co-venturer, operator or non-operator for which Company is acting and shall survive completion of any Work and the termination of this Contract.

XVII. SUBCONTRACTING A. No subcontract may be awarded by Contractor unless approved in advance by Company in writing. Contractor shall be and remain primarily liable for all obligations assumed by Contractor under this Contract. Contractor's subcontracting of any portion of the Work shall not release or relieve Contractor from any obligation or liability under any Agreement. Contractor shall furnish Company with a true and complete copy of each subcontract awarded by Contractor within five (5) days after such subcontract is executed. Contractor shall oversee and be responsible for the performance of its subcontractors and keep accurate books, records and accounts and furnish such reports and information as Company may request relative to subcontracts.

EPAHO097003454

B. Contractor represents and warrants that, prior to entry on Company's premises: 1) each subcontractor shall be given a copy of this Contract and any related Agreement (provided, however, Contractor may strike out or delete provisions pertaining to its compensation), 2) each subcontractor shall be familiar with each Contract term and condition, and 3) each subcontractor shall agree, to the extent of its respective portions of the Work, to perform fully each Contract term and condition.

XVIII. DEFAULT If Contractor breaches any warranty contained in any Agreement, or if any of Contractor's representations contained in any Agreement shall be found to be false, or if Contractor fails to prosecute the Work, or fails to make the progress set forth in any Agreement, or fails to pay any indebtedness when due, or fails to perform any of the conditions of or obligations assumed under any Agreement, or becomes insolvent, or if any voluntary or involuntary proceedings are instituted by or against Contractor in bankruptcy or insolvency, or if a receiver, trustee or assignee is appointed for the benefit of creditors of Contractor ("Events of Default"), Company may, if it so elects and without prejudice to any other rights or remedies it may have in law or equity:

1) suspend Contractor's authorization to proceed with Work,
2) remove Contractor from Company's Approved Contractor List,
3) terminate this Contract or any Agreement,
4) suspend payment in whole or in part under any Agreement until the Event of Default has been remedied, and/or,
5) take the Work remaining to be completed wholly or partly out of the hands of Contractor or any other person in whose hands or possession the Work or any part of it may be, in which event Company may award such Work to another contractor. Contractor in such event, in the manner and to the extent directed by Company, and only to such extent, shall assign to Company all of the rights of Contractor under its work orders, purchase orders and subcontracts relating to the Work.

XIX. TERMINATION Either party may terminate this Contract by giving the other party thirty (30)-day prior written notice, but neither party shall, by the termination of this Contract, be relieved of its respective obligations and liabilities arising from or incidental to Work performed prior to termination. Except as expressly provided in this Contract, it may not be terminated during the performance of any Agreement.

XX. FORCE MAJEURE If either party is rendered unable, wholly or in part, by force majeure to carry out its obligations under any Agreement, then on such party giving notice and full particulars of such force majeure in writing to the other party as soon as practicable after the occurrence of the cause relied on, then the obligation of the party giving such notice, so far and only insofar as affected by such force majeure, shall be suspended during the continuance of any inability so caused, but for no longer period, and such cause shall be remedied with all reasonable dispatch. "Force majeure" means acts of God, strikes, lockouts or labor disputes involving a general stoppage of Work on the job, civil disturbance, military action, rules, regulations, orders or acts of governmental authority, or other similar causes beyond the control of Company or Contractor. The requirement that events of force majeure be remedied with all reasonable dispatch shall not require the settlement of labor matters when such course is inadvisable in the judgment of the party having the difficulty.

XXI. ENTIRE AGREEMENT This Contract and any Agreement represent the entire agreement of the parties. No provision of any delivery ticket, invoice or other instrument used by Contractor in describing any Work shall supersede the provisions of any Agreement. The terms of this Contract shall prevail over conflicting terms of any Agreement or Work order, oral or written.

XXII. TIME OF THE ESSENCE Time is expressly declared to be of the essence of all Agreements.

XXIII. NON-WAIVER No election by Company under this Contract shall constitute a waiver of any other rights or remedies available to it at law or in equity. Neither waiver by Company nor any amendment of any of the terms, provisions, or conditions of any Agreement shall be effective unless in writing and signed by an authorized representative of Company.

XXIV. NOTICES All notices to be given with respect to this Contract and any Agreement shall be given to Company and to Contractor, respectively, at the address first above written and shall be in writing, postage or delivery charges prepaid. All notices shall be effective upon actual receipt or refusal of delivery by the party to whom given. All sums due to Contractor under any Agreement shall be payable at 2727 North Loop West, Houston, Harris County, Texas 77008.

XXV. ASSIGNMENT This Contract shall inure to the benefit of the parties, their successors and assigns. No Agreement or any payment accruing under it is assignable by Contractor, nor may it be pledged by Contractor as security without the prior written consent of Company.

XXVI. GOVERNING LAW This Contract and all Agreements are and shall be deemed to be made and delivered in Harris County, Texas, and shall be governed by and construed in accordance with the law of the State of Texas, without regard for its principles of conflicts of laws. Any legal action arising under this Contract shall be brought in the courts of the State of Texas or of the United States for the Southern District of Texas, Houston Division, to which venue and non-exclusive jurisdiction each party expressly consents for itself and in respect of its property for all purposes.

XXVII. DISPUTES If Company and Contractor have a dispute under any Agreement, they both undertake to explore, in good faith, resolution of the dispute through negotiation, mediation or similar alternative dispute resolution techniques prior to filing litigation. If any litigation or other formal proceeding must be filed by either party to preserve its rights under a statute of limitations or other legal deadline during the pendency of any alternative dispute resolution technique, the party filing such action will not require the other party to answer (if such delay is permitted by applicable rules) and will do all that is otherwise necessary to stay the action until the pending alternative resolution technique is terminated. If either party believes the dispute is not suitable for such alternative dispute resolution techniques, or if such techniques do not produce results satisfactory to the parties, either party may proceed with litigation. If the parties are unable to resolve any dispute by the alternative dispute resolution techniques described above and either party proceeds with litigation, the losing party shall pay the prevailing party's reasonable attorneys' fees, costs and necessary disbursements in addition to any relief that a court may grant.

XXVIII. AUTHORIZED REPRESENTATIVE Contractor represents and warrants that the person executing this Contract and any Agreement on behalf of Contractor is a duly authorized representative of Contractor and is vested with full authority to bind Contractor.

EPAHO097003455

XXIX. CONFIDENTIAL INFORMATION A. All information concerning the business, customers, products, processes and trade secret information of Company ("Confidential Information") which may come into the possession of Contractor during the course of the negotiation or performance of this Contract or any Agreement is confidential to Company, shall be used by Contractor for the sole purpose of providing services to Company under this Contract and shall not be disclosed by Contractor to any third party without the prior written consent of Company. All Confidential Information shall become and remain the property of Company and shall be deemed to have been entrusted to Contractor only for the limited purposes of this Contract, and Contractor will not, without the prior written consent of Company use, reproduce or copy, or permit the use, reproduction or copying of any Confidential Information; provided, however, Contractor may make adequate reproductions and copies for the purpose of carrying out the Work. All Confidential Information received or created by Contractor and any reproductions or copies thereof made by Contractor shall be delivered to Company at any time prior to termination of this Contract at the request of Company and shall be delivered to Company immediately upon termination of this Contract. Nothing contained in this Contract or in any disclosures made by Company under it shall be construed to grant to Contractor any license or other rights of Company in or to Confidential Information or under any copyright or patent which has been or may in the future be issued with respect to Confidential Information.

B. Contractor will not be bound by the provisions of this Article XXIX with respect to information which:

(1) was available to the public prior to receipt of such information by Contractor pursuant to any Agreement; or

(2) becomes available to the public subsequent to receipt of such information by Contractor pursuant to any Agreement and through no fault of Contractor; or

(3) was already in Contractor's possession and not acquired, either directly or indirectly, from Company under an obligation of confidentiality; or

(4) subsequently is obtained from a third party who is lawfully in possession of such information and who is not under a contractual or fiduciary obligation to Company or another person with respect to such information.

XXX. TENSE, GENDER AND NUMBER Unless expressly provided otherwise, the use in this Contract of the past, present or future tense shall include the others, the masculine, feminine or neuter gender shall include the others, and the singular or plural number shall include the other.

XXXI. HEADINGS The titles to the articles of this Contract are for the convenience of the parties, only; they are not a part of the Contract and shall have no effect in the construction or interpretation of it.

XXXII. EXHIBITS The Exhibits checked below and attached to this Contract are incorporated in and made a part of it for all purposes:

EXHIBIT III

ENTERPRISE PRODUCTS OPERATING L.P.

POLICY

ILLEGAL AND UNAUTHORIZED ITEMS AT
OPERATIONAL FACILITIES AND IN OPERATIONAL VEHICLES

Enterprise is committed to providing a safe working environment for its employees, visitors, and contract personnel.

THE POSSESSION, USE, SALE, TRANSFER, RECEIPT OR PRESENCE AND BEING UNDER THE INFLUENCE OF DANGEROUS DRUGS OR CONTROLLED SUBSTANCES (EXCEPT AS LAWFULLY PRESCRIBED FOR THE PERSON IN POSSESSION AND DISCLOSED BY A PHYSICIAN'S ADVISORY FORM), DRUG PARAPHERNALIA OR ALCOHOLIC BEVERAGES ARE FORBIDDEN AT, UPON OR WITHIN ENTERPRISE OPERATIONAL FACILITIES AND OPERATIONAL VEHICLES.

Operational facilities include the entire premises of all terminals, processing plants, loading racks, pipelines, storage, warehouses, garages, shops, construction locations and field worksites. Operational vehicles include all vehicles (tractors, trailers, transports and pickups) bearing an external company name, logo, trade name, trademark or placard. Dangerous drugs include all drugs and devices which are prohibited by Federal or State law from being dispensed without a prescription. Controlled substances include cocaine, marijuana, narcotics and all other drugs and materials which are controlled under Federal or State law. Drug paraphernalia includes roach clips, gram scales and any other property or material which Enterprise deems is intended or has been adapted or modified for drug use. Alcoholic beverages include liquor, beer and wine, except liquor, beer and wine stored in passenger vehicles. "Under the influence" means having detectable levels of dangerous drugs, controlled substances or alcohol in the blood or urine.

