Phil,

When I contacted Sarah, I actually shared the letter with her asking if they had received a copy. They had not.

Phil,

A hard copy of this letter came through Charlie when I was acting for you. To get the ball rolling, I contacted Sarah, and she indicated that they just recently received a draft copy of the UAA. I might even be able to provide missing pieces of the original UAA (I scanned a bunch of historical docs - including the UAA last year.
