Subject: Letter on 112(g) case-by-case MACT submittal

Denise,

Attached is our letter indicating some of the additional areas we believe we need information to process the 112(g) submittal. I know we received some supplemental materials last week from you based on discussions Brian and Melanie had a few weeks ago. Melanie will also reach out to Brian to continue those discussions. Please let us know if you have any questions.