Employees will not be permitted to work while under the influence of drugs or alcohol. Individuals who appear to be unfit for duty will be released from duty and may be subject to a physical examination at a designated medical facility. Refusal to comply with a fitness-for-duty examination may result in disciplinary action up to and including DISCHARGE.

Any employee who uses or is found to be in possession or under the influence of these illegal or unauthorized items at, upon or within these Enterprise facilities or vehicles will be relieved from duty immediately and subject to disciplinary action up to and including DISCHARGE. Others who use or are found to be in possession or under the influence of such items at, upon or within these Enterprise facilities or vehicles will be removed from Enterprise's vehicles and facilities and denied future admission to Enterprise property.

Enterprise reserves the right to search, inspect and submit to laboratory testing persons and property found at, upon or within Enterprise facilities or vehicles. Entry onto operational facilities or vehicles constitutes consent to searches or inspections. Any employee who refuses to submit his person or property to search, inspection or testing or who refuses to consent to the release of medical information in connection with a company physical examination or relevant to any accident, injury or incident involving the employee and relating to the safety, health or welfare of the employee, other employees or the public will be relieved from duty immediately and subject to disciplinary action up to and including DISCHARGE; others at, upon or within Enterprise facilities or vehicles who refuse to submit their persons or property to search, inspection or testing will be removed from and denied future admission to Enterprise property.

Off-the-job illegal drug use which could adversely affect an employee's job performance or which could jeopardize the safety of other employees, the public, or company facilities, or where such usage adversely affects the public trust in the ability of the company to carry out its responsibilities, is also cause for disciplinary action, up to and including DISCHARGE. Employees who are arrested for off-the-job drug activity may be considered in violation of this policy. In deciding what action to take, the company will take into consideration the nature of the charges, the employee's present assignment and record with the company, and the impact of the employee's arrest upon the conduct of the company's business.

Employees who wish to report drug or alcohol use in violation of this policy should contact the appropriate Vice President in charge of their group or the Vice President -- Human Resources, directly. The company will make every effort to protect anonymity, and such information will be treated in confidence.

Enterprise requires that all prescriptions and over-the-counter medicines at Enterprise operational facilities and in Enterprise operational vehicles be in original containers, with prescriptions showing the name and doctor of the person in possession. Any employee of an operational facility or driver of an operational vehicle who is taking a prescription drug must furnish his supervisor, before reporting to duty, with a Physician's Advisory form identifying the drug and certifying that, taken as directed, it will not impair the employee's physical qualifications to perform his duties and must carry with him while on duty a copy of the Physician's Advisory form acknowledged by his supervisor.

EXHIBIT IV

INSURANCE

1. Certificate Holder Definition

"Certificate Holder" shall mean Enterprise Products Partners L.P., Enterprise Products Operating L.P., Enterprise Products GP, LLC, Enterprise Products Company, Belvieu Environmental Fuels®, Entell NGL Services, LLC, Chunchula Pipeline Company, LLC, Propylene Pipeline Partnership, L.P., Cajun Pipeline Company, LLC, HSC Pipeline Partnership, L.P., Sorrento Pipeline Company, LLC, Enterprise Products Texas Operating L.P.,EPIK Gas Liquids LLC, EPIK Terminaling L.P., Baton Rouge Fractionators LLC, Baton Rouge Propylene Concentrator, LLC, Enterprise Gas Processing LLC, Enterprise NGL Pipelines LLC, Enterprise NGL Private Lines & Storage LLC, Enterprise Fractionation LLC, Enterprise Norco LLC, Enterprise LOU-TEX Propylene Pipeline L.P., Enterprise LOU-TEX NGL Pipeline L.P., each of their parent, subsidiary and affiliated companies, partners and joint venturers, and each owner or joint owner of any equipment or facility operated by Enterprise Products Operating L.P.

2. Form of Additional Insured Endorsement

It is agreed that such insurance as is afforded by the policy shall apply to Enterprise Products Partners L.P., Enterprise Products Operating L.P., Enterprise Products GP, LLC, Enterprise Products Company, Belvieu Environmental Fuels®,Entell NGL Services, LLC, Chunchula Pipeline Company, LLC, Propylene Pipeline Partnership, L.P., Cajun Pipeline Company, LLC, HSC Pipeline Partnership, L.P., Sorrento Pipeline Company, LLC, Enterprise Products Texas Operating L.P.,EPIK Gas Liquids LLC, EPIK Terminaling L.P., Baton Rouge Fractinators LLC, Baton Rouge Propylene Concentrator, LLC, Enterprise Gas Processing LLC, Enterprise NGL Pipelines LLC, Enterprise NGL Private Lines & Storage LLC, Enterprise Fractionation LLC, Enterprise Norco LLC, Enterprise LOU-TEX Propylene Pipeline L.P., Enterprise LOU-TEX NGL Pipeline L.P., each of their parent, subsidiary and affiliated companies, partners and joint venturers, and each owner or joint owner of any facility operated by one or more of them, as their interests may appear, to whom the named insured is obligated by contract to provide such insurance, but only to the extent of coverage required by such contracts as respects operations performed in connection with the insured and only if such contract was agreed to in writing or orally by the named insured or his/its representatives prior to the occurrence of any loss under such contract.

3. Form of Certificate Holder Notation

Enterprise Products Partners L.P., Enterprise Products Operating L.P., Enterprise Products GP, LLC, Enterprise Products Company, Belvieu Environmental Fuels®,Entell NGL Services, LLC, Chunchula Pipeline Company, LLC, Propylene Pipeline Partnership, L.P., Cajun Pipeline Company, LLC, HSC Pipeline Partnership, L.P., Sorrento Pipeline Company, LLC, Enterprise Products Texas Operating L.P.,EPIK Gas Liquids LLC, EPIK Terminaling L.P., Baton Rouge Fractionators LLC, Baton Rouge Propylene Concentrator, LLC, Enterprise Gas Processing LLC, Enterprise NGL Pipelines LLC, Enterprise NGL Private Lines & Storage LLC, Enterprise Fractionation LLC, Enterprise Norco LLC, Enterprise LOU-TEX Propylene Pipeline L.P., Enterprise LOU-TEX NGL Pipeline L.P., each of their parent, subsidiary and affiliated companies, partners and joint venturers, and each owner or joint owner of any facility operated by one or more of them, as their interests may appear, arising from the work to be performed under oral or written contract.

P. O. Box 573
Mont Belvieu, Texas 77580
Attention: Andrew May

4. Additional Terms for Work to be Performed in Louisiana

In all cases where Contractor's employees (defined to include Contractor's direct, borrowed, special or statutory employees) are covered by Louisiana Worker's Compensation Act, LSA-R.S. 23:1021 *et seq.*, Company and Contractor agree that all Work performed by Contractor and its employees pursuant to any Agreement is an integral part of and essential to the ability of Company/Certificate Holder to generate Company/Certificate Holder's goods, products and services, for purposes of LSA-R.S. 23:1061(A)(1). Furthermore, Company and Contractor agree that Company/Certificate Holder is the principal or statutory employer of Contractor's employees; provided, however, this provision is included for the sole purpose of establishing a statutory employer relationship to obtain the benefits of LSA-R.S. 23:11031(C-E) and 23:1061(A) and is not intended to create an employer/employee relationship for any other purpose. Irrespective of Company/Certificate Holder's status as the statutory employer or special employer [as defined in LSA-R.S. 23:1031(C)] of Contractor's employees, Contractor shall remain primarily responsible for the payment of Louisiana worker's compensation benefits to its employees and shall not be entitled to seek contribution for any such payments from Company/Certificate Holder.

Contractor agrees that its worker's compensation insurance and employer's liability insurance policies shall be endorsed to designate Certificate Holder as an alternate employer and as a principal and statutory employer or borrowing employer.

Re: Contract No. 1029

The certificate of insurance we received on your behalf does not comply with our requirements. Please have the certificate reissued as per the following. Please note that all items must be complied with in order to be placed on our approved contractor list.

- ✓ Certificate of insurance with current policy effective dates. Must be issued on most recent Accord certificate form.
- ✓ Require endorsement giving 30 days Notice of Cancellation on all policies.. "Will endeavor..." wording on the certificate is not acceptable.
- ✓ Need to be named as additional insured on General Liability, Auto Liability and Umbrella/Excess Liability as required by contract. Copies of the endorsements must be forwarded to Enterprise within 15 days. (Note, we do not accept disclaimer wording. See page 2 & 3)
- ✓ Need Waiver of Subrogation provided on Workers' Compensation Policy as required by contract.
- Certificate holder name should read as follows:
  Enterprise Products Partners L.P., Enterprise Products Operating L.P., Enterprise Products GP, LLC, Enterprise Products Company, Belvieu Environmental Fuels®,Entell NGL Services, LLC, Chunchula Pipeline Company, LLC, Propylene Pipeline Partnership, L.P., Cajun Pipeline Company, LLC, HSC Pipeline Partnership, L.P., Sorrento Pipeline Company, LLC, Enterprise Products Texas Operating L.P.,EPIK Gas Liquids LLC, EPIK Terminaling L.P., Baton Rouge Fractionators LLC, Baton Rouge Propylene Concentrator, LLC, Enterprise Gas Processing LLC, Enterprise NGL Pipelines LLC, Enterprise NGL Private Lines & Storage LLC, Enterprise Fractionation LLC, Enterprise Norco LLC, Enterprise LOU-TEX Propylene Pipeline L.P., Enterprise LOU-TEX NGL Pipeline L.P., each of their parent, subsidiary and affiliated companies, partners and joint venturers, and each owner or joint owner of any facility operated by one or more of them, as their interests may appear, arising from the work to be performed under oral or written contract.
- We require that any addendum/attachment to the certificate of insurance be **dated and signed**. All pages must include page numbers with the total numbers of pages shown. (Example, page 1 of 2, page 2 of 2 etc.)
- **Louisiana operations only** – WC/EL policies must be endorsed to designate Certificate Holder as an alternate employer and as a principal and statutory employer or borrowing employer.

