Hi Jackie,

Just wanted to check in and see if you identified some dates that might work on your end. I know how hard it can be to coordinate everyone's schedules. I hope we can make something work soon. In general, Mondays work well for us.

Thanks,
Alyssa

Hi Andrea – we can't make the 15th work and I'm going to need to get back to you on other possibilities for that week. I will let you know asap. Jackie

Hi Jackie,

I am following up on the meeting scheduling. Please let me know if the date and place works for you.

Thanks,
Andrea

Hi Jackie,

I think the Monday the 15th would work for us. If it's ok with you, the option you suggested in New Paltz would work for us (getting the permit from the regional staff when we arrive, reviewing for a couple of hours and meeting after that). Can you let us know if that day would be ok for you?

I'll be out of the office until June 2, but Andrea Coats (copied here) can help finalize a day and plan. (Thanks, Andrea!)

From our side, it will probably be Andrea, Christy Arvizu from our enforcement division, Kate Anderson, our branch chief, and me.

Looking forward to it!
Alyssa

Hi Alyssa – I too am trying to accommodate our permit writer's schedule. We can't meet the week of June 8th due to that schedule. I guess that leaves the week of June 15th?

As far as location – we can certainly drive for a meeting but is that what you're looking for? I was under the impression that you wanted to sit in a conference room yourselves and review the drafts for a few hours and then have us join you for a discussion? I guess we could make that work by asking our regional staff to set out the permits and then we would travel down later? Either way is fine, just let me know. I was also considering asking our CNMP specialist from Ag&Mkts to join us – he would be coming into Albany from Ithaca for the meeting so we'll need to factor in extra travel time for him.

Let me know what you decide.

Jackie

Hi Jackie,

That's great news! We're definitely interested in taking a look at the permit. I'd like to

accommodate the schedule of one staff person who will be out in the field during the week of June 1. Do you and your staff have any availability during the week of June 8th?

Also, is there a possibility that we could meet at a halfway point- I know that we've had occasional DEC-EPA meetings in the New Paltz area. If this isn't a possibility, we're happy to come up to Albany. Either way, we'd also like to set aside some time to have a face to face conversation, since we get so few opportunities for in-person meetings. Would you have the time for that as well?

Thanks and looking forward to it!

Alyssa

Hello Alyssa,

The CWA permit is back from AgMkts and is on schedule for a full legal review to begin later this week. I believe we will be ready to meet with you on June 4th (or 5th). Might that work for you and your staff?

Jackie

Hi Jackie,

I hope all is well with you. It's been a few weeks since we touched base about the draft CAFO general Permit. The last time we spoke, you had received a draft but had not yet reviewed it. The next step was to send it to Ag & Markets for their thoughts. I wanted to check in to see how things are going and if you have a better sense of when we might schedule some time to take a look at it (in person).

Thanks,
Alyssa