Insurance Requirements/Instructions for Certificates of Insurance

To: CES Environmental Services, Inc. **Date:** 1/17/01

3901 Transtexas Dr.
Houston, Tx. 77013

1/24/01 Please cancel revised certificate per attached.
Thanks. Lydia

Re: Contract No. 1029

The certificate of insurance we received on your behalf does not comply with our requirements. Please have the certificate reissued as per the following. Please note that all items must be complied with in order to be placed on our approved contractor list.

- ✓ Certificate of insurance with current policy effective dates. Must be issued on most recent Accord certificate form.
- ✓ Require endorsement giving 30 days Notice of Cancellation on all policies.. "Will endeavor..." wording on the certificate is not acceptable.
- ✓ Need to be named as additional insured on General Liability, Auto Liability and Umbrella/Excess Liability as required by contract. Copies of the endorsements must be forwarded to Enterprise within 15 days. (Note, we do not accept disclaimer wordings. See page 2 & 3)
- ✓ Need Waiver of Subrogation provided on Workers' Compensation Policy as required by contract.
- Certificate holder name should read as follows:
  Enterprise Products Partners L.P., Enterprise Products Operating L.P., Enterprise Products GP, LLC, Enterprise Products Company, Belvieu Environmental Fuels®,Entell NGL Services, LLC, Chunchula Pipeline Company, LLC, Propylene Pipeline Partnership, L.P., Cajun Pipeline Company, LLC, HSC Pipeline Partnership, L.P., Sorrento Pipeline Company, LLC, Enterprise Products Texas Operating L.P.,EPIK Gas Liquids LLC, EPIK Terminaling L.P., Baton Rouge Fractionators LLC, Baton Rouge Propylene Concentrator, LLC, Enterprise Gas Processing LLC, Enterprise NGL Pipelines LLC, Enterprise NGL Private Lines & Storage LLC, Enterprise Fractionation LLC, Enterprise Norco LLC, Enterprise LOU-TEX Propylene Pipeline L.P., Enterprise LOU-TEX NGL Pipeline L.P., each of their parent, subsidiary and affiliated companies, partners and joint venturers, and each owner or joint owner of any facility operated by one or more of them, as their interests may appear, arising from the work to be performed under oral or written contract.
- We require that any addendum/attachment to the certificate of insurance be **dated and signed**. All pages must include page numbers with the total numbers of pages shown. (Example, page 1 of 2, page 2 of 2 etc.)
- **Louisiana operations only** – WC/EL policies must be endorsed to designate Certificate Holder as an alternate employer and as a principal and statutory employer or borrowing employer.

Minimum Limits Required by Contract, Section XIII

CGL: $1,000,000. Per Occurrence
$2,000,000. Aggregate

or

Bodily Injury:
$500,000. per Occurrence/$1,000,000. Aggregate
Property Damage
$500,000. per Occurrence/$1,000,000. Aggregate

Umbrella/Excess: $5,000,000.
Other: $1,000,000. Professional
$1,000,000 Pollution

Auto: $1,000,000. CSL or 500/500/500
WC: Statutory
EL: 500/500/500

Commercial General Liability Insurance must include premises, operations, products and completed operations, independent contractors, and blanket contractual liability. The policy shall cover all liabilities arising out of explosion, collapse and underground ("XCU") hazards and Broad Form Property Damage. **Comprehensive Automobile Liability** must include all owned, hired and non-owned automotive equipment. Note provisions of Section VIII. H, of the contract which states: "It is understood and agreed by Contractor and Company that the coverages granted to the Certificate Holder "additional insured" in Contractor's policies of insurance as required in this Contract are to apply on a **primary basis** over all other valid and collectible insurance owned by and or available to the "additional insured." It is further understood and agreed by Contractor and Company that such coverages provided by Contractor to the "additional insured" are applicable to liability associated with the operations, products, completed operations, premises, equipment and or vehicles contemplated by this Contract."

Original Certificate of Insurance should be mailed to:

Enterprise Products Operating LP.

IMPORTANT

If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must be endorsed. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

DISCLAIMER

The Certificate of Insurance on the reverse side of this form does not constitute a contract between the issuing insurer(s), authorized representative or producer, and the certificate holder, nor does it affirmatively or negatively amend, extend or alter the coverage afforded by the policies listed thereon.

Hexion Specialty Chemicals, Inc. _____
Authorized Signature

Terms and Conditions

1. ACCEPTANCE. Purchaser shall not be bound by this order until Purchaser has received an acknowledgement of the unqualified acceptance of this order signed by Vendor. Vendor shall be bound by this order and its terms and conditions when it signs and returns an acknowledgement or when it delivers to Purchaser any of the items ordered herein or renders for Purchaser any of the services ordered herein. No contract shall exist except as provided in this Purchase Order.

2. PRICE. This order must not, without written authorization from Purchaser, be filled at higher prices than specified herein, or if this order is unpriced, at prices higher than last charged or quoted to Purchaser for goods or services described herein. Vendor agrees that any price reduction made in goods or services described in this order prior to the delivery of such goods or services to Purchaser will be applicable to this order. Vendor certifies that the prices charged for the goods or services covered by this order comply with all applicable laws and regulations.

3. QUALITY. All goods delivered to, and all work done for Purchaser hereunder, shall be exactly as specified by Purchaser and shall be subject to inspection and approval or rejection by Purchaser in whole or in part. Proofs of printed material are to be submitted for Purchaser's inspection and written approval before printing. Any goods or printed materials not conforming to specifications and not accepted by Purchaser may, at the option of Purchaser, be returned to Vendor at Vendor's risk and expense, or be held at Vendor's risk and expense for disposition by Purchaser after notice to Vendor.

4. TERMS. Discount terms are based upon the assumption that invoices will be received by Purchaser within three (3) days from date of shipment; otherwise, the discount is to be calculated from the date the invoice is received by Purchaser allowing three (3) days for transmission. No drafts for purchases will be honored unless provided for in this order.

5. ROUTING. Vendor agrees to pay all excess charges resulting from failure to ship and route by the least expensive way or as instructed by Purchaser, and to reimburse Purchaser for any such exess charges paid by Purchaser.

6. CANCELLATION. Purchaser reserves the right to cancel this order or any portion thereof if delivery is not made when and as specified. Time is the essence of this order. Vendor agrees to pay Purchaser for any loss or damage sustained by Purchaser resulting from Vendor's Failure to make delivery at the date specified.

7. PATENTS. Vendor warrants that no goods or services covered by this order shall infringe any patent, trademark, tradename, copyright or trade secret and that neither the normally anticipated uses thereof by Purchaser nor any special methods of using same, known by Vendor to be contemplated by Purchaser shall infringe any patent, trademark, tradename, copyright or trade secret. Vendor shall indemnify and defend Purchaser and its subsidiaries and affiliates against any loss, damage or expense, (including attorney's fees) resulting from or arising out of any claim of patent, trademark, tradename, copyright or trade secret infringement or such litigation relating to the goods or services covered by this order. Purchaser may retain its own counsel and participate in any such litigation for the further protection of Purchaser's interests.

8. SERVICES. When this order requires any work or services to be performed:

(a) Vendor shall perform such work or services strictly as an independent contractor and not as an employee.

(b) Vendor shall have sole liability for all payroll taxes and contributions payable under the Federal Insurance Contribution Act, the Federal Unemployment Tax Act, and any applicable State unemployment insurance or compensation laws and any amendments thereto, with respect to the employment of persons in connection with the prosecution and completion of the work to be performed hereunder; and Vendor shall indemnify Purchaser against the payment of such payroll taxes and contributions and any loss or expense that may result from Vendor's failure to comply with such laws and amendments.

(c) All work and services hereunder shall be performed in such a manner as to guarantee the safety of persons and property. Vendor shall indemnify and defend Purchaser against any claim, suit, governmental action, loss, damage or expense (including attorney's fees) resulting from or arising out of the performance of any work hereunder or for the failure of said work or services to comply with Section 9(a) and (b) below, unless solely due to negligence on the part of Purchaser, its subsidiaries, affiliates, agents or employees. Purchaser may retain its own counsel and participate in any such claim or suit for the further protection of Purchaser's interest. Prior to making payments for any work or services, Purchaser may demand appropriate mechanic's lien affidavits or lien waivers satisfactory to its counsel.

9. WARRANTIES. Vendor represents, guarantees and warrants to Purchaser that the goods and /or services covered by this order:

(a) will be merchantable and free from defects, and fit for the use for which they are intended and to which they are normally put, and for any special uses known by Vendor to be contemplated by Purchaser; and

(b) have been produced, manufactured, packaged, labeled and transported or performed in compliance with the requirements of, and meet the standards of all applicable Federal, State and local laws, regulations and ordinances including, without limitation, the Occupational Safety and Health Act of 1970, the Interstate Commerce Act, the American National Standards Institute, the National Fire Protections Association, the Federal Food, Drug and Cosmetic Act, the Federal Insecticide, Fungicide and Rodenticide Act, the Federal Hazardous Substances Labeling Act, the Transportation Safety Act of 1974, The Toxic Substances Control Act, the State Pure Foods Acts, the Federal Trade Commission Act, the Federal Trade Commission Trade Practice Rules, the Fair Packaging and Labeling Act, the Poison Prevention Packaging Act , the Flammable Fabrics Act, the Consumer Product Safety Act of 1972, the Wool Products Labeling Act, the Fair Labor Standards Act of 1938, and the Civil Rights Act of 1964. Vendor shall indemnify Purchaser and hold Purchaser harmless, and upon Purchaser's request, defend Purchaser from and against any claim, suit, governmental action, loss, damage or expense (including attorney's fees)resulting from or arising out of Vendor's breach of said warranties. Purchaser may retain its own counsel and participate in any such claim or suit for the further protection of Purchaser's interest.

10. EQUAL OPPORTUNITY CLAUSE. Unless this contract is exempt by law, Executive Order, or appropriate rules and regulations, there is incorporated herein by reference paragraphs (1) through (7) of the contract clause set forth in Section 202 of Executive Order 11246, the entire contract clause set forth in 41 CFR 60-250.4 relating to disabled veterans and Vietnam era veterans, the entire contract clause set forth in 41 CFR 1-1.1310-2 relating to the utilization of minority business enterprises, and the applicable contract clause set forth in 41 CRF 60-741.4 relating to employment of the handicapped. Unless likewise exempt, the vendor further certifies and warrants compliance with the Certification of Nonsegregated Facilities clause set forth in 41 CFR 1-12.803.10 which is also incorporated herein by reference. The Vendor, in performing the work required by this order, shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, handicapped condition or veteran status. Nothing in this paragraph 10 is to be construed as creating a contract for the benefit of third parties.

11 INSURANCE. Vendor agrees to keep in full force and effect for a period of at least two (2) years from the date of this order General Liability Insurance, including Products Liability, Completed Operations Liability, and Contractual Liability covering Vendor's indemnity obligations under this order, with limits of at least $1,000,000 each person and $5,000,000 each occurrence for bodily injury and $1,000,000 each occurrence for property damage, and Worker's Compensation and Employer's Liability Insurance with limits as required by applicable State laws.

12. EXISTING CONTRACT. If this order is placed under an existing contract between Vendor and Purchaser, any terms of this order which are inconsistent with such contract shall not be applicable.

13. MODIFICATION AND NONASSIGNMENT. This order contains the complete agreement between Purchaser and Vendor, and no agreement or other understanding purporting to modify the terms and conditions hereof shall be binding upon Purchaser unless otherwise agreed to by Purchaser in writing on or subsequent to the date of this order. Vendor shall not delegate to any other person the performance of any work or supplying of any services under this order. If Vendor assigns monies due and to become due under this order, Purchaser shall be entitled to assert against the assignee thereof all rights, claims and defenses of every type(including, without limitation, rights of setoff, recoupment, and counterclaim), which Purchaser could assert against Vendor, whether acquired prior or subsequent to such assignment.

NOTICE: FURNISH GOODS AND SERVICES AS SPECIFIED IF YOU AGREE TO THESE GENERAL TERMS AND CONDITIONS STATED ON THIS ORDER. IF NOT, THIS ORDER IS REVOKED. YOUR ACCEPTANCE IS EXPRESSLY LIMITED TO THE TERMS AND CONDITIONS STATED ON THIS ORDER.

Hexion Specialty Chemicals, Inc. _____
Authorized Signature

Terms and Conditions

1. ACCEPTANCE. Purchaser shall not be bound by this order until Purchaser has received an acknowledgement of the unqualified acceptance of this order signed by Vendor. Vendor shall be bound by this order and its terms and conditions when it signs and returns an acknowledgement or when it delivers to Purchaser any of the items ordered herein or renders for Purchaser any of the services ordered herein. No contract shall exist except as provided in this Purchase Order.

2. PRICE. This order must not, without written authorization from Purchaser, be filled at higher prices than specified herein, or if this order is unpriced, at prices higher than last charged or quoted to Purchaser for goods or services described herein. Vendor agrees that any price reduction made in goods or services described in this order prior to the delivery of such goods or services to Purchaser will be applicable to this order. Vendor certifies that the prices charged for the goods or services covered by this order comply with all applicable laws and regulations.

3. QUALITY. All goods delivered to, and all work done for Purchaser hereunder, shall be exactly as specified by Purchaser and shall be subject to inspection and approval or rejection by Purchaser in whole or in part. Proofs of printed material are to be submitted for Purchaser's inspection and written approval before printing. Any goods or printed materials not conforming to specifications and not accepted by Purchaser may, at the option of Purchaser, be returned to Vendor at Vendor's risk and expense, or be held at Vendor's risk and expense for disposition by Purchaser after notice to Vendor.

4. TERMS. Discount terms are based upon the assumption that invoices will be received by Purchaser within three (3) days from date of shipment; otherwise, the discount is to be calculated from the date the invoice is received by Purchaser allowing three (3) days for transmission. No drafts for purchases will be honored unless provided for in this order.

5. ROUTING. Vendor agrees to pay all excess charges resulting from failure to ship and route by the least expensive way or as instructed by Purchaser, and to reimburse Purchaser for any such exess charges paid by Purchaser.

6. CANCELLATION. Purchaser reserves the right to cancel this order or any portion thereof if delivery is not made when and as specified. Time is the essence of this order. Vendor agrees to pay Purchaser for any loss or damage sustained by Purchaser resulting from Vendor's Failure to make delivery at the date specified.

7. PATENTS. Vendor warrants that no goods or services covered by this order shall infringe any patent, trademark, tradename, copyright or trade secret and that neither the normally anticipated uses thereof by Purchaser nor any special methods of using same, known by Vendor to be contemplated by Purchaser shall infringe any patent, trademark, tradename, copyright or trade secret. Vendor shall indemnify and defend Purchaser and its subsidiaries and affiliates against any loss, damage or expense, (including attorney's fees) resulting from or arising out of any claim of patent, trademark, tradename, copyright or trade secret infringement or such litigation relating to the goods or services covered by this order. Purchaser may retain its own counsel and participate in any such litigation for the further protection of Purchaser's interests.

8. SERVICES. When this order requires any work or services to be performed:

(a) Vendor shall perform such work or services strictly as an independent contractor and not as an employee.

(b) Vendor shall have sole liability for all payroll taxes and contributions payable under the Federal Insurance Contribution Act, the Federal Unemployment Tax Act, and any applicable State unemployment insurance or compensation laws and any amendments thereto, with respect to the employment of persons in connection with the prosecution and completion of the work to be performed hereunder; and Vendor shall indemnify Purchaser against the payment of such payroll taxes and contributions and any loss or expense that may result from Vendor's failure to comply with such laws and amendments.

(c) All work and services hereunder shall be performed in such a manner as to guarantee the safety of persons and property. Vendor shall indemnify and defend Purchaser against any claim, suit, governmental action, loss, damage or expense (including attorney's fees) resulting from or arising out of the performance of any work hereunder or for the failure of said work or services to comply with Section 9(a) and (b) below, unless solely due to negligence on the part of Purchaser, its subsidiaries, affiliates, agents or employees. Purchaser may retain its own counsel and participate in any such claim or suit for the further protection of Purchaser's interest. Prior to making payments for any work or services, Purchaser may demand appropriate mechanic's lien affidavits or lien waivers satisfactory to its counsel.

9. WARRANTIES. Vendor represents, guarantees and warrants to Purchaser that the goods and /or services covered by this order:

(a) will be merchantable and free from defects, and fit for the use for which they are intended and to which they are normally put, and for any special uses known by Vendor to be contemplated by Purchaser; and

(b) have been produced, manufactured, packaged, labeled and transported or performed in compliance with the requirements of, and meet the standards of all applicable Federal, State and local laws, regulations and ordinances including, without limitation, the Occupational Safety and Health Act of 1970, the Interstate Commerce Act, the American National Standards Institute, the National Fire Protections Association, the Federal Food, Drug and Cosmetic Act, the Federal Insecticide, Fungicide and Rodenticide Act, the Federal Hazardous Substances Labeling Act, the Transportation Safety Act of 1974, The Toxic Substances Control Act, the State Pure Foods Acts, the Federal Trade Commission Act, the Federal Trade Commission Trade Practice Rules, the Fair Packaging and Labeling Act, the Poison Prevention Packaging Act , the Flammable Fabrics Act, the Consumer Product Safety Act of 1972, the Wool Products Labeling Act, the Fair Labor Standards Act of 1938, and the Civil Rights Act of 1964. Vendor shall indemnify Purchaser and hold Purchaser harmless, and upon Purchaser's request, defend Purchaser from and against any claim, suit, governmental action, loss, damage or expense (including attorney's fees)resulting from or arising out of Vendor's breach of said warranties. Purchaser may retain its own counsel and participate in any such claim or suit for the further protection of Purchaser's interest.

10. EQUAL OPPORTUNITY CLAUSE. Unless this contract is exempt by law, Executive Order, or appropriate rules and regulations, there is incorporated herein by reference paragraphs (1) through (7) of the contract clause set forth in Section 202 of Executive Order 11246, the entire contract clause set forth in 41 CFR 60-250.4 relating to disabled veterans and Vietnam era veterans, the entire contract clause set forth in 41 CFR 1-1.1310-2 relating to the utilization of minority business enterprises, and the applicable contract clause set forth in 41 CRF 60-741.4 relating to employment of the handicapped. Unless likewise exempt, the vendor further certifies and warrants compliance with the Certification of Nonsegregated Facilities clause set forth in 41 CFR 1-12.803.10 which is also incorporated herein by reference. The Vendor, in performing the work required by this order, shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, handicapped condition or veteran status. Nothing in this paragraph 10 is to be construed as creating a contract for the benefit of third parties.

11 INSURANCE. Vendor agrees to keep in full force and effect for a period of at least two (2) years from the date of this order General Liability Insurance, including Products Liability, Completed Operations Liability, and Contractual Liability covering Vendor's indemnity obligations under this order, with limits of at least $1,000,000 each person and $5,000,000 each occurrence for bodily injury and $1,000,000 each occurrence for property damage, and Worker's Compensation and Employer's Liability Insurance with limits as required by applicable State laws.

12. EXISTING CONTRACT. If this order is placed under an existing contract between Vendor and Purchaser, any terms of this order which are inconsistent with such contract shall not be applicable

13. MODIFICATION AND NONASSIGNMENT. This order contains the complete agreement between Purchaser and Vendor, and no agreement or other understanding purporting to modify the terms and conditions hereof shall be binding upon Purchaser unless otherwise agreed to by Purchaser in writing on or subsequent to the date of this order. Vendor shall not delegate to any other person the performance of any work or supplying of any services under this order. If Vendor assigns monies due and to become due under this order, Purchaser shall be entitled to assert against the assignee thereof all rights, claims and defenses of every type(including, without limitation, rights of setoff, recoupment, and counterclaim), which Purchaser could assert against Vendor, whether acquired prior or subsequent to such assignment.

NOTICE: FURNISH GOODS AND SERVICES AS SPECIFIED IF YOU AGREE TO THESE GENERAL TERMS AND CONDITIONS STATED ON THIS ORDER. IF NOT, THIS ORDER IS REVOKED. YOUR ACCEPTANCE IS EXPRESSLY LIMITED TO THE TERMS AND CONDITIONS STATED ON THIS ORDER.

Hexion Specialty Chemicals, Inc. _____
Authorized Signature

Terms and Conditions

1. ACCEPTANCE. Purchaser shall not be bound by this order until Purchaser has received an acknowledgement of the unqualified acceptance of this order signed by Vendor. Vendor shall be bound by this order and its terms and conditions when it signs and returns an acknowledgement or when it delivers to Purchaser any of the items ordered herein or renders for Purchaser any of the services ordered herein. No contract shall exist except as provided in this Purchase Order.

2. PRICE. This order must not, without written authorization from Purchaser, be filled at higher prices than specified herein, or if this order is unpriced, at prices higher than last charged or quoted to Purchaser for goods or services described herein. Vendor agrees that any price reduction made in goods or services described in this order prior to the delivery of such goods or services to Purchaser will be applicable to this order. Vendor certifies that the prices charged for the goods or services covered by this order comply with all applicable laws and regulations.

3. QUALITY. All goods delivered to, and all work done for Purchaser hereunder, shall be exactly as specified by Purchaser and shall be subject to inspection and approval or rejection by Purchaser in whole or in part. Proofs of printed material are to be submitted for Purchaser's inspection and written approval before printing. Any goods or printed materials not conforming to specifications and not accepted by Purchaser may, at the option of Purchaser, be returned to Vendor at Vendor's risk and expense, or be held at Vendor's risk and expense for disposition by Purchaser after notice to Vendor.

4. TERMS. Discount terms are based upon the assumption that invoices will be received by Purchaser within three (3) days from date of shipment; otherwise, the discount is to be calculated from the date the invoice is received by Purchaser allowing three (3) days for transmission. No drafts for purchases will be honored unless provided for in this order.

5. ROUTING. Vendor agrees to pay all excess charges resulting from failure to ship and route by the least expensive way or as instructed by Purchaser, and to reimburse Purchaser for any such exess charges paid by Purchaser.

6. CANCELLATION. Purchaser reserves the right to cancel this order or any portion thereof if delivery is not made when and as specified. Time is the essence of this order. Vendor agrees to pay Purchaser for any loss or damage sustained by Purchaser resulting from Vendor's Failure to make delivery at the date specified.

7. PATENTS. Vendor warrants that no goods or services covered by this order shall infringe any patent, trademark, tradename, copyright or trade secret and that neither the normally anticipated uses thereof by Purchaser nor any special methods of using same, known by Vendor to be contemplated by Purchaser shall infringe any patent, trademark, tradename, copyright or trade secret. Vendor shall indemnify and defend Purchaser and its subsidiaries and affiliates against any loss, damage or expense, (including attorney's fees) resulting from or arising out of any claim of patent, trademark, tradename, copyright or trade secret infringement or such litigation relating to the goods or services covered by this order. Purchaser may retain its own counsel and participate in any such litigation for the further protection of Purchaser's interests.

8. SERVICES. When this order requires any work or services to be performed:

(a) Vendor shall perform such work or services strictly as an independent contractor and not as an employee.

(b) Vendor shall have sole liability for all payroll taxes and contributions payable under the Federal Insurance Contribution Act, the Federal Unemployment Tax Act, and any applicable State unemployment insurance or compensation laws and any amendments thereto, with respect to the employment of persons in connection with the prosecution and completion of the work to be performed hereunder; and Vendor shall indemnify Purchaser against the payment of such payroll taxes and contributions and any loss or expense that may result from Vendor's failure to comply with such laws and amendments.

(c) All work and services hereunder shall be performed in such a manner as to guarantee the safety of persons and property. Vendor shall indemnify and defend Purchaser against any claim, suit, governmental action, loss, damage or expense (including attorney's fees) resulting from or arising out of the performance of any work hereunder or for the failure of said work or services to comply with Section 9(a) and (b) below, unless solely due to negligence on the part of Purchaser, its subsidiaries, affiliates, agents or employees. Purchaser may retain its own counsel and participate in any such claim or suit for the further protection of Purchaser's interest. Prior to making payments for any work or services, Purchaser may demand appropriate mechanic's lien affidavits or lien waivers satisfactory to its counsel.

9. WARRANTIES. Vendor represents, guarantees and warrants to Purchaser that the goods and /or services covered by this order:

(a) will be merchantable and free from defects, and fit for the use for which they are intended and to which they are normally put, and for any special uses known by Vendor to be contemplated by Purchaser; and

(b) have been produced, manufactured, packaged, labeled and transported or performed in compliance with the requirements of, and meet the standards of all applicable Federal, State and local laws, regulations and ordinances including, without limitation, the Occupational Safety and Health Act of 1970, the Interstate Commerce Act, the American National Standards Institute, the National Fire Protections Association, the Federal Food, Drug and Cosmetic Act, the Federal Insecticide, Fungicide and Rodenticide Act, the Federal Hazardous Substances Labeling Act, the Transportation Safety Act of 1974, The Toxic Substances Control Act, the State Pure Foods Acts, the Federal Trade Commission Act, the Federal Trade Commission Trade Practice Rules, the Fair Packaging and Labeling Act, the Poison Prevention Packaging Act , the Flammable Fabrics Act, the Consumer Product Safety Act of 1972, the Wool Products Labeling Act, the Fair Labor Standards Act of 1938, and the Civil Rights Act of 1964. Vendor shall indemnify Purchaser and hold Purchaser harmless, and upon Purchaser's request, defend Purchaser from and against any claim, suit, governmental action, loss, damage or expense (including attorney's fees)resulting from or arising out of Vendor's breach of said warranties. Purchaser may retain its own counsel and participate in any such claim or suit for the further protection of Purchaser's interest.

10. EQUAL OPPORTUNITY CLAUSE. Unless this contract is exempt by law, Executive Order, or appropriate rules and regulations, there is incorporated herein by reference paragraphs (1) through (7) of the contract clause set forth in Section 202 of Executive Order 11246, the entire contract clause set forth in 41 CFR 60-250.4 relating to disabled veterans and Vietnam era veterans, the entire contract clause set forth in 41 CFR 1-1.1310-2 relating to the utilization of minority business enterprises, and the applicable contract clause set forth in 41 CRF 60-741.4 relating to employment of the handicapped. Unless likewise exempt, the vendor further certifies and warrants compliance with the Certification of Nonsegregated Facilities clause set forth in 41 CFR 1-12.803.10 which is also incorporated herein by reference. The Vendor, in performing the work required by this order, shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, handicapped condition or veteran status. Nothing in this paragraph 10 is to be construed as creating a contract for the benefit of third parties.

11 INSURANCE. Vendor agrees to keep in full force and effect for a period of at least two (2) years from the date of this order General Liability Insurance, including Products Liability, Completed Operations Liability, and Contractual Liability covering Vendor's indemnity obligations under this order, with limits of at least $1,000,000 each person and $5,000,000 each occurrence for bodily injury and $1,000,000 each occurrence for property damage, and Worker's Compensation and Employer's Liability Insurance with limits as required by applicable State laws.

12. EXISTING CONTRACT. If this order is placed under an existing contract between Vendor and Purchaser, any terms of this order which are inconsistent with such contract shall not be applicable

13. MODIFICATION AND NONASSIGNMENT. This order contains the complete agreement between Purchaser and Vendor, and no agreement or other understanding purporting to modify the terms and conditions hereof shall be binding upon Purchaser unless otherwise agreed to by Purchaser in writing on or subsequent to the date of this order. Vendor shall not delegate to any other person the performance of any work or supplying of any services under this order. If Vendor assigns monies due and to become due under this order, Purchaser shall be entitled to assert against the assignee thereof all rights, claims and defenses of every type(including, without limitation, rights of setoff, recoupment, and counterclaim), which Purchaser could assert against Vendor, whether acquired prior or subsequent to such assignment.

NOTICE: FURNISH GOODS AND SERVICES AS SPECIFIED IF YOU AGREE TO THESE GENERAL TERMS AND CONDITIONS STATED ON THIS ORDER. IF NOT, THIS ORDER IS REVOKED. YOUR ACCEPTANCE IS EXPRESSLY LIMITED TO THE TERMS AND CONDITIONS STATED ON THIS ORDER.

Hexion Specialty Chemicals, Inc. _____
Authorized Signature

Terms and Conditions

1. ACCEPTANCE. Purchaser shall not be bound by this order until Purchaser has received an acknowledgement of the unqualified acceptance of this order signed by Vendor. Vendor shall be bound by this order and its terms and conditions when it signs and returns an acknowledgement or when it delivers to Purchaser any of the items ordered herein or renders for Purchaser any of the services ordered herein. No contract shall exist except as provided in this Purchase Order.

2. PRICE. This order must not, without written authorization from Purchaser, be filled at higher prices than specified herein, or if this order is unpriced, at prices higher than last charged or quoted to Purchaser for goods or services described herein. Vendor agrees that any price reduction made in goods or services described in this order prior to the delivery of such goods or services to Purchaser will be applicable to this order. Vendor certifies that the prices charged for the goods or services covered by this order comply with all applicable laws and regulations.

3. QUALITY. All goods delivered to, and all work done for Purchaser hereunder, shall be exactly as specified by Purchaser and shall be subject to inspection and approval or rejection by Purchaser in whole or in part. Proofs of printed material are to be submitted for Purchaser's inspection and written approval before printing. Any goods or printed materials not conforming to specifications and not accepted by Purchaser may, at the option of Purchaser, be returned to Vendor at Vendor's risk and expense, or be held at Vendor's risk and expense for disposition by Purchaser after notice to Vendor.

4. TERMS. Discount terms are based upon the assumption that invoices will be received by Purchaser within three (3) days from date of shipment; otherwise, the discount is to be calculated from the date the invoice is received by Purchaser allowing three (3) days for transmission. No drafts for purchases will be honored unless provided for in this order.

5. ROUTING. Vendor agrees to pay all excess charges resulting from failure to ship and route by the least expensive way or as instructed by Purchaser, and to reimburse Purchaser for any such exess charges paid by Purchaser.

6. CANCELLATION. Purchaser reserves the right to cancel this order or any portion thereof if delivery is not made when and as specified. Time is the essence of this order. Vendor agrees to pay Purchaser for any loss or damage sustained by Purchaser resulting from Vendor's Failure to make delivery at the date specified.

7. PATENTS. Vendor warrants that no goods or services covered by this order shall infringe any patent, trademark, tradename, copyright or trade secret and that neither the normally anticipated uses thereof by Purchaser nor any special methods of using same, known by Vendor to be contemplated by Purchaser shall infringe any patent, trademark, tradename, copyright or trade secret. Vendor shall indemnify and defend Purchaser and its subsidiaries and affiliates against any loss, damage or expense, (including attorney's fees) resulting from or arising out of any claim of patent, trademark, tradename, copyright or trade secret infringement or such litigation relating to the goods or services covered by this order. Purchaser may retain its own counsel and participate in any such litigation for the further protection of Purchaser's interests.

8. SERVICES. When this order requires any work or services to be performed:

(a) Vendor shall perform such work or services strictly as an independent contractor and not as an employee.

(b) Vendor shall have sole liability for all payroll taxes and contributions payable under the Federal Insurance Contribution Act, the Federal Unemployment Tax Act, and any applicable State unemployment insurance or compensation laws and any amendments thereto, with respect to the employment of persons in connection with the prosecution and completion of the work to be performed hereunder; and Vendor shall indemnify Purchaser against the payment of such payroll taxes and contributions and any loss or expense that may result from Vendor's failure to comply with such laws and amendments.

(c) All work and services hereunder shall be performed in such a manner as to guarantee the safety of persons and property. Vendor shall indemnify and defend Purchaser against any claim, suit, governmental action, loss, damage or expense (including attorney's fees) resulting from or arising out of the performance of any work hereunder or for the failure of said work or services to comply with Section 9(a) and (b) below, unless solely due to negligence on the part of Purchaser, its subsidiaries, affiliates, agents or employees. Purchaser may retain its own counsel and participate in any such claim or suit for the further protection of Purchaser's interest. Prior to making payments for any work or services, Purchaser may demand appropriate mechanic's lien affidavits or lien waivers satisfactory to its counsel.

9. WARRANTIES. Vendor represents, guarantees and warrants to Purchaser that the goods and /or services covered by this order:

(a) will be merchantable and free from defects, and fit for the use for which they are intended and to which they are normally put, and for any special uses known by Vendor to be contemplated by Purchaser; and

(b) have been produced, manufactured, packaged, labeled and transported or performed in compliance with the requirements of, and meet the standards of all applicable Federal, State and local laws, regulations and ordinances including, without limitation, the Occupational Safety and Health Act of 1970, the Interstate Commerce Act, the American National Standards Institute, the National Fire Protections Association, the Federal Food, Drug and Cosmetic Act, the Federal Insecticide, Fungicide and Rodenticide Act, the Federal Hazardous Substances Labeling Act, the Transportation Safety Act of 1974, The Toxic Substances Control Act, the State Pure Foods Acts, the Federal Trade Commission Act, the Federal Trade Commission Trade Practice Rules, the Fair Packaging and Labeling Act, the Poison Prevention Packaging Act , the Flammable Fabrics Act, the Consumer Product Safety Act of 1972, the Wool Products Labeling Act, the Fair Labor Standards Act of 1938, and the Civil Rights Act of 1964. Vendor shall indemnify Purchaser and hold Purchaser harmless, and upon Purchaser's request, defend Purchaser from and against any claim, suit, governmental action, loss, damage or expense (including attorney's fees)resulting from or arising out of Vendor's breach of said warranties. Purchaser may retain its own counsel and participate in any such claim or suit for the further protection of Purchaser's interest.

10. EQUAL OPPORTUNITY CLAUSE. Unless this contract is exempt by law, Executive Order, or appropriate rules and regulations, there is incorporated herein by reference paragraphs (1) through (7) of the contract clause set forth in Section 202 of Executive Order 11246, the entire contract clause set forth in 41 CFR 60-250.4 relating to disabled veterans and Vietnam era veterans, the entire contract clause set forth in 41 CFR 1-1.1310-2 relating to the utilization of minority business enterprises, and the applicable contract clause set forth in 41 CRF 60-741.4 relating to employment of the handicapped. Unless likewise exempt, the vendor further certifies and warrants compliance with the Certification of Nonsegregated Facilities clause set forth in 41 CFR 1-12.803.10 which is also incorporated herein by reference. The Vendor, in performing the work required by this order, shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, handicapped condition or veteran status. Nothing in this paragraph 10 is to be construed as creating a contract for the benefit of third parties.

11 INSURANCE. Vendor agrees to keep in full force and effect for a period of at least two (2) years from the date of this order General Liability Insurance, including Products Liability, Completed Operations Liability, and Contractual Liability covering Vendor's indemnity obligations under this order, with limits of at least $1,000,000 each person and $5,000,000 each occurrence for bodily injury and $1,000,000 each occurrence for property damage, and Worker's Compensation and Employer's Liability Insurance with limits as required by applicable State laws.

12. EXISTING CONTRACT. If this order is placed under an existing contract between Vendor and Purchaser, any terms of this order which are inconsistent with such contract shall not be applicable

13. MODIFICATION AND NONASSIGNMENT. This order contains the complete agreement between Purchaser and Vendor, and no agreement or other understanding purporting to modify the terms and conditions hereof shall be binding upon Purchaser unless otherwise agreed to by Purchaser in writing on or subsequent to the date of this order. Vendor shall not delegate to any other person the performance of any work or supplying of any services under this order. If Vendor assigns monies due and to become due under this order, Purchaser shall be entitled to assert against the assignee thereof all rights, claims and defenses of every type(including, without limitation, rights of setoff, recoupment, and counterclaim), which Purchaser could assert against Vendor, whether acquired prior or subsequent to such assignment.

NOTICE: FURNISH GOODS AND SERVICES AS SPECIFIED IF YOU AGREE TO THESE GENERAL TERMS AND CONDITIONS STATED ON THIS ORDER. IF NOT, THIS ORDER IS REVOKED. YOUR ACCEPTANCE IS EXPRESSLY LIMITED TO THE TERMS AND CONDITIONS STATED ON THIS ORDER.

DANA CONTAINER
902 SENS ROAD
LA PORTE, TEXAS 77571

APPROVAL FORM FOR HEEL DISPOSAL
(TANKS WILL NOT BE CLEANED UNLESS DISPOSAL IS APPROVED)

to CES, Houston

NUMBER OF PAGES: 1 OF 1
FAX DATE: 3/22/08

RE: DISPOSITION OF HEEL

CUSTOMER: SUTTLES **FAX:**

CONTACT NAME:

UNIT # : 545 **PRODUCT:** Waste Water

Please advise via return FAX: (281) 470-2570 the disposition of heel found in the above referenced tank when brought into DANA Containers wash facility for cleaning.

Estimate of the amount of heel: 350 / 380 Gallons.

Disposal Cost of Non-Hazardous Waste: $ 0.00 per gallon ($ 275.00 per drum)

Disposal Cost of Hazardous Waste: $ 10.00 per gallon (550.00 per drum)

Do you wish for DANA Container to Dispose of Heel ? ***Please initial:*** YES { } NO { }

Do you wish for DANA Container to Drum Heel and prepare drum to be shipped or returned ?
Please initial: YES { } NO { }

Approvers Name: (printed) Signature:

Title: Date:

Last Date To Be Held: (Three (3) Days From The Date Of This Fax.
Last Date For Pick Up: (Eleven (11) Days From The Date Of This Fax.

If yes there will be a $ 75.00 fee for cost of drumming and also a document and prep fee of $ 50.00. These charges will be included in the wash ticket invoice.

Customer will arrange for pick up of drummed Material. Any Cost for Shipment will be at the expense of the Customer. Customer will provide Shipper Bill of Laden, MSDS and Placards. DANA can hold Materials for 3 days pending Shipping Orders. The Material MUST be Picked Up within 11 days.

DANA CAN NOT RETURN ANY MATERIALS THAT WAS SHIPPED AS A HAZARDOUS WASTE.

Hexion Specialty Chemicals, Inc. _____

Terms and Conditions

1. ACCEPTANCE. Purchaser shall not be bound by this order until Purchaser has received an acknowledgement of the unqualified acceptance of this order signed by Vendor. Vendor shall be bound by this order and its terms and conditions when it signs and returns an acknowledgement or when it delivers to Purchaser any of the items ordered herein or renders for Purchaser any of the services ordered herein. No contract shall exist except as provided in this Purchase Order.

2. PRICE. This order must not, without written authorization from Purchaser, be filled at higher prices than specified herein, or if this order is unpriced, at prices higher than last charged or quoted to Purchaser for goods or services described herein. Vendor agrees that any price reduction made in goods or services described in this order prior to the delivery of such goods or services to Purchaser will be applicable to this order. Vendor certifies that the prices charged for the goods or services covered by this order comply with all applicable laws and regulations.

3. QUALITY. All goods delivered to, and all work done for Purchaser hereunder, shall be exactly as specified by Purchaser and shall be subject to inspection and approval or rejection by Purchaser in whole or in part. Proofs of printed material are to be submitted for Purchaser's inspection and written approval before printing. Any goods or printed materials not conforming to specifications and not accepted by Purchaser may, at the option of Purchaser, be returned to Vendor at Vendor's risk and expense, or be held at Vendor's risk and expense for disposition by Purchaser after notice to Vendor.

4. TERMS. Discount terms are based upon the assumption that invoices will be received by Purchaser within three (3) days from date of shipment; otherwise, the discount is to be calculated from the date the invoice is received by Purchaser allowing three (3) days for transmission. No drafts for purchases will be honored unless provided for in this order.

5. ROUTING. Vendor agrees to pay all excess charges resulting from failure to ship and route by the least expensive way or as instructed by Purchaser, and to reimburse Purchaser for any such exess charges paid by Purchaser.

6. CANCELLATION. Purchaser reserves the right to cancel this order or any portion thereof if delivery is not made when and as specified. Time is the essence of this order. Vendor agrees to pay Purchaser for any loss or damage sustained by Purchaser resulting from Vendor's Failure to make delivery at the date specified.

7. PATENTS. Vendor warrants that no goods or services covered by this order shall infringe any patent, trademark, tradename, copyright or trade secret and that neither the normally anticipated uses thereof by Purchaser nor any special methods of using same, known by Vendor to be contemplated by Purchaser shall infringe any patent, trademark, tradename, copyright or trade secret. Vendor shall indemnify and defend Purchaser and its subsidiaries and affiliates against any loss, damage or expense, (including attorney's fees) resulting from or arising out of any claim of patent, trademark, tradename, copyright or trade secret infringement or such litigation relating to the goods or services covered by this order. Purchaser may retain its own counsel and participate in any such litigation for the further protection of Purchaser's interests.

8. SERVICES. When this order requires any work or services to be performed:

(a) Vendor shall perform such work or services strictly as an independent contractor and not as an employee.

(b) Vendor shall have sole liability for all payroll taxes and contributions payable under the Federal Insurance Contribution Act, the Federal Unemployment Tax Act, and any applicable State unemployment insurance or compensation laws and any amendments thereto, with respect to the employment of persons in connection with the prosecution and completion of the work to be performed hereunder; and Vendor shall indemnify Purchaser against the payment of such payroll taxes and contributions and any loss or expense that may result from Vendor's failure to comply with such laws and amendments.

(c) All work and services hereunder shall be performed in such a manner as to guarantee the safety of persons and property. Vendor shall indemnify and defend Purchaser against any claim, suit, governmental action, loss, damage or expense (including attorney's fees) resulting from or arising out of the performance of any work hereunder or for the failure of said work or services to comply with Section 9(a) and (b) below, unless solely due to negligence on the part of Purchaser, its subsidiaries, affiliates, agents or employees. Purchaser may retain its own counsel and participate in any such claim or suit for the further protection of Purchaser's interest. Prior to making payments for any work or services, Purchaser may demand appropriate mechanic's lien affidavits or lien waivers satisfactory to its counsel.

9. WARRANTIES. Vendor represents, guarantees and warrants to Purchaser that the goods and /or services covered by this order:

(a) will be merchantable and free from defects, and fit for the use for which they are intended and to which they are normally put, and for any special uses known by Vendor to be contemplated by Purchaser; and

(b) have been produced, manufactured, packaged, labeled and transported or performed in compliance with the requirements of, and meet the standards of all applicable Federal, State and local laws, regulations and ordinances including, without limitation, the Occupational Safety and Health Act of 1970, the Interstate Commerce Act, the American National Standards Institute, the National Fire Protections Association, the Federal Food, Drug and Cosmetic Act, the Federal Insecticide, Fungicide and Rodenticide Act, the Federal Hazardous Substances Labeling Act, the Transportation Safety Act of 1974, The Toxic Substances Control Act, the State Pure Foods Acts, the Federal Trade Commission Act, the Federal Trade Commission Trade Practice Rules, the Fair Packaging and Labeling Act, the Poison Prevention Packaging Act , the Flammable Fabrics Act, the Consumer Product Safety Act of 1972, the Wool Products Labeling Act, the Fair Labor Standards Act of 1938, and the Civil Rights Act of 1964. Vendor shall indemnify Purchaser and hold Purchaser harmless, and upon Purchaser's request, defend Purchaser from and against any claim, suit, governmental action, loss, damage or expense (including attorney's fees)resulting from or arising out of Vendor's breach of said warranties. Purchaser may retain its own counsel and participate in any such claim or suit for the further protection of Purchaser's interest.

10. EQUAL OPPORTUNITY CLAUSE. Unless this contract is exempt by law, Executive Order, or appropriate rules and regulations, there is incorporated herein by reference paragraphs (1) through (7) of the contract clause set forth in Section 202 of Executive Order 11246, the entire contract clause set forth in 41 CFR 60-250.4 relating to disabled veterans and Vietnam era veterans, the entire contract clause set forth in 41 CFR 1-1.1310-2 relating to the utilization of minority business enterprises, and the applicable contract clause set forth in 41 CRF 60-741.4 relating to employment of the handicapped. Unless likewise exempt, the vendor further certifies and warrants compliance with the Certification of Nonsegregated Facilities clause set forth in 41 CFR 1-12.803.10 which is also incorporated herein by reference. The Vendor, in performing the work required by this order, shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, handicapped condition or veteran status. Nothing in this paragraph 10 is to be construed as creating a contract for the benefit of third parties.

11 INSURANCE. Vendor agrees to keep in full force and effect for a period of at least two (2) years from the date of this order General Liability Insurance, including Products Liability, Completed Operations Liability, and Contractual Liability covering Vendor's indemnity obligations under this order, with limits of at least $1,000,000 each person and $5,000,000 each occurrence for bodily injury and $1,000,000 each occurrence for property damage, and Worker's Compensation and Employer's Liability Insurance with limits as required by applicable State laws.

12. EXISTING CONTRACT. If this order is placed under an existing contract between Vendor and Purchaser, any terms of this order which are inconsistent

13. MODIFICATION AND NONASSIGNMENT. This order contains the complete agreement between Purchaser and Vendor, and no agreement or other understanding purporting to modify the terms and conditions hereof shall be binding upon Purchaser unless otherwise agreed to by Purchaser in writing on or subsequent to the date of this order. Vendor shall not delegate to any other person the performance of any work or supplying of any services under this order. If Vendor assigns monies due and to become due under this order, Purchaser shall be entitled to assert against the assignee thereof all rights, claims and defenses of every type(including, without limitation, rights of setoff, recoupment, and counterclaim), which Purchaser could assert against Vendor, whether acquired prior or subsequent to such assignment.

NOTICE: FURNISH GOODS AND SERVICES AS SPECIFIED IF YOU AGREE TO THESE GENERAL TERMS AND CONDITIONS STATED ON THIS ORDER. IF NOT, THIS ORDER IS REVOKED. YOUR ACCEPTANCE IS EXPRESSLY LIMITED TO THE TERMS AND CONDITIONS STATED ON THIS ORDER.

Terms and Conditions

1. ACCEPTANCE. Purchaser shall not be bound by this order until Purchaser has received an acknowledgement of the unqualified acceptance of this order signed by Vendor. Vendor shall be bound by this order and its terms and conditions when it signs and returns an acknowledgement or when it delivers to Purchaser any of the items ordered herein or renders for Purchaser any of the services ordered herein. No contract shall exist except as provided in this Purchase Order.

2. PRICE. This order must not, without written authorization from Purchaser, be filled at higher prices than specified herein, or if this order is unpriced, at prices higher than last charged or quoted to Purchaser for goods or services described herein. Vendor agrees that any price reduction made in goods or services described in this order prior to the delivery of such goods or services to Purchaser will be applicable to this order. Vendor certifies that the prices charged for the goods or services covered by this order comply with all applicable laws and regulations.

3. QUALITY. All goods delivered to, and all work done for Purchaser hereunder, shall be exactly as specified by Purchaser and shall be subject to inspection and approval or rejection by Purchaser in whole or in part. Proofs of printed material are to be submitted for Purchaser's inspection and written approval before printing. Any goods or printed materials not conforming to specifications and not accepted by Purchaser may, at the option of Purchaser, be returned to Vendor at Vendor's risk and expense, or be held at Vendor's risk and expense for disposition by Purchaser after notice to Vendor.

4. TERMS. Discount terms are based upon the assumption that invoices will be received by Purchaser within three (3) days from date of shipment; otherwise, the discount is to be calculated from the date the invoice is received by Purchaser allowing three (3) days for transmission. No drafts for purchases will be honored unless provided for in this order.

5. ROUTING. Vendor agrees to pay all excess charges resulting from failure to ship and route by the least expensive way or as instructed by Purchaser, and to reimburse Purchaser for any such exess charges paid by Purchaser.

6. CANCELLATION. Purchaser reserves the right to cancel this order or any portion thereof if delivery is not made when and as specified. Time is the essence of this order. Vendor agrees to pay Purchaser for any loss or damage sustained by Purchaser resulting from Vendor's Failure to make delivery at the date specified.

7. PATENTS. Vendor warrants that no goods or services covered by this order shall infringe any patent, trademark, tradename, copyright or trade secret and that neither the normally anticipated uses thereof by Purchaser nor any special methods of using same, known by Vendor to be contemplated by Purchaser shall infringe any patent, trademark, tradename, copyright or trade secret. Vendor shall indemnify and defend Purchaser and its subsidiaries and affiliates against any loss, damage or expense, (including attorney's fees) resulting from or arising out of any claim of patent, trademark, tradename, copyright or trade secret infringement or such litigation relating to the goods or services covered by this order. Purchaser may retain its own counsel and participate in any such litigation for the further protection of Purchaser's interests.

8. SERVICES. When this order requires any work or services to be performed:

(a) Vendor shall perform such work or services strictly as an independent contractor and not as an employee.

(b) Vendor shall have sole liability for all payroll taxes and contributions payable under the Federal Insurance Contribution Act, the Federal Unemployment Tax Act, and any applicable State unemployment insurance or compensation laws and any amendments thereto, with respect to the employment of persons in connection with the prosecution and completion of the work to be performed hereunder; and Vendor shall indemnify Purchaser against the payment of such payroll taxes and contributions and any loss or expense that may result from Vendor's failure to comply with such laws and amendments.

(c) All work and services hereunder shall be performed in such a manner as to guarantee the safety of persons and property. Vendor shall indemnify and defend Purchaser against any claim, suit, governmental action, loss, damage or expense (including attorney's fees) resulting from or arising out of the performance of any work hereunder or for the failure of said work or services to comply with Section 9(a) and (b) below, unless solely due to negligence on the part of Purchaser, its subsidiaries, affiliates, agents or employees. Purchaser may retain its own counsel and participate in any such claim or suit for the further protection of Purchaser's interest. Prior to making payments for any work or services, Purchaser may demand appropriate mechanic's lien affidavits or lien waivers satisfactory to its counsel.

9. WARRANTIES. Vendor represents, guarantees and warrants to Purchaser that the goods and /or services covered by this order:

(a) will be merchantable and free from defects, and fit for the use for which they are intended and to which they are normally put, and for any special uses known by Vendor to be contemplated by Purchaser; and

(b) have been produced, manufactured, packaged, labeled and transported or performed in compliance with the requirements of, and meet the standards of all applicable Federal, State and local laws, regulations and ordinances including, without limitation, the Occupational Safety and Health Act of 1970, the Interstate Commerce Act, the American National Standards Institute, the National Fire Protections Association, the Federal Food, Drug and Cosmetic Act, the Federal Insecticide, Fungicide and Rodenticide Act, the Federal Hazardous Substances Labeling Act, the Transportation Safety Act of 1974, The Toxic Substances Control Act, the State Pure Foods Acts, the Federal Trade Commission Act, the Federal Trade Commission Trade Practice Rules, the Fair Packaging and Labeling Act, the Poison Prevention Packaging Act , the Flammable Fabrics Act, the Consumer Product Safety Act of 1972, the Wool Products Labeling Act, the Fair Labor Standards Act of 1938, and the Civil Rights Act of 1964. Vendor shall indemnify Purchaser and hold Purchaser harmless, and upon Purchaser's request, defend Purchaser from and against any claim, suit, governmental action, loss, damage or expense (including attorney's fees)resulting from or arising out of Vendor's breach of said warranties. Purchaser may retain its own counsel and participate in any such claim or suit for the further protection of Purchaser's interest.

10. EQUAL OPPORTUNITY CLAUSE. Unless this contract is exempt by law, Executive Order, or appropriate rules and regulations, there is incorporated herein by reference paragraphs (1) through (7) of the contract clause set forth in Section 202 of Executive Order 11246, the entire contract clause set forth in 41 CFR 60-250.4 relating to disabled veterans and Vietnam era veterans, the entire contract clause set forth in 41 CFR 1-1.1310-2 relating to the utilization of minority business enterprises, and the applicable contract clause set forth in 41 CRF 60-741.4 relating to employment of the handicapped. Unless likewise exempt, the vendor further certifies and warrants compliance with the Certification of Nonsegregated Facilities clause set forth in 41 CFR 1-12.803.10 which is also incorporated herein by reference. The Vendor, in performing the work required by this order, shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, handicapped condition or veteran status. Nothing in this paragraph 10 is to be construed as creating a contract for the benefit of third parties.

11. INSURANCE. Vendor agrees to keep in full force and effect for a period of at least two (2) years from the date of this order General Liability Insurance, including Products Liability, Completed Operations Liability, and Contractual Liability covering Vendor's indemnity obligations under this order, with limits of at least $1,000,000 each person and $5,000,000 each occurrence for bodily injury and $1,000,000 each occurrence for property damage, and Worker's Compensation and Employer's Liability Insurance with limits as required by applicable State laws.

12. EXISTING CONTRACT. If this order is placed under an existing contract between Vendor and Purchaser, any terms of this order which are inconsistent with such contract shall not be applicable.

13. MODIFICATION AND NONASSIGNMENT. This order contains the complete agreement between Purchaser and Vendor, and no agreement or other understanding purporting to modify the terms and conditions hereof shall be binding upon Purchaser unless otherwise agreed to by Purchaser in writing on or subsequent to the date of this order. Vendor shall not delegate to any other person the performance of any work or supplying of any services under this order. If Vendor assigns monies due and to become due under this order, Purchaser shall be entitled to assert against the assignee thereof all rights, claims and defenses of every type(including, without limitation, rights of setoff, recoupment, and counterclaim), which Purchaser could assert against Vendor, whether acquired prior or subsequent to such assignment.

NOTICE: FURNISH GOODS AND SERVICES AS SPECIFIED IF YOU AGREE TO THESE GENERAL TERMS AND CONDITIONS STATED ON THIS ORDER. IF NOT, THIS ORDER IS REVOKED. YOUR ACCEPTANCE IS EXPRESSLY LIMITED TO THE TERMS AND CONDITIONS STATED ON THIS ORDER.

Terms and Conditions

1. ACCEPTANCE. Purchaser shall not be bound by this order until Purchaser has received an acknowledgement of the unqualified acceptance of this order signed by Vendor. Vendor shall be bound by this order and its terms and conditions when it signs and returns an acknowledgement or when it delivers to Purchaser any of the items ordered herein or renders for Purchaser any of the services ordered herein. No contract shall exist except as provided in this Purchase Order.

2. PRICE. This order must not, without written authorization from Purchaser, be filled at higher prices than specified herein, or if this order is unpriced, at prices higher than last charged or quoted to Purchaser for goods or services described herein. Vendor agrees that any price reduction made in goods or services described in this order prior to the delivery of such goods or services to Purchaser will be applicable to this order. Vendor certifies that the prices charged for the goods or services covered by this order comply with all applicable laws and regulations.

3. QUALITY. All goods delivered to, and all work done for Purchaser hereunder, shall be exactly as specified by Purchaser and shall be subject to inspection and approval or rejection by Purchaser in whole or in part. Proofs of printed material are to be submitted for Purchaser's inspection and written approval before printing. Any goods or printed materials not conforming to specifications and not accepted by Purchaser may, at the option of Purchaser, be returned to Vendor at Vendor's risk and expense, or be held at Vendor's risk and expense for disposition by Purchaser after notice to Vendor.

4. TERMS. Discount terms are based upon the assumption that invoices will be received by Purchaser within three (3) days from date of shipment; otherwise, the discount is to be calculated from the date the invoice is received by Purchaser allowing three (3) days for transmission. No drafts for purchases will be honored unless provided for in this order.

5. ROUTING. Vendor agrees to pay all excess charges resulting from failure to ship and route by the least expensive way or as instructed by Purchaser, and to reimburse Purchaser for any such exess charges paid by Purchaser.

6. CANCELLATION. Purchaser reserves the right to cancel this order or any portion thereof if delivery is not made when and as specified. Time is the essence of this order. Vendor agrees to pay Purchaser for any loss or damage sustained by Purchaser resulting from Vendor's Failure to make delivery at the date specified.

7. PATENTS. Vendor warrants that no goods or services covered by this order shall infringe any patent, trademark, tradename, copyright or trade secret and that neither the normally anticipated uses thereof by Purchaser nor any special methods of using same, known by Vendor to be contemplated by Purchaser shall infringe any patent, trademark, tradename, copyright or trade secret. Vendor shall indemnify and defend Purchaser and its subsidiaries and affiliates against any loss, damage or expense, (including attorney's fees) resulting from or arising out of any claim of patent, trademark, tradename, copyright or trade secret infringement or such litigation relating to the goods or services covered by this order. Purchaser may retain its own counsel and participate in any such litigation for the further protection of Purchaser's interests.

8. SERVICES. When this order requires any work or services to be performed:

(a) Vendor shall perform such work or services strictly as an independent contractor and not as an employee.

(b) Vendor shall have sole liability for all payroll taxes and contributions payable under the Federal Insurance Contribution Act, the Federal Unemployment Tax Act, and any applicable State unemployment insurance or compensation laws and any amendments thereto, with respect to the employment of persons in connection with the prosecution and completion of the work to be performed hereunder; and Vendor shall indemnify Purchaser against the payment of such payroll taxes and contributions and any loss or expense that may result from Vendor's failure to comply with such laws and amendments.

(c) All work and services hereunder shall be performed in such a manner as to guarantee the safety of persons and property. Vendor shall indemnify and defend Purchaser against any claim, suit, governmental action, loss, damage or expense (including attorney's fees) resulting from or arising out of the performance of any work hereunder or for the failure of said work or services to comply with Section 9(a) and (b) below, unless solely due to negligence on the part of Purchaser, its subsidiaries, affiliates, agents or employees. Purchaser may retain its own counsel and participate in any such claim or suit for the further protection of Purchaser's interest. Prior to making payments for any work or services, Purchaser may demand appropriate mechanic's lien affidavits or lien waivers satisfactory to its counsel.

9. WARRANTIES. Vendor represents, guarantees and warrants to Purchaser that the goods and /or services covered by this order:

(a) will be merchantable and free from defects, and fit for the use for which they are intended and to which they are normally put, and for any special uses known by Vendor to be contemplated by Purchaser; and

(b) have been produced, manufactured, packaged, labeled and transported or performed in compliance with the requirements of, and meet the standards of all applicable Federal, State and local laws, regulations and ordinances including, without limitation, the Occupational Safety and Health Act of 1970, the Interstate Commerce Act, the American National Standards Institute, the National Fire Protections Association, the Federal Food, Drug and Cosmetic Act, the Federal Insecticide, Fungicide and Rodenticide Act, the Federal Hazardous Substances Labeling Act, the Transportation Safety Act of 1974, The Toxic Substances Control Act, the State Pure Foods Acts, the Federal Trade Commission Act, the Federal Trade Commission Trade Practice Rules, the Fair Packaging and Labeling Act, the Poison Prevention Packaging Act , the Flammable Fabrics Act, the Consumer Product Safety Act of 1972, the Wool Products Labeling Act, the Fair Labor Standards Act of 1938, and the Civil Rights Act of 1964. Vendor shall indemnify Purchaser and hold Purchaser harmless, and upon Purchaser's request, defend Purchaser from and against any claim, suit, governmental action, loss, damage or expense (including attorney's fees)resulting from or arising out of Vendor's breach of said warranties. Purchaser may retain its own counsel and participate in any such claim or suit for the further protection of Purchaser's interest.

10. EQUAL OPPORTUNITY CLAUSE.
